THIS WEEK'S BIBLE THOUGHT

GOD'S EVERLASTING LOVE:
 The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love, therefore with loving-kindness have I drawn thee.—Jeremiah 31:3.

MR. AND MRS. C. F. SUMNER, SR.
 Congratulations to Hertford's longest wedded couple, Mr. and Mrs. C. F. Sumner, Sr., whose fifty-fifth wedding anniversary was observed on last Sunday. Congratulations and hearty good wishes that the remainder of their lives together may be blessed with the happy companionship of their fine family of sons and daughters and the pleasant association of the friends they have made throughout the long years of useful living.

MAY THEY BOTH COME BACK
 While there is practically no apprehension that both the Rev. D. M. Sharpe, pastor of the Hertford Church, and the Rev. W. G. Lowe, who is in charge of the Perquimans Circuit, both of whom are attending the annual Conference of the M. E. Church, South, at Raleigh, will not be returned to their respective fields, the Methodist system being what it is, there is never any absolute certainty of a minister returning. Sometimes, regardless of the fact that a minister is known as a "four year man" and that his services have been most satisfactory in the field where he is placed, conditions arise elsewhere which necessitate his removal to another charge.

Mr. Sharpe has been in Hertford for only two years and Mr. Lowe came to Perquimans just a year ago. Each is greatly beloved in his own church, and each is highly regarded by Perquimans people generally.

The Perquimans Weekly expresses the hope that they will both be returned. There is believed to be little cause for alarm, but every one will be glad when the appointments have been read and the general expectation is confirmed.

DO YOUR BIT TOO

Don't forget, just in case it happens you are not canvassed, to respond to the Red Cross Roll Call. There is a worker near you who will be glad to take your dollar and to turn over to you your receipt, with your sticker and your pin.

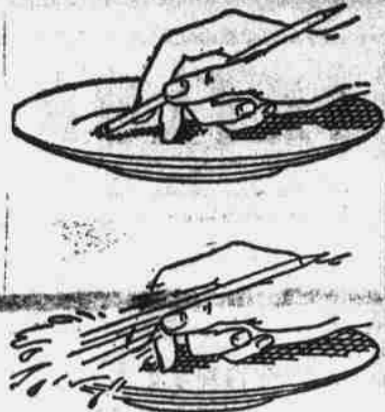

Forget it then. You will probably never miss the dollar. But even if you do it will be worth it some day. When you learn one day of the suffering which has come to a group of human beings through flood, or famine, or the cruise of war, and also learn that the Red Cross has carried to the sufferers comfort and succor almost before you could learn of the catastrophe even in this day of practically instant news reception, it will be worth that dollar you parted with some months before to feel that you had a small part in this, that you did your bit toward making this possible.

Only by the support of the people is it possible that the organization of the Red Cross is such that they are always prepared to be at hand whenever there is calamity.

And don't forget that half of that dollar you give to join the Red Cross Roll Call is left here in Perquimans County for use at home.

Do your bit and be glad of the opportunity.

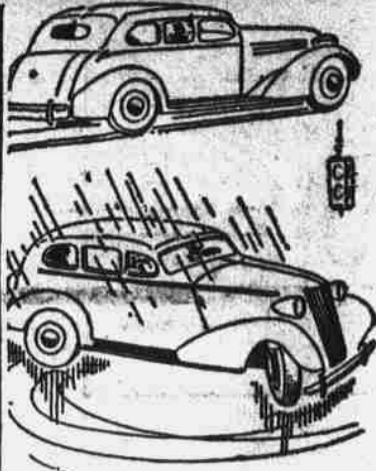

FUN with FACTS

THE FUN

Place a clean, dry saucer or platter upon a table. Take a pencil eraser end down, and hold it against the platter at an angle of about 45 degrees. Push firmly in an endeavor to move the pencil across the platter. You will find that the platter moves and may even push the table-covering or table itself.

Place a small quantity of water in the platter and repeat. You will find the pencil eraser now moves across the platter with very little effort. We might say that it "skids" across the platter. There will be no tendency to move the dish.

THE FACTS

On a clean, dry pavement, your tires exert a very strong push. It is this push which moves your car forward. When the pavement is wet, your tires have a tendency to repeat the eraser and wet platter performance. This may prove to be dangerous if you try to stop quickly or change your direction suddenly. Other conditions which tend to cause similar results are wet leaves, car tracks, oil, ice and snow. Under such circumstances, whenever you feel impatient, just remember the wet eraser.

PENDER ROAD NEWS

Mr. and Mrs. William Miller and four children, of Winfall; Mr. and Mrs. Murray Perry, from near Elizabeth City, were supper guests of Mrs. R. A. Perry Sunday evening.

Mr. and Mrs. Clarence Lane and son, of Buxton, spent a few days last week with his parents, Mr. and Mrs. J. Ed Lane.

take the milk from the porch one morning. Not represented by counsel, Mr. Goodwin stated to the Court that it was the first time he had taken the milk and expressed deep regret for his action.

