YOUR OIL FREE

(UP TO THE FULL MARK)

IF I FORGET TO CHECK IT—

WHEN you drive in my station, I'm going to remember to check your oil. We Shell dealers listed below have agreed to this.

If we forget, just say, "Didn't you forget something?"—and without any hesitation we'll bring your crankcase up to the full mark with Golden Shell. FREE!

WHY THE BRAINSTORM? Well, we know we ought to keep your oil up to the full mark for safety's sake. Besides, we've got an oil that will do the job for your engine like never before.

It's made for the kind of driving you do—STOP and GO. About ten times a day you shut off your engine. Your oil drains down into the crankcase.

When you start up again, engine parts grind together "dry" of lubrication until your oil gets up there. About 1/4 of all the wear on your engine comes in starting.

GOLDEN SHELL OIL LICKS THIS. It leaps to every moving engine part the instant you step on the starter. And it's tough, too, so that it won't break down under the heat of steady driving. In fact—

There's no finer oil at any price than Golden Shell.
