Dr. Charles Barker Lauds Rotary Ideals

Speaks to Hertford Rotarians at Meeting Monday

MAKES FRIENDS

Rotary Has Done Much To Eliminate Religious Bigotry

Characterizing Rotary as the greatest movement of its kind in some respects that the world has ever known, Dr. Charles Barker, widely known representative of Rotary International, who visited the Hertford Rotary Club on Monday night, told his hearers that Rotary is doing more than any other organization among business men in the world today to get men to know what, after all, is the one most important thing to do while they live in the world.

Calling attention to the fact that Rotary was established simply for the development of friendship, and citing the fact that the movement, which began with four members thirty-six years ago had spread until it is in 80 countries, Dr. Barker told his hearers something of what it means to have real friends. "We all have acquaintances," he said. "Friends are the people who stand by us when we are in trouble. They are the people who know our faults and our weaknesses, but who still respect us and like to be with us. That is the kind of friendship that Rotary develops."

In speaking of the help of friendship and fellowship, the speaker stated that of the 170,000 members of the Rotary clubs, records show that only three have committed suicide during the depression years when so many men took a quick way out of their troubles. Men are buoyed up by the friends they have made in Rotary, he said.

Rotary, he said, was teaching men how to team up for the good of the community, this being especially true of the smaller cities. "If you have caught the spirit of Rotary," he said, "when the president calls on members for help in putting across anything for the good of the community, for helping those who need help, the answer is 'all right, count on me. I am willing to do my part.' That is what Rotary is teaching us to do."

Dr. Barker said that Rotary had also done much to rid communities of religious bigotry. "What is religious bigotry?" he asked. "Let's drag the thing out in the light and take a good square look at it." "Religious bigotry," he said, "was hindering a great many communities, hindering the progress of the Kingdom of God." "What do I mean by the Kingdom of God?" he asked. "The Kingdom of God, I think, is any man, woman or child who is honestly trying to do the will of God." Mentioning specific instances in which Protestants had been aligned against the Catholic and the Jew, he said, "If I am not willing to be friendly with another man who is a Catholic because he is a Catholic, I am a religious bigot. And if I am not willing to be friendly with another man because he is a Jew, I am a religious bigot."

He then told of personal friendships which had meant and still mean so much in his own life. "But I am telling you frankly that until 22 years ago I did not have one Catholic or Jewish friend on the face of the earth," he said.

With Catholics, Jews and Protestants working together for the good of the community, he said you can't fail to wake up to find that you have got rid of this silly religious bigotry.

"I think it is a mistake for anybody in any community not to join some organization which has religion as its basis," he said. "Rotary is not a religion and any man who belongs to Rotary and looks upon Rotary that way is making a terrible mistake. I have heard Rotarians say 'I don't belong to any church. Rotary is my religion.' That is the biggest mistake any man can make, because Rotary is not a religion. It is just a little scheme, a little plan, that will help men be better church members, more loyal to the community! That's all it is, but I think Rotary is doing more than any other organization among business men to get men to see what, after all, is the one most important thing to do while we live in the world. It comes from this, 'He profits most who serves best.'"

"I believe that is the greatest law in the world. I believe it is as true as the law of gravitation. It is the

Voice Around the World Will Open World's Fair

DALLAS, Texas.—A voice around the world will open the gates of the \$25,000,000 Texas Centennial Exposition here June 6.

Spoken into a microphone before the main entrance, the voice—possibly that of President or Mrs. Roosevelt—will travel over radio waves to New York, England, France, Japan, California and back to Dallas, where it will strike an electrical device inside the grounds and swing the gate open.

The words will require 9 seconds for their trip around the world.

Home Agent Submits Strawberry Recipe

It is strawberry time, and a great many housekeepers have been wishing for a recipe for canning strawberries in such way that the berries would not float.

Miss Gladys Hamrick, Home Demonstration Agent, submits the following recipe and states that the berries will not float and that they will be firm and delicious.

Use two pounds strawberries and one cup of strawberry juice, meaning the juice which has been crushed from the berries, and ½ pound of sugar.

Boil sugar and juice until dissolved. Let cool and add strawberries and boil 5 minutes.

Allow to stand overnight in juice. Put in jars and process 15 minutes in hot water bath.

Missionary Societies Meet On May 27th

The District Conference of the Woman's Missionary Societies of the Elizabeth City District, which is an annual meeting, will be held at the Epworth Methodist Church, at Winfall, on Wednesday, May 27, with all of the churches on the Perquimans Circuit as hosts.

Mrs. J. L. DeLaney, of Winfall, who is Secretary of the District, will preside at both the morning and afternoon sessions, the program of which has not yet been announced.

Luncheon will be served by the women of the various Methodist Churches in Perquimans.

The Elizabeth City District of the M. E. Church, South, includes not only all of the counties of the Albemarle, but several others, including Bertie, Martin, Pitt, Beaufort and others, and hundreds of women from the various missionary societies throughout the entire district are expected to be present.

