

## FILM FORECAST AT STATE THEATRE HERTFORD, N. C.

Monday and Tuesday—"Hurricane"

Dorothy Lamour and Jon Hall as the native sweethearts of "The Hurricane."

The South Sea Island unit of Samuel Goldwyn's "The Hurricane" company returned to Hollywood with 140,000 feet of film to show for 9,000 miles of location travel.

The unit had travelled to American Samoa to film action for the screen version of the Charles Nordhoff-James Norman Hall story which comes to the State Theatre on Monday and Tuesday.

They didn't encounter an actual hurricane while there, but they got a pretty bad scare when they had a narrow escape from a gigantic water spout.

Goldwyn had originally planned to film the entire production in Samoa, actual locale of the novel. Experiment proved, however, that it was more practical to transport a section of the South Seas to Hollywood than to uproot Director John Ford and his large cast of principals, including Dorothy Lamour, Jon Hall, Mary Astor, C. Aubrey Smith, Thomas Mitchell, Raymond Massey, John Carradine and Jerome Cowen. The producer compromised by sending a camera crew to Samoa to film background action and building a couple of South Sea Islands on the "back lot" of his own studio.

Eighteen technicians, under the direction of Stuart Heisler, made the trek to Samoa. Their location headquarters were Pago Pago on the island of Tutuila, where they enjoyed the cooperation of the United States Navy, governing power of the five islands which comprise American Samoa.

Thursday and Friday—"Sally, Irene and Mary"

Fred Allen, radio's "Town Hall Tonight" star, is twice as funny face-to-face in "Sally, Irene and Mary." The funniest acts on stage or screen are those of people who appear to be fumbling or missing their cues. Nothing seems to appeal to the public more than a pair of acrobats who are trying their best to do an intricate act but manage to step in each other's faces.

Yet few people realize that this type of comedy calls for an expert performer who can do the trick the accepted way . . . and then has so perfected his skill that he can "clown" it.

Behind this skill is the secret of Fred Allen's great popularity on screen and radio.

Always taking a funny story or situation one step further so that he appears to be confused, or at least the butt of some one else's smarter wit, Fred writes his own material, rehearses it and spots his laugh-making sallies with the dexterity of an orchestra conductor.

It may be that this knack is born

of his early experience in vaudeville. Fred started as a juggler. The deft way in which he creates the impression that he is "dropping the ball" or getting hopelessly involved is best demonstrated in "Sally, Irene and Mary," 20th Century-Fox's downright uproarious musical comedy at the State Theatre Thursday and Friday. Alice Faye and Tony Martin head the cast with Fred. Fred plays the part of a theatrical agent who starts out to get three girls big jobs on Broadway. They settle into the comparative comfort(?) of manicure work as a result of his big time efforts.

Again in the film Fred provides a hilarious scene when he is dispossessed for non-payment of office rent. The manner in which he continues to do business with his office fixtures scattered all over the sidewalk provides the State Theatre audiences with scenes that border on hysteria. Yet every confused move has been thought out with the utmost care by the canny Bostonian—to the intense amusement of his thousands of admirers.

### "This Nude World" For Adults Only

Doctors claim that thousands of patients have been restored to health by the method of bathing their bodies in sunshine.

"This Nude World," which will be presented at the State Theatre on Wednesday for one day only takes you on a sight-seeing trip through an American nudist colony. You will be surprised at the normal activity that takes part day in and day out.

A reporter is sent by his editor to explore a nudist colony because of the extreme publicity nudism has been receiving in the newspapers and magazines. While there he is made a member of the colony and gathers his information about the subject while living as a nudist.

Since the discussion of nudism has been national and nudist camps have sprung up all over the United States, the picture "This Nude World," an up-to-date all talking and splendid acting production has been brought to the screen at the State to show to the public what progress has been made in America by the nudists.

Due to the daring nature of this photoplay, the management has decided to separate the audience. Women are privileged to see the picture only at matinee. Men only are admitted at night. Only adults from the age of 18 and over are admitted.

### Exam Called For Hobbsville Route

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Hobbsville, the examination to be held at Hertford. Receipt of applications will close on April 22.

The date of examination will be stated on admission cards mailed to applicants after the close of receipt of applications, and will be about 15 days after that date. The salary of a rural carrier on a standard route of 30 miles served daily except Sunday is \$1,800 per annum, with an additional \$20 per mile per annum for each mile or major fraction thereof in excess of 30 miles. Certain allowances are also made for the maintenance of equipment. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists, who have been actually domiciled there for six months next preceding the closing date for receipt of applications, and who meet the other requirements set forth in Form 1977. Both men and women, if qualified, may enter this examination but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Form 1977 and application blanks can be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications must be on file with the Commission at Washington, D. C., prior to the close of business on the date specified above. At the examination, applicants must furnish unmounted photographs of themselves taken within two years.

## Do you want to SAVE MONEY?

The Standard Coupe

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in—as well as easy to buy and run. There's a Ford dealer near you.
