Serve Apple Souffle While Puffy and Warm

FEATHER light, puffed and brown, apple soufflé is perfect served after a generous meal. Tuck it into the oven as the main course begins so it will finish baking just in time to emerge from the kitchen erect and warm. Top each serving with a splash of whipped cream or thin cooked custard.

The tested recipe follows:

Apple Soufflé

- 3 tart apples
- 1/2 cup sugar
- Dash of nutmeg and cinnamon
- 1 tablespoon lemon juice
- 4 eggs
- 1/4 teaspoon salt

Paré, core and cut apples into small pieces. Cook apples with just enough water to keep from burning. Rub through a sieve. This should make three-quarters cup apple puree. Beat egg yolks until thick and lemon colored. Beat in sugar, salt, spices and lemon juice, fold in apple puree and lastly egg whites which have been beaten until stiff. Pour into a shallow buttered pan (8" x 8" x 2"). Bake from 30 to 40 minutes in a moderately slow oven (325° F.). If a French type or very soft soufflé is preferred, bake in a moderate oven (375° F.) for 20 minutes.

Yield: 6 servings.

SOME MORE "BULL"

When knocked to the ground by a bull and in imminent danger of being gored to death, Adam Small of Marsboro, Wis., saved his life by scratching the enraged animal's head, he says. The bull liked the scratching and stood still to enjoy the sensation for several minutes, then walked leisurely away. Whether this method would work in all cases is problematical, but it might be worth trying in a similar emergency.

Indians Journey to Windsor Thursday

By BOB BATES

The Perquimans High Football Team will be seeking its fourth victory of the current season when they journey to Windsor this Thursday to meet the strong Windsor High eleven. Both teams appear to be about evenly matched and a close fought game should result. The Hertford team should be better prepared for this game than they were for the Elizabeth City encounter as Captain Dox Nixon, whose injured shoulder kept him on the sidelines most of last week's game, will be ready to play again.

Despite the fact that their running attack did not function as well against Elizaoeth City as it has in the past, the Perquimans boys put up a spirited offense which finally led to two touchdowns and a 13-0 victory. Even without the able generalship of Captain Nixon, the fine substituting of Fred Campen in his place and the brilliant running of Mac White gave Hertford another mark to add to their win column.

The boys on the team greatly appreciate the fine support they have been receiving from the town people as well as the students. They know now that someone wants them to win and with that thought in their minds they are going to do their best to add the Windsor Lions' scalp to their belt Thursday.

Class Rings Selected

A committee from the Junior Class has selected the class ring. It is a very attractive ring of yellow gold, without a set. The Juniors are eagerly awaiting their rings now, which will probably arrive sometime in December.

SCHOOL GOSSIP

By MARGARET BROUGHTON

Why does Zach Harris like to go to 10-B?

Mary Feilds certainly appeared to be happy when she heard that Billy Harcastle was home for the weekend.

Nita Newbold has gotten so she likes to go to Edenton for the weekend to the dentist. We wonder why.

Edgar Long has been grieving all week because Maude Keaton didn't come home last week-end.

Blanche Moore Berry looks forward to going to typing class because Herbert Williams also takes typing that period.

Hattie Pearl Nowell always stays at the north entrance while everybody else is changing classes, we wonder why.

Tuesday afternoon Helen Mae White, Pat Edwards and Betty Lordley were on their way from school. They saw Mr. and Mrs. Francis Nixon passing by and Betty Lordley said, "Some day that will be my name, I hope, I hope, I hope!" It is said that the other day Miss Wilson was walking to school and a man driving a foreign car drove up behind her and said, "Hey, lady, want a ride?" Miss Wilson was so overcome she ran clean across the street and laughed and said, "No, I can't ride with you 'cause I don't know you." Nice going, Miss Wilson.

Faculty Play

A comedy is to be given by the P. C. H. S. faculty on December 2, at eight o'clock. The play is "Safety First," by Sheldon Farmer. Reserve that date for an evening of "side-splitting" fun. Watch this paper for the list of characters, next week.

all interested to know that some of the same products we use may have been made from the cotton and cotton seed we raise on our own farm. We were told that the oil is sent to Bayonne, N. J., and Wesson Oil and Snowdrift are some of the products made from it. While we were in the mill we got samples of all the products which they make. From the raw cotton we get the seed and ginned cotton. We get the meat, linters and hulls from the seed. From the meat we get oil and oil cake. Fertilizer and cattle feed is made from the cake. After going back to school we make a diagram of all we had seen.
