BAD CONDITION County Commissioners Urge Improvements In Bethel Roads

A committee composed of Charles E. Johnson, Dr. T. P. Brinn and W. E. White appeared before the Board of County Commissioners on Monday with a request that recommendations be made that a certain road in the Bear Swamp community be taken over by the State Highway Commission and placed under the regular system.

Mr. Johnson, who presented the matter, stated that the road, which has always been known as a private road, is traveled by a large number of persons who use it regularly and that it is in very bad condition and in need of improvement. The road lies between Ballhack School and Great Hope Church and adjoins the property of a number of citizens. The Board agreed to make the recommendation to the State Highway Department.

It was also decided to recommend to the State Highway Commission that some improvement be made in roads in the Bethel community, where it is said there are deep holes and mud comes up almost to the axles of cars and it is a common occurrence for cars to be stuck in a thickly populated community.

Stating that the home demonstration clubs of the county had the best attendance of the whole year during the month of December, Miss Gladys Hamrick, agent, told the Board of Commissioners on Monday when she made her report that one club attended one hundred per cent and two others 90 per cent. The goal in attendance for all clubs for the year, said Miss Hamrick, is 80 per cent.

Meetings for the month of January are announced by Miss Hamrick as follows:

The New Hope club meets on the 12th with the place of meeting at the school house on the 15th. The school house at White Hat is the place of meeting for the White Hat Club, on the 19th.

Former Perquimans Boy Making Good In Chosen Field

The following item, lifted from the Tabor City Tattler, will be of interest to the old friends of Allison A. White, who is a native of Perquimans County, a son of Mrs. Martha Winslow of the Whiteston community and who has a number of relatives in Whiteston and Belvidere:

"The present principal of Tabor school is Mr. Allison A. White, an energetic, conscientious school man widely known as a tireless worker with much ability, and an excellent character.

"Mr. White received an A. B. degree from Guilford College, and has done graduate work at the University of North Carolina and State College. At Guilford he won the 'Improvement' medal offered by the Henry Clay Literary Society where he represented his college in forensic debates. He was a member of Y.M.C.A. cabinet and did good work on the varsity track and volley ball teams.

"Mr. White is very much interested in the civic and religious organizations of the community as is evidenced by the cooperation with the churches and Sunday schools. He served as president of the Columbus County Sunday School Association, and other important places in civic organizations.

"Mr. White has traveled extensively throughout the United States and Mexico. Being a school man, he took advantage of these splendid opportunities to study school organizations and buildings.

"Before coming to Tabor City he was principal of the Fair Bluff and Hallsboro schools respectively. At each of these places his supervision resulted in increased attendance making possible more teachers and increased housing facilities, and honors in local, county, and state contest.

"Coming to Tabor City in the school year 1933-34, Mr. White has helped to make the Tabor City Schools among the best in eastern North Carolina.

"Left fatherless at an early age, Allison White had some difficulty in securing a college education. However, spurred on by the encouragement of certain beloved relatives who were interested in the young man, he worked his way through Guilford College. Like so many others whose early opportunities were restricted, Mr. White is doing outstanding work in his chosen profession and has achieved distinction.

COUNTY RESIDENT FIRST CLINIC FOR IS FOUND KILLED BLIND HELD HERE WHEN TREE FALLS ON JANUARY 20

Gustave Koch of Edenton Road Loses Life Wednesday

NAVAL VETERAN Funeral This Afternoon At Holy Trinity Church

Gustave Koch, 68 well known and highly esteemed Perquimans County resident, who lived on the Hertford-Edenton Highway, three miles from Hertford, was killed on Wednesday afternoon when struck by a branch of a tree he had felled in the woods a short distance from his home.

The tree had been cut down grievously and the branches had caught and lodged in the fork of another tree, and Mr. Koch had been cutting away sections of the felled tree at the stump end. It was while cutting away one of these sections that the tree became disengaged from the other tree and fell, a limb striking Mr. Koch and pinning him beneath.

Mr. Koch was alone in the woods and there is no means of knowing how long he may have lain in an unconscious condition beneath the tree, but he had left home around 1 o'clock and was found sometime around three or three-thirty. Taken to his home, he died shortly after the arrival of a physician.

Mr. Koch was a native of Frankfurt, Germany but had been a citizen of this country for many years, having served for several years in the U. S. Navy. He had made his home in Perquimans for a number of years. He married Miss Myrtle Irene Lane, of this county.

Surviving are his wife and two children, Elizabeth twelve and Gustave, four.

Funeral services will be held at 2:30 o'clock Friday afternoon at Holy Trinity Episcopal Church in Hertford, with the Rector the Rev. E. T. Jillson, officiating, and burial will be made in the church yard.

He was a member of the Perquimans Lodge of Masons, and was also a member of the Shrine.

