

## FILM FORECAST AT STATE THEATRE HERTFORD, N. C.

Singing Sweethearts—Rosemary Lane and Dick Powell are a crooning love team in "Hollywood Hotel," the new star-studded film musical, which is coming to The State Theatre, Monday and Tuesday.

The most lavish and spectacular musical comedy of the 1938 season, "Hollywood Hotel," a Warner Bros. production starring Dick Powell and featuring a score of other songsters and funmakers, has its first local showing at The State on Monday and Tuesday.

It is based upon the famous radio program carrying the same name, which has been beloved by air-fans during the past three years. But the film has a well-knit story to serve as the dramatic structure.

The film story shows Powell as an obscure crooner who comes to Hollywood looking for a "break," and gets involved in no end of unfortunate and humorous complications before he even gets started on his career.

Dick sings half a dozen new hit songs by the clever composing team of Whiting and Mercer, and there is plenty of other music by Benny Goodman and his famous swing band, and Raymond Paige's well-

known orchestra. There is plenty of dancing, too, directed (as was the whole show) by Busby Berkeley.

Those clever sisters, Lola and Rosemary Lane, have the leading feminine roles, with Rosemary a Dick's romantic interest and Lola as a highly temperamental movie star.

Other notables in the cast include Hugh Herbert, Ted Healy, Glenda Farrell, Mabel Todd, Alan Mowbray, Allyn Joslyn, Edgar Kennedy, Frances Langford and Johnnie ("Scat") Davis. The screenplay was by Jerry Wald, Maurice Leo and Richard Mauley.

Louella Parsons, famous drama critic and originator of the "Hollywood Hotel" air show, plays herself in the picture.

It's a grand show, with plenty of music, romance and laughs, with all the added thrill of getting the inside lowdown on how a big air show is put on. The whole family will love "Hollywood Hotel."

### Japanese Women in Literature

In all periods of Japanese literature the work of women has been notable. It is said that the "Kojiki" and "Nihongi" were produced under the patronage of empresses. In the Eleventh century a woman produced the first novel, a prose epic of real life. To the same century belongs the "Makura no Zoshi" ("Pillow Sketches"), a realistic picture of social life in Kyoto of that time.

Tobacco planters are glad to pass along what their first-hand experience has taught them. As one planter puts it: "The majority of tobacco growers who smoke prefer Camels." Yes, they know what it means to smoke Camels' finer, MORE EXPENSIVE TOBACCOS — Turkish and Domestic.

# TAKING YOUR DOLLAR TO MARKET

EVERY year your family, and every family of your acquaintance, spends about 70 per cent of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her newspaper. There she finds a directory of buying and selling. She learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchasing.
