BIBLE THOUGHT FOR WEEK

THE MOTH AND THE FLAME: Can a man take fire in his bosom, and his clothes not be burned?—Proverbs 6:27.

OUR FOLKS

How good it is to live among folks whose hearts are in the right place! We are not perfect here in Perquimans. Some of us are selfish, some of us are cold, many of us are careless, most of us are thoughtless sometimes. We go our own narrow little way too often, merely taking thought for our own.

But perhaps we are only human, after all. The response our people has made to the call of the Red Cross to aid the flood sufferers proves that. Our people have opened their hearts and they have opened their pocketbooks to lend a helping hand to those in distress. Most of our people have really shown themselves glad to give. It hasn't been necessary to urge any one to make a contribution to the Red Cross. In many and many a case it wasn't necessary to ask for contributions. People came forward gladly to give their bit.

No, we aren't perfect. We are human. But, thank God, we are humane, too.

The folks in Perquimans are right good folks, our folks.

WE'RE PROUD OF 'EM!

Did you read that list of boys who have registered for the new Boy Scout troop? Read it. It's a list of the leaders of the coming generation. That little bunch of boys, together with a number of others who in all probability will register before the list is complete, is the type of boy to make good Boy Scouts. They are the boys one expects to be interested in the things that Boy Scouts are interested in.

And they are also the type who will make the leading men of the next generation. Keep your eye on them.

HIT OR MISS

By M. L. W.

"I want to pay you for a watermelon I stole from you about three years ago." The speaker, a young man, was unknown to N. Q. Ward, at whose home he called one night recently.

Mr. Ward, naturally, was non-plussed. He didn't even know that anybody had ever stolen a watermelon from him. He didn't want to be paid for it. He wouldn't name any price. The young man insisted that he take fifty cents. "If I take that much," said Mr. Ward, "I shall be in a worse fix than you are in, because the watermelon wasn't worth that much."

The upshot of it was that the young man dropped a quarter into Mr. Ward's pocket and wouldn't take it back. He plainly didn't want Mr. Ward to suffer as he had suffered, so did not press the fifty cents.

And now Mr. Ward says he just can't use that quarter. But Mrs. Ward has solved the problem. "Just drop it in the collection plate at church," she said.

And if the young man learns about this he probably will be glad to know that the money went that way.

C. F. Sumner, Sr., is enjoying the box of cigars presented to him by his son, Lieut. Col. Henry Sumner, "before the war."

Lieut. Col. Sumner, then Lieut. Sumner, was married back in 1913. While on his wedding trip he spent some time at Tampa, Florida, and while there sent his father in Hertford a box of very fine cigars.

The cigars were not opened at once. In fact, they were put up and probably all but forgotten. Last week, the week, by the way, when Lieut. Col. Sumner's daughter, Miss Fay Sumner, was married, Mr. Sumner got out his box of cigars and began to pass them around to his friends and to enjoy one now and then.

C. F. Sumner, Jr., who smoked one of the cigars, said that, though 24 years old, they appear to be all right. One odd thing, he says, he noticed about them, though, is that the ash never drops off the end while you smoke, the entire cigar, in

ashes, remaining to the end of the smoke.

"Stowaway," which is coming to the State Theatre next week, is a picture which will appeal to every one. I saw it last week in St. Petersburg, Florida. The curly-haired little Shirley Temple is at her best in this picture, which features Alice Faye and Robert Young.

The picture is to be shown at the State on Thursday and Friday of next week.

Horace Jones, the Manager of the State Theatre, whose age some one was trying to guess, cannot be so very old, although he is a married man, because he says he went to school to Walter H. Oakey, Jr., who taught seventh or eighth grade subjects in the Elizabeth City schools a few years back.

This paragraph was not written by M. L. W. and was inserted while she was looking another way. Anyway attention is called to the story in this issue captioned "I Visit Florida." Mrs. White you know, took a short vacation last week to Florida, and her description of the trip is very interesting, but, oh, my! just notice the length of the article. And what the writer of this paragraph is so very thankful for is that Mrs. White didn't take a trip to the Bermuda Islands or maybe to Europe. It no doubt would have been necessary to print a book instead of a newspaper.

With everything so new and so fine at the Hertford Clinic, where one must go to find either Dr. Brinn or Dr. Davenport now, it certainly is comforting to be greeted by our old friends, Mrs. Britt and Heywood Divers.

Mrs. Fenton Britt has for a long time been associated with Dr. Davenport as office nurse and a comforting atmosphere always hangs around that dainty little lady, and that cheerful grin of Heywood's certainly would be greatly missed. Heywood was formerly in Dr. Brinn's office. Yes, these two personalities are a distinct asset.

William Broady, 16-year-old Negro, got the \$30 prize at the State Theatre Wednesday night.

PRUE NEWBY CONTINUES FINE RECORD AT COLLEGE

The name of Prue Collins Newby appears in the list of 83 students at East Carolina Teachers College making the "All American" list as star scholars at that college during the last quarter, the average grade of this type of scholars being 1.7.

A list of the 83 star students appeared in a recent issue of the Teeco Echo, the college paper, in which a report of a basketball game between E. C. T. C. and Chowan College, also appears.

"Newby, a newcomer to E. C. T. C. played a fine game at forward, scoring a total of 10 points."

It would seem that Prue, who is a daughter of Mr. and Mrs. W. G. Newby, of Hertford, is carrying on in the manner to be expected from the fine record she has always made in school, both from a scholastic and an athletic standpoint.

But it is not only in school that Prue stands out. Though she could always be depended upon to stand high in her classes and could always shoot more goals in a basketball game than anybody else, it is her thoughtful consideration for others, her respectful manner to older people and her charmingly genial personality that will always make her outstanding in any group.

