BIBLE THOUGHT FOR WEEK

LACK OF FAITH MAKES MEN COWARDLY: Nevertheless my brethren that went up with me made the heart of the people melt: but I wholly followed the Lord my God.—Jos. 14:8.

REASON TO BE PROUD

May we be pardoned for making a slight bow and blushing handing ourselves a few bouquets for the part The Perquimans Weekly played in the 1938 Better Homes Campaign?

Word has been received that Perquimans County's committee on Better Homes was one of only nine in North Carolina voted to receive the special Merit Award, given to counties which impressed the award committee with the quality of programs and valuable types of home improvement projects which were conducted. Only six of the United States were represented in the awards given, so we can see that this is quite an honor.

The largest portion of credit is due Gladys Hamrick and her home demonstration club women who sponsored the campaign. Another slice of gratitude is given the merchants who cooperated in making the campaign an outstanding success... successful to the extent that the national committee on awards considered this county's program worthy of nation-wide recognition.

As for the above mentioned part we played in the Campaign, The Perquimans Weekly on April 22 issued a special clean up edition in behalf of National Better Homes Week in America. The Rotary Club, Woman's Club and Town Criers all caught the spirit and endorsed the cleanup campaign together with the business men.

Miss Hamrick's report and a copy of the special issue were evidently sufficient to convince the Awards Committee that Perquimans County's campaign was a honey—a howling success.

THREE YEARS AGO

Three years ago the files of The Perquimans Weekly reveal that:

Cadet William H. Crawford, of West Point, who was spending his summer vacation with his mother, Mrs. L. R. Crawford, was guest speaker at the Rotary Club meeting Tuesday night.

Dr. Ralph W. McDonald, of Winston-Salem, leader of the anti-sales bloc, and champion of the schools in the 1935 General Assembly, had announced his candidacy for the Democratic nomination for governor of North Carolina.

A delegation of representative citizens, including a number of residents of Durants Neck, were scheduled to go to Raleigh during the first week in September to appeal to the State Highway Commission to extend the hard surface road from New Hope to Durants Neck.

Judge Walter H. Oakley had decided to crack down on drunken drivers and made it publicly known that as long as he was on the bench that he was going to try to do something to protect the people from drunken drivers whom he likened to "a man running up and down the streets shooting a gun with his eyes shut." Paving the causeway was a puzzle to the engineers. For years the pilings driven there had been sinking out of sight, leaving the road in a dangerous position, broken in places. This time the engineers wove a steel net across the pilings and poured concrete around that.

When you drink Beer in a tavern... choose your tavern

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours...or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort... all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!

YOUR OIL FREE
(UP TO THE FULL MARK)
- IF I FORGET TO CHECK IT

IT'S MIGHTY IMPORTANT that you always have enough oil in your engine. If you don't, you're headed for trouble.

To save you grief, all of us Shell dealers listed below make you this proposition:

Drive into one of our stations. If we don't check your oil—AUTOMATICALLY—we'll bring your oil level right up to the full mark FREE OF CHARGE.

We will put in our Golden Shell Oil, too... the oil that's been refined especially for today's stop-and-go driving.

Maybe you never knew that stop and go calls for a certain kind of motor oil. Well, it does—and here's the reason why...

You average ten cold starts a day. If your oil is sluggish and slow-flowing, one start can cause as much wear as fifty miles of steady running.

Golden Shell changes all this. It's fast-flowing. The second you step on your starter, Golden Shell coats each engine part with a tough oil film that does not break down... even under the heat of your steady running. In fact—

There's no finer oil at any price than Golden Shell.
