GOLDEN SHELL MOTOR OIL

NOT 35¢ NOT 30¢ 25¢ a quart

IT'S DANGEROUS TO RUN LOW ON OIL.
You can just about wreck your engine if you do. New bearings cost plenty. So do new rings and pistons.

To keep your car out of the shop, we Shell dealers, listed below, make this proposition:

Drive into any one of our stations. If we don't check your oil—and you call us—we'll bring your oil level right up to the full mark free.

We'll put in Golden Shell, too—the oil that has been refined especially for today's stop-and-go driving.

Maybe you never knew that stop and go calls for a certain kind of an oil. Well—it does, and here's the reason why:

You average ten cold starts a day. If your oil is slow-flowing, one start can cause as much wear as 50 miles of steady running.

Golden Shell changes this. It's fast-flowing. The second you step on your starter it coats each engine part with a tough oil film that doesn't break down... even under the heat of your steady running. In fact—

There's no finer oil at any price than Golden Shell.
