Jeanette MacDonald — Nelson Eddy Ten Romberg songs in dazzling production.

In a picture which is said to surpass even their greatest triumphs on the screen, Jeanette MacDonald and Nelson Eddy are teamed again, this time in the musical romance, "New Moon," a story set against the colorful background of early New Orleans.

The musical production, which comes to the State Theatre Thursday and Friday, is their first together since "Sweethearts," which was immediately followed by each making a concert tour across the country.

"New Moon," in addition to its dramatic and exciting romance of a lady of French royalty and a fugitive from political justice, offers such all-time musical favorites as "Lover Come Back to Me," "One Kiss," "Wanting You," "Softly As in a Morning Sunrise," "Rondelet," "Largo," "Marianne," "Paree," "Shoe Shine Song" and the stirring "Stout Hearted Men."
