

**STATE THEATRE NEWS**

A little advance information as to what is coming to the State Theatre after all of the shows advertised in this issue of The Perquimans Weekly have been shown brings to light the fact that a real treat is in store for the theatre fans on Thursday and Friday of next week. "One in a Million" is coming, introducing to the screen the lovely queen of the silver screen, Sonja Henie, with Adolph Menjou, Jean Harsholt, Ned Sparks, Don Ameche, the Ritz Brothers, Aedine Judge, Borrah Minevitch and his gang, and others.

Sonja Henie is the champion figure skater of the world. In fact, this pretty young thing is ten time world's figure skating champion and three-time Olympic Champion. She is shown in action in "One in a Million." A special high speed camera was used in taking the shots.

More about this show next week.

Meantime, there is a picture scheduled for Friday of this week that comes highly recommended. Jack Benny, George Burns, Gracie Allen, Mary Boland and Martha Raye appear on Friday in "College Holiday." In addition to these stars who are bound to make a lot of laughs, there is the dancing team of Eleanor Whitney and Johnnie Downs. They are coming to the State for the first time. They say that Burns and Allen are at their best in this picture, and that Martha Raye has never opened her mouth any wider.

The picture of Saturday, "Riders of the Whistling Skull," is full of weird thrills, with lots of speed and action. In this picture appear "The Three Mesquiteers," Bob Livingston, Ray Corrigan and Max Terhune, the three foremost Western players, and this is their latest picture.

But it is on Monday and Tuesday of next week that the picture for which so many have been waiting will be shown, "Maid of Salem." Claudette Colbert, who takes the leading part, will be remembered for her splendid work in "Imitation of Life," shown a few seasons back. Miss Colbert, by the way, won the academy award for her work in "It Happened One Night."

With Miss Colbert appears Fred McMurray, of "Trail of the Lonesome Pine" fame.

The plot is laid in Salem, Massachusetts, in 1690, and the story concerns the famous witch cases of that day.

On Wednesday of next week the imitable Wallace Berry will appear in "Old Hutch," with Elizabeth Patterson, Eric Linden and Cecelia Parker. Berry takes the part of the lazy ne'er-do-well who digs up buried treasure.

Those who failed to see "Rainbow on the River" last Thursday missed a treat. In fact, every one of the shows since has been too good to miss. The State is keeping up its reputation for showing only the best.

**WHITESTON NEWS**

Mrs. Clyde Layden of Winfall spent Tuesday with her daughter, Mrs. Alvin Winslow.

Mr. and Mrs. Lloyd Winslow and children and Mrs. Luthur Winslow and daughter, Florence, spent Sunday in Norfolk, visiting friends and relatives.

Misses Mary Lealand and Adalia Winslow of Hertford spent the week-end with their grandparents, Mr. and Mrs. H. L. Williams.

Mr. and Mrs. Roland Winslow of Elizabeth City, visited in the community Sunday.

Mr. and Mrs. L. L. Winslow of Hertford spent Sunday with Mrs. Winslow's parents, Mr. and Mrs. H. L. Williams.

Mr. and Mrs. Robert White of Elizabeth City, Mr. and Mrs. Alvin Jordan of Hertford and Mr. and Mrs. Eddie Winslow and children of Sunbury were Sunday visitors at the home of Mr. and Mrs. Jesse T. Winslow.

Mrs. Ida White of Elizabeth City is visiting her sister, Mrs. Jesse T. Winslow.

Mrs. Ira Stallings of Sunbury spent the week-end with her parents, Mr. and Mrs. Joe Baker.

**RELVIDERE NEWS**

Mrs. E. L. Chappell, who has been nursing her aunt, Mrs. Alfred Copeland, of Woodland, returned home Wednesday.

Mr. and Mrs. Curtis Chappell spent Sunday with Mr. and Mrs. C. T. Rogerson.

Mrs. Roscoe White spent a few days last week with her parents, Mr. and Mrs. L. J. Winslow.

Mr. and Mrs. J. C. Trivette returned home Saturday after spending a week in Greensboro visiting friends and relatives.

Julian Chappell, who is now in Norfolk, spent the week-end with his family.

Mr. and Mrs. Lindsey Winslow and family of Hertford visited Mr. and Mrs. T. C. White Sunday afternoon.