Most important thing in the world. I am banking on that great truth. I think a man gets richer this way than in any other way. And financial gain is the least important. If we have not learned that truth in this depression, if we have not learned that money is the least important thing, it is too bad. Money is not permanent wealth, because you do not take any of it with you when you go. There is something you can't take with you. If you help somebody, honestly help them, in being better, in cheering them up, in helping them in any way, that is something that nobody in the world can take out of your life. That goes with you.

In closing, Dr. Barker said:

"I have a great deal of confidence in a certain Young Man who lived nearly two thousand years ago, and, of course, you know to whom I refer. I have the utmost confidence in this Young Man's experience and his judgment of life. You know perfectly well that this Young Man and His teachings have done more to make this old world a fine place to live in than the teaching or the life of any other man or any set of men who ever lived. I think we are safe in saying that His judgment can be trusted more than any other."

He told his hearers to go home and read the 25th chapter of St. Matthew, quoting from that passage which says that in that Day He will say to them on His right 'Come ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the world. For I was hungry and ye fed me; I was thirsty and ye gave me to drink; I was naked and ye clothed me; sick and in prison and ye ministered unto me.'"

"You can't get around that statement that in helping people every time you get a chance, that every time you do it you are doing it for Him."

Rifle Club Dance Was Very Pleasant Affair

The Rifle Club Dance held at the Community House on Monday evening of this week was a very delightful occasion, and the young people of the town are elated over the prospect of similar occasions to be held regularly every two weeks.

The first of the dances was held two weeks previous to the one held on Monday evening when some fifteen couples were present. At the dance on Monday night there were 25 couples present. If the young people continue to patronize the affair there seems to be no reason why a dance should not be given every two weeks for some time to come.

A member of the Rifle Club said this week that it was not the idea of the Club to make of these dances a money-making scheme, although a small sum was realized at the last one given, but the management would like to arrange the affairs for the pleasure of the young people of the community.

J. P. Elliott Opposes J. Emmett Winslow For Sheriff

LANE FILES

Three - cornered Race For Representative From Perquimans

John T. Lane, a leading citizen of Belvidere Township, is a candidate for membership on the Board of Education of Perquimans County. Mr. Lane is the only new candidate for this office and is the only candidate from his township. For a number of years there has been no representative of Belvidere Township on the Board of Education and a great many of the citizens of this township have requested Mr. Lane to file for the office.

The situation as it now exists came about through the changing of the township line separating Parkville and Belvidere Townships some years ago. J. H. Miller was the member from Belvidere, and when the line was changed placing Mr. Miller's residence in Belvidere, he continued to remain in office. Two years ago Mr. Lane, who takes a great deal of interest in education, agreed to file for the office, but there was no vacancy at this time, as the members had been appointed by the Legislature for a certain period.

The present Board of Education, each member of which has filed for renomination, is as follows: Hertford Township, T. S. White; New Hope Township, W. E. Dail; Parkville Township, J. H. Miller and J. H. Baker; and Bethel Township, Shelton Long.

J. P. Elliott has announced his candidacy for the office of sheriff, Mr. Elliott being the only opponent of the incumbent, J. Emmett Winslow. Mr. Elliott is a resident of Chapanoke. He sets forth in his announcement, which appears elsewhere in this newspaper, that he is opposed to any county officer holding office longer than two terms and states that if nominated he will not ask for the office longer than for two terms.

There is only one new candidate for the office of member of the Board of County Commissioners, George T. Powell, of Parkville Township. The present board, each member of which has filed for renomination, consists of E. M. Perry, New Hope; John O. White, Hertford; Roy S. Chappell, Bethel; J. C. Baker, Belvidere, and E. D. Mathews, Parkville.

The County Treasurer, Jacob L. White, has no opposition, nor has J. W. Ward, Register of Deeds.

Three candidates are in the race for the office of representative, held by W. T. Brown for three terms. Mr. Brown is a candidate for the Senate, the other candidates for this office being Miss Ethel Parker, of Gatesville, W. I. Halstead, of South Mills, and Merrill Evans, of Ahoskie.

The candidates for representative include J. T. Benton, C. R. Holmes and Wallace L. Wood.

Senior Play Held Next Thursday At School

"Me, Him and I" is the amusing title of the play to be given by the Seniors at the Perquimans County High School on Thursday night of next week. The curtain will rise at 8, and the public is promised a good entertainment which will include many amusing situations.

The following, representing the best of the Senior Class talent, will take part: Robert Wilder, Carlton Barcliff, William Dimmette, Mary Wood Koonce, Syble Lamb, Azile Godsey, Eula Nixon, Rob Morris, Tim Brinn, Louise DeLaney and Edith Everett.

REGISTRATION BOOKS OPEN

Mrs. B. G. Koonce, Registrar for Hertford Township, has announced that the registration books are now open, and that for the next two Saturdays she will be at the Court House from sunrise until sunset for the purpose of registering voters. Registrations began last Saturday.