When we criticize the railroads, let's remember that if they have made mistakes, under private enterprise, they have also accomplished something.

Hogs Need Green Feed During Winter Months

Green feed will help keep the swine herd vigorous and healthy during the winter months.

When possible, hogs should be allowed to graze on green forage. If pasturage is not available, a green leafy, legume hay should be fed, said H. W. Taylor, extension swine specialist at State College.

Green feed contains vitamin A, which is essential for healthy swine, he continued. Alfalfa, soybean, and lespedeza hays make good winter feed.

Taylor also warns growers not to let pigs feed too long on soybean and peanut fields, as this tends to produce soft, oily pork that is not desirable for home consumption or for marketing.

After pigs have reached a weight of 85 pounds, they should be put on a feed of corn and fish meal or tankage. Cottonseed meal may be mixed with the fish meal or tankage, in equal parts, if desired.

Hogs like cottonseed meal, it helps stimulate their appetites, and it is a good "hardening ration," he explained.

The corn and protein supplement should, of course, be balanced with an abundance of leafy, green feed, he said.

This ration, if fed until the pigs attain a weight of 200 to 225 pounds will produce pork that is firm and well marbled, Taylor pointed out.

He emphasized that when hogs are fed a softening ration for a long time, they cannot be made to produce good, firm meat by feeding them corn for a few weeks.

Joint Hostesses For Members Book Club

Mrs. H. G. Winslow and Miss Mae Wood Winslow were hostesses to the members of the Book Club on Thursday night, at the home of the former.

The program was in charge of Mrs. L. N. Hollowell and Miss Mary Sumner and was taken from the book which the club is studying, "Angels and Amazons."

Dainty refreshments were served by the hostesses after the close of the program and a short business session.

Those present included Mesdames L. N. Hollowell, F. T. Johnson, C. P. Morris, V. N. Darden, J. E. White, E. W. Lordley, C. W. White, R. T. White, H. A. Whitley, Trim Wilson, J. E. Winslow, I. A. Will Rogers' Humorous Story

By WILL ROGERS

THERE was a sick man that wasn't very sick, but just imagined he was awful sick. He was one of these guys that worries about him-

self a lot. He was stingy, too, and didn't like to be spending money on doctors, but finally he went to one. The doc looked him over and finally give him some advice.

"You go down to Atlantic City for a week and forget your troubles," he says.

So about ten days later the doc met his patient stepping along the boardwalk down at Atlantic City.

"Oh, hello Mister Columbus!" says the doc, "You still exploring the coast here?"

"Yeah, I'll tell you, Dr. Littell, it's just like this. Since you told me to come here to improve my health, and I was run down, I thought maybe I could stay a little longer."

"Sure, fine, that's a good idea. Any change?"

"Well, no, Doc, I'm sorry, but I ain't got a cent; these hotels are taking it all away from me."

Interesting Facts About The Railroads

Everyone knows that automobile ownership is far more wide-spread in the United States than anywhere else in the world, that more families own bathtubs, radios and washing machines than in other countries, but the average man has far less realization of the leading position the United States holds in railroading.

Little short-haul countries, which use railroads very much the way we use street cars, are often held up to us as examples. The truth is that nowhere in the world is there anything like the American railroad system in mileage or business handled per man-hour.

RUFUS T. BRINN, JR., AWARDED CITATION CORDS AT MARION

Cadet Rufus T. Brinn, Jr., of Hertford was among those awarded citation cords as a member of the honored company at the Marion Institute. Cadet Brinn attending Marion Institute for his first year is active in all the student affairs of the college and a popular member of an outstanding student body.

Covered Wagon Days Live Again In Film

The dangerous days of the covered wagon live again in Bob Allen's "Rangers Courage" Saturday, February 13, at the State Theatre, Hertford. Bullet by bullet... life for life... the pioneers blaze a trail to the west and a new empire.

Thrill with excitement as Bob and his wonder horse "Pal" guard the trail for the pioneers of the prairie... while redskins and renegades attack in the dark of night! Thrill with joy as blazin' Bob defies a barrage of death to save the gold-laden wagon train and brings them safely to their destination!

"Rangers Courage" was directed by Spencer Gordon Bennet from a story and screen play by Nate Gatzert. Lovely Martha Tibbetts appears as a pioneer girl with little "Buzzy" Henry and Walker Miller in support.

Ford Again Enjoys "Million-Car" Year

For the eleventh year in the past seventeen years, Ford Motor Company enjoyed better than a "million-car" year in 1936, according to announcement today at the Ford home offices here.

Tabulations just completed, the announcement said, revealed that in 1936 both world sales and world production considerably exceeded the million-car mark. Ford cars and trucks sold throughout the world during the year totalled 1,219,262 units. Ford world production in the same period was 1,194,800 units, it was announced.

"WHAT EVERY WOMAN SHOULD KNOW" about Ringless Hosiery

Of course you are more interested in knowing that your stockings are ringless than in knowing why. But you should know the difference between ordinary hosiery that may be ringless and Quaker Ringless that is always ringless.

ORDINARY HOSE is knit with one Carrier—one thread going back and forth continuously. When dyed, any variations in the raw silk show as rings. It can't be avoided.

QUAKER RINGLESS HOSE

is made with three Carriers and threads that go back and forth alternately. When dyed, any variations in the raw silk are distributed—and invisible.

QUAKER RINGLESS HOSE

is marked "GENUINE THREE CARRIER RINGLESS"

Only genuine ringless hosiery can bear that mark. True, it costs a few cents more than ordinary stockings. But the effect, if you are at all particular, is well worth it. All shades including blue and black are now fashionable and made possible by Quaker Three Carrier Ringless Hosiery.