Mr. and Mrs. W. T. Smith, Mrs. E. F. White and Miss Deborah White spent Monday in Elizabeth City.

Visitors at the home of Mr. and Mrs. W. T. Smith Sunday were, Mr. and Mrs. Walter Smith and Anne Smith, Miss Elizabeth Brothers and

Carlton Woody of Elizabeth City, and Mrs. Walter Brothers of Virginia Beach.

Miss Julia Weston, who is in the hospital at Elizabeth City, is still very ill.

Mrs. E. S. White and Miss Attie Chappell spent Saturday in Elizabeth City.

Sunday visitors at the home of Mr. and Mrs. L. W. Anderson were Mr. and Mrs. C. P. Morris and the Rev. E. T. Jillison of Hertford.

**WOODVILLE NEWS**

Mr. and Mrs. C. A. Bogue, Beulah, Maurice, Warren, and Mildred were guests of Mr. and Mrs. L. F. Winslow, Sunday.

Mrs. H. L. Fowler's sister from Louisiana is spending some time with her.

C. A. Cooke, who has been ill, is now able to carry on his work at the Woodville Prison Camp.

Mrs. C. A. Bogue spent Monday with Mrs. J. B. Humphries of Woodville.

Miss Beulah Bogue spent Wednesday with Mrs. L. F. Winslow of Hertford.

Miss Dorothy Whedbee of Hertford Route 3, visited her uncle and cousin, W. E. Bogue and Margaret recently.

Mrs. Joe Henry Gregory of New Hope visited her mother-in-law, Mrs. Jim Gregory recently.

Miss Myrtle Ownly of Elizabeth City, Route 2, visited her sister, Mrs. Ackiss Gregory, recently.

Mr. and Mrs. H. I. Fowler, Hester, and Mary Francis were in Elizabeth City Saturday.

Mrs. George Poole of Elizabeth City visited her mother, Mrs. J. B. Humphries recently.

Mrs. T. S. White was a recent guest of Mrs. J. B. Humphries.

Miss Beulah Bogue spent Sunday with her mother, Mrs. C. A. Bogue. Shelton White was in Elizabeth City Saturday.

Mrs. Joe Henry Gregory and Mrs. Ackiss Gregory visited Mrs. J. B. Humphries recently.

Mrs. Robert Perry and Mrs. Conroy Miller were recent visitors of Mrs. J. B. Humphries and Miss Beulah Bogue.

Miss Daphne Willey was in Elizabeth City Saturday.

Mrs. T. S. White is expecting her daughter, Mrs. George Scales and little son from Connecticut the latter part of the month.

Mrs. L. N. Winslow of Hertford spent Monday with Mrs. J. B. Humphries and Beulah Bogue.

The Chapanoke Home Demonstration Club will hold its regular monthly meeting with Miss Margaret Bogue of Woodville.

Mrs. W. L. Wood and Mrs. Walton Wood visited Mrs. J. B. Humphries and Miss Beulah Bogue recently.

**Farmers Should File Work Sheets In March**

North Carolina farmers who wish to take part in the soil conservation program this year for the first time should file worksheets with their county agents by March 31, said Dean L. O. Schaub, of State College.

However, he added, growers who participated last year do not have to file new worksheets, as those which were filed in 1936 will be good in 1937.

But if any change has been made in the size of a grower's farm or if he is operating a different farm this year, he should notify his county agent at once, the dean continued.

Payments for diverting soil-depleting crops and for carrying out soil-building practices will be made only to growers who have filed worksheets, he added.

The worksheets, he explained, are not a binding contract; they merely list information about the acreage of different crops grown on the farm and the use made of each field.

Such a worksheet is needed to determine the amount of payments a grower can become eligible to receive and what he should do to earn the payments.

Compliance with the program is entirely voluntary, Dean Schaub stressed. The AAA is offering payments to growers who wish to carry out certain practices to improve their soil and balance their farming operations.

The sooner worksheets are filed, he continued, the sooner the county offices will be able to tell new participants what they will need to do to earn the full amount of their payments.

**Uncle Jim Sings**

It takes nature 500 years or more to make an inch of topsoil. What a shame some folks don't realize how fast land goes when erosion sets in.

**Pulpwood Industry Is Boon To Farmer**

The sale of pulpwood can be a boon to North Carolina farmers or it can be a curse, said N. W. Graeber, extension forester at State College.

