

Cotton Sales Depend Upon Market Quotas

Referendum Scheduled To Be Held on December 10

Cotton producers must work together if they want to reduce the surplus and make possible an improvement in the price situation, states E. Y. Floyd, AAA executive officer at State College.

"The present supply of cotton is excessive and unless adjustments are made the surplus is likely to get larger," Floyd says. "The AAA farm program provides marketing quotas as a means for controlling the amount of cotton to be marketed. Without quotas in effect, however, it would be possible for non-cooperators to offset the adjustment efforts of their neighbors." Marketing quotas were provided in the Agricultural Adjustment Act so that farmers could adjust surpluses when the latter threatens to drive down income.

Floyd points out that with quotas in effect the cooperater can sell all the cotton he produces in 1939 without penalty.

On the other hand, the farmer who overplants his cotton acreage allotment will be encouraged to hold from the market all cotton produced in excess of his farm's quota. All cotton sold from the 1939 crop above the quota will be subject to 3 cents a pound penalty.

The referendum on cotton marketing quotas will be held December 10. All farmers who produced cotton with a staple less than 1 1/2 inches in length in 1938 will be eligible to vote.

FILM FORECAST AT STATE THEATRE

HERTFORD, N. C.

Monday and Tuesday—"Too Hot to Handle"

Clark Gable and Myrna Loy in "Too Hot to Handle"

Clark Gable and Myrna Loy as daredevils under fire, provide thrills, romance and action-packed drama in "Too Hot to Handle," story of the daring feats of newsreel cameramen, which will be shown at the State Theatre Monday and Tuesday, gets off to a flying start in Shanghai.

War, aviation thrills, the quest of a lost aviator amid savage tribes in South American wilds, the crackup of Miss Loy's plane, are among the rapid fire details of the new picture. The Gable-Loy combination, acclaimed in "Test Pilot," figures in even faster and more furious romance in the new picture, deftly directed by Jack Conway. The story shows Gable and his rivals ferreting out "scoops" in the Orient, ranging from bombings to the "Chinese Big Apple." Miss Loy starts on a mercy flight. Gable, in quest of a "scoop," manages to involve her in a plane wreck. There is a hoax accusation and love dawns amid a melee of excitement.

Laurence Stallings, author of "What Price Glory" and "The Big Parade" and John Lee Mahin did a clever job of scripting from the original story by Len Hammond. Walter Pidgeon plays Bill Dennis, Gable's principal rival; Walter Connolly is Gabby McArthur, Gable's boss; Leo Carrillo has the comedy role of Joselito. Also in the cast are Johnny Hines, Virginia Weidler, Betty Ross Clarke, Henry Kolker, Willie Fung and Patsy O'Connor.

Highlights include Miss Loy's plane crash; Gable filming newsreel amid a rain of bombs, the trek into the South American jungles, filmed on location amid actual savage tribes, the filming of a fog-bound liner on fire from the air, daring aerial tricks in gliders, and the aerial rescue of the jungle imprisoned flyer.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wise when these signs appear. Doan's PILLS, Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people in every part of the country. Ask your druggist.
