

The SNAPSHOT GUILD

DO'S AND DON'TS

Give your camera half a chance and you'll get good snapshots.

IT'S really quite surprising the number of amateurs who go merrily along snapping pictures without giving any thought as to why their snapshots appear somewhat smudgy or cloudy.

If your snapshots can be classed with the above the chances are the trouble can be attributed to your own neglect and not to faulty construction of the camera.

A dirty lens, for example, will cause smudgy prints. A lens is the eye of your camera. Can you see clearly if your glasses are smudged by finger prints?

Cleaning a lens is a very simple operation. All you need is a soft, un-starched linen handkerchief and perhaps a match or pencil, if the lens is quite small. The rear surface of the lens can easily be reached by removing the back of the camera.

If the camera has a double lens (one behind and one in front of the shutter diaphragm), the front combination may be removed by turning to the left, which will allow you to work through the shutter opening when set for "time," with the handkerchief over the end of the match lead pencil. If the lens is quite large breathe on it and then rub with the handkerchief. Be careful in replacing the front lens, as it will slip back into the shutter as you go.

Attention to work through the lens also applies to the front surface of single lens box cameras and certain models. Work carefully to exert too much pressure.

It isn't necessary and might scratch the surface.

Taking it for granted that you have a clean lens and that your camera is in good mechanical condition let's discuss some "do's" and "don'ts."

With the familiar box type camera it is so easy unknowingly to have your finger extend slightly—or more so—over the lens. The result is obvious. You will have an unattractive black smudge over part of your picture. So keep your fingers away from the front of the lens.

Another error is a double exposure caused by failing to turn the film roll to the next number after snapping a picture. If you fail to turn it you may find, when your prints are returned, that quite miraculously grandma is sitting in her favorite chair out in the middle of a lake.

When using a focusing type camera be sure to set the lens at the correct distance mark, for if you don't the chances are that your picture will be out of focus and blurred. Here's another one. Unless you have an extremely fast lens and shutter don't try to take broadside snaps of fast-moving subjects. Moving objects can, however, be caught, even with an ordinary camera, if taken from an angle of about 45 degrees and not too close up.

Amateur snaphooting is really anything but difficult and it is quite safe to say that the majority of picture failures are the result of carelessness or lack of thought on the part of the snaphooter.

John van Gulder

teaching.

Miss Sara Winborne spent Wednesday night in Edenton with Miss Pearl Whichard.

Mr. and Mrs. C. J. Hollowell and son, Mr. and Mrs. Ralph Hollowell and son spent Wednesday at Ocean View, Va.

Mrs. George Bunch and children spent the week-end with her father, S. J. White, near Edenton.

JUNIOR GROUPS TO MEET

The Junior organizations of the W. M. S. of the Hertford Baptist Church will meet next Tuesday night at the Church at 8 o'clock.

A Safety Tip FOR YOUR Labor Day Trip

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA
From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, fire-quality tire at lower prices.

Here's Why FIRESTONE STANDARD TIRES GIVE YOU MORE FOR YOUR MONEY

DON'T take chances on your Labor Day trip. Protect yourself and family by equipping your car with a set of new first-quality Firestone Standard Tires. Firestone builds extra quality and extra safety into these tires and sells them at lower prices because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS—eight extra pounds of rubber are added to every 100 pounds of cord because every fiber of every cord in every ply is saturated with liquid rubber by the Firestone patented Gum-Dipping Process. This counteracts the internal friction and heat that ordinarily cause blowouts.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES—because there are two extra layers of Gum-Dipped cords under the tread.

YOU GET EXTRA PROTECTION AGAINST SKIDDING—because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE—because of the extra-tough, long-wearing tread.

You need all of these features to make your tire safe on your Labor Day trip. Firestone gives them to you at lower cost. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES!

DO YOU KNOW THAT last year highway accidents cost the lives of more than 28,000 men, women and children? THAT a million more were injured? THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?

RYLAND

Mr. and Mrs. O. E. Spivey and daughters left Sunday for their home near Washington City, after spending several days with Mr. Spivey's mother, Mrs. Cornie Spivey.

Miss Irene Gaskins, of Chicod, and Miss Gladys Williams, of Grimesland, have returned to their homes, after visiting Mrs. Roy Parks for several days. Mrs. Parks accompanied Miss Williams home for a short visit.

Mrs. R. S. Ward and children, Miss Mary Lee Davis, Miss Montaze Byrum, Carson Davis, Miss Hazel Jordan, Mr. and Mrs. Tom Davis and daughter, Lois, and Thomas Davis spent Friday at Chuckatuck, Va.

Mr. and Mrs. W. E. Copeland attended funeral services for Job Terry Saturday afternoon. Mr. Terry's death followed several weeks illness during which time he was in the Albemarle Hospital, Elizabeth City.

George Ward, of Edenton, spent Sunday with William Ward.

"Amen," Hebrew Word "Amen" is a Hebrew word, meaning "certainly" or "truly." It was carried over into other languages in renderings of Bible passages—such as in Psalms 106:48, "And let the people say, Amen"—and then came to be used in similar connections, in formal creeds and confessions, prayers, and so on.

CROSS ROADS

Mr. and Mrs. Dan Privott visited Mrs. John Layton, in Rocky Hock, Sunday morning.