Optical Services Sponsored By Hertford Rotary Club

SURVEY MADE County-wide Benefit Offered to All Needing Help

A clinic, which is sponsored by the Hertford Rotary Club, and which is provided through the State Commission for the Blind by the local welfare department, will be held in Hertford on January 20, the place to be announced later.

It was formerly announced that this clinic would be held jointly with Chowan County. Arrangements have been made, however, to hold the clinic for one day exclusively for residents of this county. Chowan County will also have its clinic but on a different date.

It will be possible, according to Miss Ruth Davenport, Welfare Officer, to examine in this clinic twenty-five persons, and glasses may be secured through this medium at a reduced rate, probably costing from three to five dollars.

The clinic is held for persons not able to obtain this service otherwise. Those who have children whose sight is impaired and who need glasses and any one who knows of an older person who is in need of examination and is unable to pay for such examination, should get in touch with the Welfare Department, the office of which is in the courthouse.

It is particularly stressed that all children needing glasses put in application. Every effort is being made by those in charge to make this a county-wide benefit and it is hoped that many who are suffering from poor vision or whose sight is impaired and are unable to secure the service, will be reached at this time. It is the first time such a clinic has been held in Perquimans County.

A survey, to ascertain the number of totally blind persons in the county, was made last spring by the State Commission for the Blind. Some weeks ago Miss Ruth Davenport, Welfare Officer, who had notice that this clinic was available for Perquimans, with the proper sponsorship, appeared before the Hertford Rotary Club with the request that that body assume the responsibility. The Rotarians agreed to this, with the result that the clinic will be held on January 20.

FINE INITIAL BILL "After The Thin Man" Starts Place on Way To Sure Success

The long looked for day has arrived, the opening of the new State Theatre.

The first show, "After the Thin Man," a Metro-Goldwyn production, starring William Powell and Myrna Loy, is the one selected for the opening event. The show starts at 3 o'clock on Friday afternoon, January 8.

Although it is anticipated that there will be a full house to witness the initial show at Hertford's beautiful show house, there will be ample opportunity for every one to see this particular picture, as the show will run continuously until 11 o'clock at night, the first beginning at 3, another at 5, the third at 7, and the fourth and last at 9 o'clock.

At 8:45 the formal opening will be held, when not only W. T. Culpepper, President, and J. H. Webster, General Manager of the Carolina Amusement Company, owners of the theatre, and Horace Jones, the local manager, and perhaps other officials, but Mayor H. G. Winslow of Hertford and E. M. Perry, chairman of the Board of County Commissioners will also be on hand to take part in the dedication ceremonies.

On Saturday the State will open at 1:30 and continue until 11 o'clock the picture being Cecil De Mille's "The Plainsman," starring Gary Cooper and Jean Arthur. This picture was released last week.

Beginning on Monday there will be a matinee each day at 3 o'clock and two shows each night, at 7 and 9 o'clock. On Saturdays the show will start at 1:30 and continue until 11.

Admission prices will be 25 cents for adults and 10 cents for children at matinees, and 35 cents and 25 cents for adults at night and 10 cents for children. The 25 cent seats at night are limited to balcony seats. The balcony is divided into two divisions, with the northern half for white patrons and the southern division for colored.

The State, which is located on the east side of Church Street, near the intersection of Grub, is said to be the handsomest small theatre in the State of North Carolina. Modern in every particular, from the smallest detail of arrangement, it combines all the elements of beauty and utility.

Absolutely fire proof, with concrete and metal throughout, every provision is made for the safety and comfort of the patrons. The most up-to-date heating and air conditioning system insures against discomfort from improper or disagreeable temperatures. The commodious seats are softly cushioned with leather upholstery.

The walls of the interior are of rust, and the decorative scheme, which combines soft tints in two tones of blue and apricot, with touches of orange and silver, is most pleasing to the eye, the paneling being particularly beautiful.

The foyer is decorated in caen stone and stiple, with silver gray, the wood work being walnut with a black trim. The beautiful large mirror is framed in caen stone with two tones of silver gray and olive tan.

The paintin and decorating of the theatre was done by C. R. Sadler, of Elizabeth City. The mirror and the black plate glass on the outside were installed by the Pittsburg Glass Co., of Pittsburgh.

The sound equipment of the State is the well known Microphonic, used in many of the newest theatres and said by the management to be the best to be had, having been selected from a wide variety of systems.

Fred Bishop, of Richmond, the architect, apparently took into consideration the setting in designing the State, and while the exterior of the finished building is very attractive, its beauty is the beauty of simplicity rather than otherwise, and the only feature which might be said to be ornate is the very elaborate but quite appropriate neon sign which brightens up the entire block with floods of light and gives the theatre its name.
