

## Red Cross Aids 100,000 Families In Flood-Stricken Eastern Area

Left—A ton of baby food and blankets for infant flood refugees at Sunbury, Pa., sent by air. Upper right—Saddened by their plight little orphans of the storm sup at Red Cross food station in Pittsburgh. Lower right—Warm clothing was needed in Pittsburgh when zero weather followed floods.

The appalling floods that swept over eastern states during the middle of March caused the American Red Cross to take under its care more than 100,000 families in thirteen States. Pennsylvania was hardest hit, and in the cities of Pittsburgh and Johnstown the Red Cross either fed, sheltered or clothed 117,000 persons. The suffering was intense, because added to deluges of flood water, came rain, snow and intense cold.

Many cities and towns were cut off for 48 hours or more from communication with the outside world, both in Pennsylvania and in Connecticut. The Red Cross used airplanes to rush medical supplies into afflicted towns, and to drop food supplies from the skies over other

places. Trucks with water, medicine, food, clothing were rushed into many towns. Amateur radio operators told the outside world over short wave sets what the true conditions were.

Within a few days the Red Cross had more than 200 relief workers and 200 Red Cross nurses in all of the communities in the thirteen States which had suffered from flood waters.

Admiral Cary T. Grayson, Chairman, notified President Roosevelt, who is President of the Red Cross, that a relief fund of at least \$3,000,000 would be needed. President Roosevelt addressed a proclamation to the nation asking for liberal contributions. When double the number of families came under care of the

Red Cross than had been anticipated, Admiral Grayson urged that this three million dollar fund be exceeded by Chapters. Many responded by doubling and trebling their goals.

Citizens were urged to contribute to their local Red Cross Chapters. After the flood emergency passed, the Red Cross prepared to restore needy families to their homes and anticipated that their workers would not conclude the relief job for several months.

### Negro Debaters Win Third Consecutive Triangular Debate

The debating team if the Negro school, Hertford High School, won the annual triangular debate over Edenton and Winfall on Friday night.

All of the teams put up a strong fight to win. The question discussed was "Resolved, that the several states should enact legislation providing for a complete medical service available to all at public expense."

Hertford's affirmative team debated Edenton's negative team in Winfall. Edenton's affirmative team debated Winfall's negative team in Hertford. Winfall's affirmative team debated Hertford's negative team in Edenton.

The affirmative team of Hertford was represented by Gladys Whitehurst, Irene Cartwright and George Washington Felton, alternate. The negative team was represented by Cassie Williams, Shelton Billups and Walter McDonald, alternate.

The Hertford team's victory entitles them to go to A. & T. College in Greensboro on April 17 to debate for the State championship. This year makes the third consecutive year this school has won the triangular debate.

## KING of Them All

Foremost Highfyer, 1935 Grand Champion Jersey Bull. Owned by A. H. Goss, The Oaklands, Ann Arbor, Mich.

THERE ARE PLENTY of Jersey bulls in America, but only one among all the thousands, stands out as National Champion. Foremost Highfyer won 1935 honors at the National Dairy Show, St. Louis, Mo.—a magnificent creature to which Nature gave the vital spark, the perfect natural balance of all the elements that go to make a champion. Wonderful top line, great body, fine neck, shoulders, big barreled, good on his legs—Foremost Highfyer had everything!

Most bulls are just bulls, average strong, average good, but just plain ordinary bulls. There is only one Foremost Highfyer. He stands out the King of them all—the champion.

The champion bull is Nature at her best—one of Nature's wonder creations. Favored by Nature, with her priceless gift of perfect natural balance, the champion is almost beyond price, while another bull that may look a little like him—well, he's just bull, that's all.

And here is another wonder-creation of Nature—Natural Chilean Nitrate. Like the champion bull, Natural Chilean is favored by Nature with that priceless gift of natural balance—natural blend of many elements such as boron, calcium, manganese, etc., over and above its nitrogen. Nature gave the vital spark to this nitrogen fertilizer by blending into it these vital impurities. Nature herself aged it, cured it... that's why Natural Chilean is the natural food for your crops.

Natural Chilean contains almost two score of major and minor elements such as boron, magnesium, manganese, iodine, calcium, potassium, etc.—each a vital element in growth and healthy development of plants.
