FRIDAY, OCTOBER 28, 1938

**BIBLE THOUGHT FOR WEEK**

**THE SUPPORT OF FAITH:** And immediately Jesus stretched forth his hand, and caught him, and said unto him, O thou of little faith, wherefore didst thou doubt?—Matt. 14:31.

**A FORWARD STEP**

We'll offer a wager that no one will attempt a robbery on the premises of Frank Bray, eight miles out on the Elizabeth City road.

The buildings and grounds adjoining the Bray house, at night, are as well-lighted as a city intersection, and light discourages thievery. The chances are that vandals out for a night of ransacking smokehouses and looting farmyards will steer well to one side of the Bray farm. For even if the lights are turned off when not in use, they can still be snapped on at the flick of a finger, throwing the yard and whole set of buildings into instant brilliance.

Rural electrification makes this possible, or maybe the power is generated locally. In either case, there'll be no stumbling over unseen obstacles in the dark, and no fear of wandering bad men lurking around the house or storehouses.

The Weekly would like to see every farmyard in the county as well equipped for lighting as the one on the Elizabeth City Road. The cost of installing such equipment, The Weekly believes, will be more than offset by the feeling of security such lighting will bring.

At a later date, The Weekly will try to secure an itemized estimate as to the cost of lighting an average size farm layout. The loss on one wholesale meat robbery, we believe, would more than cover the cost.

**LETTERS TO THE EDITOR**

NOT OUR FAULT  
October 26, 1938

Editor, The Perquimans Weekly, Hertford, N. C.  
Sir:

If I remember correctly, there was a recent letter addressed to you, the editor, inquiring into the parental feelings about the deplorable condition of our graded school building. If I remember still further correctly, this condition, according to your "reliable sources" was to be remedied before cold weather arrived.

May I humbly ask if this improvement has been accomplished? And if not—as I believe to be the case—what is to the degree to be reached on the local thermometer before these "reliable sources" consider the weather cold? I have noted a thermometer reading below fifty degrees several times.

JAMES EVART NEWBY  
Hertford, N. C.

Editor's Note: If Hertford Grammar School conditions in regard to fire hazards have been corrected, The Perquimans Weekly has failed to publish a news story in which we believe the whole town would be extremely interested. We are given to understand, however, (from our "reliable sources") that the children no longer use the main stairway in reaching the second floor. The main stairway is erected directly over the un-fire-proofed furnace room, but we fail to see the satisfaction in this arrangement. The auditorium is still on the second floor and, contrary to State law, there are still no outside fire escapes.

October 25th, 1938  
Editor, The Perquimans Weekly, Hertford, North Carolina.  
Sir:

Are the Hertford people for or against Sunday movies? Maybe you know, or can find out. Certainly numbers of them are not, because every Sunday afternoon and Sunday night finds them leaving for the movies in Edenton and Elizabeth City. There seems to be no good reason why movies should be more harmful here than they are in our towns, Sunday or week-day. So far as I have observed there seemed to be no ill effects resulting from the showing of "Snow White" here on Sunday.

Yours Inquiringly,  
R. C. C.

Hertford, N. C.  
Editor's Note: It does seem to us a bit futile to try to discourage Sunday movie-going when towns on

Mrs. A. R. Winslow, Jr., and Miss Polly Baker were in Norfolk, Va., Saturday.

Mrs. Johnnie Lane is improving af- each side of us open their doors to the Sunday trade regularly. Hertford people, we know, do attend movies in both towns, but in reply, we would ask a question: Is there a law against Sunday movies in Hertford? If not, what stand would the local theatre management take on the question? The showing of "Snow White" would indicate to us that the theatre interest would favor Sunday movies for Hertford if public interest seemed so inclined. To other readers, what do you think?

ter a recent illness.

Mr. and Mrs. Raleigh Minton, of Elizabeth City, spent the week-end with Miss Myrtle Umphlett.

Miss Audrey Umphlett and Miss Dona White motored to Pocomoke City, Md., Sunday.

**WALKER'S**

HERTFORD, N. C.

The Farmall 14 on rubber. Note the higher seat and steering wheel. The driver is up and out of the dust. He has more leg room, too.

**The FARMALL 14.. A New High in Tractor Value**

The new McCormick-Deering Farmall 14 Tractor is a triple-power tractor (equipped with belt pulley and power take-off), designed to operate efficiently and give you maximum power on either gasoline or distillate. A new type replaceable oil filter cuts operating costs. A new floating oil screen assures a clean supply of oil to the bearings.

Other features are triple steering wheel control, adjustable rear wheels, and a long line of Quick-Attachable Machines to work with it.

The F-14 fits the power needs of farms in the 4 to 6-horse range, saves money on the lighter jobs, and makes an ideal "extra" tractor on large farms.

See the F-14 the next time you're in town.