Growth of the pulpwood industry in North Carolina and nearby territory in adjoining States is providing a market for 1,000 to 1,500 cords of pulpwood every day, he said.

This is a good source of cash income, Graeber added, and it can induce farmers to thin their overcrowded timber stands so that better quality trees will be produced for lumber.

But if farmers make indiscriminate cuttings of young trees that would make good lumber, and sell these trees for pulpwood, they will devastate their forests and lose the opportunity to produce higher priced timber.

Pulpwood should be considered a by-product rather than the main product of forestry. As a by-product, it helps round out a well balanced forestry program, he continued.

In cutting pulpwood, he added, select only small, runted, misshapen, overcrowded trees. They will provide a source of income while the better trees are growing into saw logs, posts, pilings, poles, ties, stave bolts, and other higher priced material.

There is no reason why the paper industry and the lumber industry cannot draw their wood supplies from the same forests, Graeber said, if the land owners will treat their lumber as a crop that yields periodic harvests as long as it is given proper care and management.

**Potash Applications Control Cotton Rust**

Applications of potash in addition to the regular fertilizer have been found effective in controlling cotton rust, a deficiency disease.

When cotton plants are not supplied enough potash, said W. H. Rankin, State College agronomist, the leaves curl up, turn brown, and finally fall from the plant.

The bolls do not attain full growth and the fiber is short, weak, and generally of poor quality, Rankin added.

But when potash is made available he said, large bolls well filled with good, strong fiber are produced on vigorous, healthy plants. The lint yield per acre is greatly increased.

In tests conducted by the N. C. Agricultural Experiment Station, it was found that good results were obtained by applying 25 to 50 pounds of potash to the acre in addition to the regular application of 400 pounds of 3-8-3 fertilizer.

The tests were conducted in the peanut growing section of North Carolina where rust damage is prevalent.

A 3-8-3 fertilizer mixture was recommended for the soil on which the tests were made. For some soils a 4-8-4 or a 4-10-4 fertilizer is recommended, the latter being used more in the piedmont counties.

The potash top-dressing should be supplied in the form of muriate of potash or kainit, applied just after chopping the crop.

General good soil management, suitable crop rotations, good drainage, and liming, and the use of properly balanced fertilizers also are important factors in the production of high yields of good cotton, Rankin stated.

**W. M. S. OF WOODVILLE OBSERVES WEEK OF PRAYER**

The W. M. S. of Woodville Baptist Church held its week of prayer meeting recently. Devotional was led by Mrs. J. A. Bray. A very interesting

talk was given by Mrs. W. D. Morris. Special offering was taken up and Mrs. J. C. Wilson dismissed the meeting.

Those present were Miss Beulah Bogue, Mrs. W. D. Morris, Mrs. J. C. Wilson, Mrs. J. A. Bray, Mrs. Alary Bray, Mrs. Rupert Stanton, Mrs. H. G. Swayne, Mrs. G. W. Gregory, Mrs. Ralph Mercer, Mrs. H. C. West, Mrs. Edward Gregory, Mrs. M. R. Griffin, and one visitor, Mrs. Wendell Matthews.

**CUMBERLAND**

Mr. and Mrs. George Roach spent Sunday with Mr. Roach's parents, Mr. and Mrs. John Roach.

Mr. and Mrs. Kenneth Miller, Mrs. Effie Miller and Mrs. George Roach spent Thursday in Norfolk.

Mrs. D. L. Barber and children spent the week-end with her parents, Mr. and Mrs. C. L. Godwin.

Mrs. Mollie Barber of Winfall spent Sunday with Mr. and Mrs. J. E. Perry.

Miss Celesta Godwin spent the week-end with Miss Esther Perry.

D. L. Barber and son Durwood, Jr., and Johnny Simpson spent Sunday with Mr. and Mrs. C. L. Godwin.

Mr. and Mrs. Kenneth Miller, Mrs. Effie Miller, Miss Mary Elizabeth White and Ervin Perry spent Sunday with Mr. and Mrs. Kermit Perry at Rocky Hook.

Misses Cora White, Gracie and Mattie Ferrell and Mrs. Charlie Lane visited Mrs. C. L. Godwin Sunday evening.

Mrs. Ernest Stallings was in Hertford Saturday afternoon.

Mrs. Henry Cartwright has returned home from Norfolk after spending the week with her daughter.

