## To Hold Open House At Grammar School PTA Lunch Room

## Part Plan to Acquaint School Patrons With Operation of Rooms And Matron Service

The Works Progress Administration, in attempting to better acquaint Mr. and Mrs. Public with the activities of the lunch rooms and the matron services provided in several of the county schools, is planning to hold "open house" in all WPA lunch rooms.

W. G. Stancill, of Williamston, district supervisor, thought up the idea and forwarded it to the local sponsors. The lunchroom committee of the Parent-Teacher Association looked the plan over and decided it was pretty good. This committee will sponsor the event and "open house" will be from April 15th through the 19th.

Mimeographed letters will probably be sent to all school patrons inviting them to visit the lunch room and matron service projects. Visiting hours, according to Mrs. Cook, foreman of the local lunch room in the Woman's Club house on Academy Street, will be from nine a. m. until three p. m., on the dates mentioned above.

Each visitor will be served a glass of iced tea and a sandwich and the lunch room cook will be instructed and trained to give information to the visitors. Each visitor will be asked to register.

There are lunch rooms in the Perquimans County High School (not WPA operated and not included in this plan) one in Winfall at the Central Grammar School, one at the colored school in Hertford, and one at the Hertford Grammar School. Matron service is provided in all schools at the Hertford Grammar School.

## MORE ABOUT HOLMES

(Continued From Page One)

be adhered to by all good Democrats in the interest of preserving the substance of Democratic government. Senators from other districts consisting of a single or two counties have served longer, but I have not been made aware of a variation in the First District covering a large area of seven counties, all of north-eastern North Carolina. The custom should be maintained.

"If nominated, I shall support a measure reducing the sales tax by one-third and elimination of exemptions. I shall work for a new law making compulsory the allocation of funds available for highway maintenance and construction, on the basis of need in view of rounding out a Statewide system of roads, rather than the present rule of area and population. Also, that a larger portion of funds of the Highway Department be spent on farm-to-market and farm-to-school roads to the end that these roads shall be safely usable the year around.

"If elected, I shall work in harmony with the Representatives of the various counties in the District. I take it a Senator will not inject himself into purely local matters, peculiar to a single county.

"It is obviously impossible for me to see all the voters in the District. I shall see as many as I can. Of necessity, I must rely mainly on the support and effort of my good friends and those citizens favorable to my candidacy.

"I am deeply grateful for the warm response my announcement has met with thus far in all parts of the District, and I shall be forever grateful to the good people for their votes, support and encouragement."

## HOSTESS AT BRIDGE LUNCHEON
