RECORDER'S COURT

G. D. Riddick plead guilty to the sarge of selling bootleg liquor in Recorder's Court Tuesday, represent-ing that he sold it as to a friend and that he did not make a practice of selling liquor at his service station on the Burgess Road. The prose-cuting witness, H. S. Davenport, Jr., however, testified that he had once worked for Riddick at the station and had sold liquor for him there. Davenport was the only witness in the case. The defendant was found guilty and prayer for judgment was continued upon payment of a \$21.00 fine and good behavior for two years, the defendant to be on probation under the supervision of the probation officer of the district for this period.

Warren Smith was found guilty of carrying a concealed weapon, to-wit, a pistol, and given the minimum fine of \$50, the weapon being confiscated. Through his attorney, C. R. Holmes, Mr. Smith appealed to Superior Court.

Two Negroes, Lloyd Felton and Alex Long, were tried for larceny, receiving and trespass, in connection with the killing of a hog belonging to J. H. Newbold. Felton was found fuilty of larceny and receiving and was given 6 months on the roads. Long was found guilty of aiding and abetting in larceny and receiving, and was given twelve months on the

Eddie Mallory, colored, charged with removing crops, asked for a trial by jury and the case was continued until next Tuesday.

Archie Godwin, whose preyer for judgment had been continued from a trial in November, when Mr. Godwin plead guilty to selling liquor, was fined \$100.00.

New Year Greetings Received From China

Of the many New Year greetings which came to Perquimans, probably no one received such a message from so great a distance as did Robert A. White, of Hertford, who received a radiogram from his brother, the Rev. Phillip E. White, missionary in China.

"Airmail received. All well and safe. Happy New Year. Phillip." read the message on the postal card, transmitting the radiogram.

The message, which was post-marked San Diego, Calif., December 30, originated, according to infor-mation on the card, in Shanghai, on December 24, being sent via air mail to Hertford and reaching here on January 4.

the raidogram read as follows:

"The above measage was received by Amateur Radio Station W6TWJ, Tuesday nights of next week. The Second Signal Co., Marine Corps Base, San Diego, Calif. Trans-Pacific schedules are observed and message will be forwarded to China, Guam or Philippine Islands, free of Of Chananoko Club

Elsbury Whedbee Is **Greatly Improved**

Seriously injured and unaware of his condition for more than 24 hours, was the experience of Elsbury Whedbee, prominent farmer of Route 3. Mr. Whedbee, who lives near Newbold's Corner, was riding in the rear of a pick-up truck driven by E. B. Hollowell, on Monday night of last week. In attempting to alight before the truck had come to a stop, Mr. Whedbee fell, striking his head on the concrete of the road. It was not until a day or two later, when distressing symptoms developed, that Mr. Whedbee considered his injury sufficient to call a doctor. Suffering concussion of the brain, Mr. Whedbee's condition was considered serious for several days. He is, however, greatly improved this week.

The accident occurred close to the second anniversary of the tragic death of Mr. Whedbee's young son, Thurman, who was killed on December 16, 1935, when struck by the limb of a falling tree.

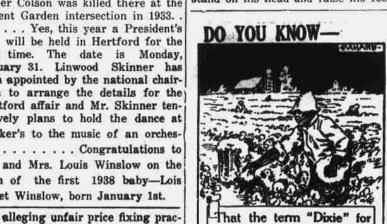

Dr. And Mrs. Sikes **Completing Tour**

Dr. Earl Sikes, head of the Economics Department of Dartmouth College, and Mrs. Sikes, who are guests of Mrs. Sikes' mother, Mrs. Herbert Newby, and her sister, Mrs. T. J. Nixon, Jr., expect to leave shortly for Washington, D. C.

The couple expect to return to their home at Hanover, N. H., about the first of February, when the Professor will resume his work at the college after a six months absence. The summer months of this period were spent in various European countries, where Dr. Sikes studied conditions. During the fall they have traveled extensively in several Southern states, and returned to Hertford for Christmas. They will be in Washington several weeks.

OME on in, the water's fine." Bathing in Japan is on a different plane from ours, as these two American gentlemen can tell you. Tubs are perpendicu-lar there, instead of horizontal, and you stand in the water up to your neck. But we shouldn't laugh at this somewhat primitive scene, according to Consumers Information, which points out that only a hundred years ago, there were only 1,500 bathtubs in the United States, all of them in Philadelphia, where they had a city water system and taxed each tub \$3.00. President Fillmore installed

the first tub in the White House in 1850. Advertising of the advantages of convenient and sanitary bathing started 31 years later, has continued increasingly ever since, and has made the United States the cleanest nation on earth. Even the most advanced European nations are far behind us in this respect, and the pos-session of a bathtub in most countries is a sign not only of opulence, but ostentation. The United States is among the few countries generally educated to the knowledge that health and cleanliness go together.