**Farmers Get Ready To Market Broilers**

With baby chicks rapidly increasing in size, poultrymen are turning their attention to getting broilers ready for the spring market.

In a radio talk on the Carolina Farm Features program, C. J. Maupin, extension poultry specialist at State College, will describe the latest approved methods for handling and marketing broilers. This talk will be heard Friday, March 26.

With a reduction in the number of chicks grown out this year expected because of higher feed prices, poultrymen should receive good prices for their broilers on the spring market.

**WOODVILLE SOCIETY MEETS**

The Missionary Society of Woodville Baptist Church met Tuesday afternoon at the church. The topic for the month was "The Spanish and Portuguese." Those taking part in the program were: Mrs. W. D. Morris, Miss Beulah Bogue, Mrs. Johnnie Bray, and Mrs. J. C. Wilson.

Those present were: Mrs. G. W. Gregory, Mrs. Ralph Mercer, Mrs. Edward Gregory, Mrs. M. R. Griffin, Mrs. H. G. Swayne, Mrs. Rupert Stanton, Mrs. H. C. West, Mrs. Johnnie Bray, Mrs. Mary Bray, Mrs. J. C. Wilson, Miss Beulah Bogue and one visitor, Mrs. Matthews.

**SNOW HILL NEWS**

Mr. and Mrs. Howard Matthews of Norfolk, Va., visited Mr. and Mrs. J. T. Wood Saturday afternoon.

Mr. and Mrs. W. H. Cartwright, Mrs. Vernon Winslow, Misses Blanche and Maude Cartwright were in Elizabeth City Saturday.

Mr. and Mrs. Moody Harrell and daughter, Carolyn Dean, visited Mr. and Mrs. G. W. Gregory of Woodville Sunday.

Mr. and Mrs. Elmer Wood and family, Mr. and Mrs. George Benton and family and Mr. and Mrs. Wallace

Benton and family visited Mr. and Mrs. Willis Sanders of Westville Sunday afternoon.

Mr. and Mrs. J. T. Wood had as their guests Sunday afternoon, Mrs. R. E. Keaton and Mr. and Mrs. Fred Matthews of Bethel.

Mr. and Mrs. Ernest Cartwright, Miss Laura Bell Cartwright, Miss Sallie B. Wood, John Elmer and Elmer Wood were in Hertford Saturday afternoon.

Matthew Smith is now able to be

get after an illness of pneumonia. Mrs. J. T. Wood is able to be after a long illness.

Mrs. Elmer Wood and Mrs. Baby Harrell were in Elizabeth City Wednesday.

Mrs. Edward Benton and daughter Barbara Ann, of White Hat, visited Mrs. J. T. Wood Monday afternoon.

Mr. and Mrs. George Elmer and family of White Hat were the dinner guests of Mr. and Mrs. Eddie Harrell Sunday.

**"MY DIGESTION ROLLS RIGHT ALONG"**

—says Fred McDaniel, Conway

"I SMOKE PLENTY of Camels, and enjoy my meals," McDaniel says. Camels at mealtime step up the flow of digestive fluids—alkaline fluids—that help you enjoy a sense of well-being.

MACHINE OPERATOR, Frances Morel, says: "When I feel low, I get a 'lift' in energy with a Camel. And Camels aid my digestion." Camels set you right

**Mighty Mules Hitched to a dynamometer (a strength testing machine) these powerful mules record their strength for the photographer.**

HERE is a famous pair of mules—mighty creatures with the pulling strength of a pair of four-legged giants. At a recent university test, they threatened the world's pulling record.

What makes these mules unusual? Mother Nature gave them something—her own natural balance of many elements; strength, staying power, the willingness to work. So in actual value, these sturdy mules stand out from ordinary mules—there's just no comparison.

And Nature gave a natural balance to Natural Chilean Nitrate, too—a natural balance of many elements that combine to make this nitrogen fertilizer a reliable food for your crops.

Natural Chilean is known for its quick-acting nitrogen, of course. But nitrogen is only one of its vital elements. Because of its natural origin, Chilean Soda also contains, as impurities, such elements as iodine, boron, magnesium, calcium and some 28 others. And always remember that these vital elements are present in Chilean Soda in Mother Nature's own wise balance and blend.

For better crops... Natural Chilean Nitrate.