Judge Oakey ordered the defendant to serve 30 days on the roads.

Prominent citizens spoke to the Court on behalf of the young man's family, it being represented that his wife, who is a very fine woman, and his three young children are entirely dependent upon the defendant for support. Judge Oakey thanked those who made the plea and said that he would make recommendations to the Welfare Department in this connection.

Linwood Hill, colored, plead guilty to the charge of being drunk on the streets and drew a fine of \$2.00.

Addie Webb, a colored woman of Newton, was tried for possessing non-tax paid liquor for the purpose of sale, pleading not guilty. The Court, however, found her guilty and imposed a six-months jail sentence, which was to be suspended upon payment of a \$50 fine and good behavior for two years, and upon the condition that the defendant not have in her possession or on her premises intoxicating liquor for the next two years. This defendant, through her attorney, James S. McNider, appealed to Superior Court, appeal bond being fixed in the sum of \$300.

Visited Parents
 Robert and Dozier Sutton, of Newport News, Va., spent Sunday with their parents, Mr. and Mrs. R. A. Dozier. They were accompanied home by Robert Dozier, Jr., who had spent a week with his grandparents.

County Cotton Ginning Now Ahead Last Year

According to the report of Willie M. Harrell, special agent for the Bureau of the Census, Department of Commerce, there were 3,443 bales of cotton ginned in Perquimans from the crop of 1937 prior to November, 1937, as compared with 3,119 bales ginned to November 1 of the 1936 crop.

ENTERTAIN BOOK CLUB

Mrs. L. W. Anderson and Mrs. F. T. Johnson were joint hostesses, at the home of Mrs. Anderson, at Belvidere, to the members of the Hertford Book Club on Wednesday afternoon, with Mrs. J. E. Winslow, chairman, presiding.

The house was charmingly decorated with autumn leaves and fall flowers and at the close of a very entertaining program the hostesses served dainty refreshments.

Those present included Mesdames Harry Broughton, C. P. Morris, C. W. White, F. T. Johnson, J. G. Roberson, L. N. Hollowell, L. C. Winslow, I. A. Ward, Herman Winslow, Charles Whedbee, C. A. Davenport, T. P. Brinn, J. C. Blanchard, V. N. Darden, E. W. Lordley, J. E. Winslow, H. G. Winslow, H. A. Whitley, Oscar Felton, R. M. Riddick, T. S. White, S. P. Jessup, R. T. White, H. C. ducts which the people of this county were very proud of, roasted peanuts put up in small five-cent bags and labeled with the title "Pride of Perquimans," and peanut butter.

Considering the amount of peanuts produced by the State of North Carolina and the quantity grown in our own vicinity it looks as if another peanut factory would be of great benefit to our community. If this were the case more of our local farmers could sell their products right here in our own county rather than to other places sometimes even outside the State. Perhaps a factory would even encourage the growth of more peanuts. What would please us anymore than to know that our county stood out above all others in the production and manufacture of peanuts?

Visiting Parents
 Mrs. R. L. Hines and her little son, "Hiney," are spending sometime in Edenton, visiting Mrs. Hines' parents, Mr. and Mrs. W. D. Holmes.

Farm Kitchens Have Their Faces Lifted

Three hundred and twenty-six North Carolina farm home kitchens are having "their faces lifted" in a contest sponsored by home demonstration workers of the State College extension service.

Commenting on the contest, Ruth Current, state home agent, said: "Those dark, dusty grab-all, hide-away pantries and cupboards are going to be done away with or else be given more light and made usable. These kitchens are going to be attractive with soft, pleasing walls painted in green, yellow, or ivory with touches of red, blue, yellow, or orange—also, 'the workshop efficient' they will be."

An efficient kitchen, she said, requires a separate working surface for each kind of work to be done, the arrangement of large equipment in step-saving sequences, that working surfaces be close together, that equipment be at a convenient height, and that small equipment be grouped around the center where it is first used.

Finding the correct height for working surfaces, so that women can work without stooping or unnecessarily straining their bodies, is of utmost importance, she continued.

To find this height, she said, stand erect, rest the arm comfortably against the body, and bend the elbow at a right angle. Then measure the distance from elbow to floor, and subtract eight inches to get proper height for working surfaces.

Again, stand erect. Place hands palm down at a comfortable height on an imaginary table. If this distance from the floor differs with that obtained from the first measurement, divide the difference.

The contest, under the direction of Pauline Gordon, extension specialist in home management, and her assistant, Mamie N. Whisnant, is being conducted in Alexander, Avery, Caldwell, Chatham, Davie, Haywood, Orange, Polk, Surry, and Watauga Counties.

Mr. and Mrs. Gilliam Twine and son, Ray, spent Sunday with Mr. Twine's parents, Mr. and Mrs. O. C. Twine, at Elmo.
