

DESTINY . . . FOR AMERICA

family . . . listening on the radio to idleness? Have you ever thought country so fast?

Only a little more than a century machinery? and a half since we became a nation! Only 300 years since all there was of it were those few, precarious settlements on the Atlantic seaboard!

And now? We are the greatest nation in the world with power to lead the world, if we choose!

Have you ever felt that back of the Surge which brought people to this country was something more than personal ambition? A great planperhaps-that caught them up in its unfolding so that they were eager to cross the ocean when it was six weeks wide, and dangerous; so that they were determined to go West, generation after generation until there were no more frontiers? Have you ever wondered why women as well as men, were possessed with such a love for land of their own that nothing mattered but gratifying it? Not drudgery, not danger, not loneliness.

Have you ever wondered why even the climate of this new world is for today is helping to give the momenthe most part more stimulating than tous answer!

Get the cnemical extra

THAT MAKES MOTORS SING . .

With the New 1940 PURE-PEP GASOL

When you spend a dollar for any of the modern new gasolines, you get just about the same quantity wherever you buy.

But when you buy the new 1940 Solvenized Pure-Pep Gasoline you get something extra that doesn't show up in the quantity or in the price either.

It's Pure Oil's bonus-the exclusive chemical combination that helps reduce excess carbon formation as you drive. It's something you don't get in other gasolines. It's something you don't pay extra to get in Solvenized Pure-Pep.

More than just an anti-knock fuel-although improved refining processes also give this pepped-up gasoline higher antiknock value at all speeds.

More than just a quick-starting fuelalthough it has that, too.

It's the all-round, brand-new 1940 gasoline with the extra chemical bonus-STILL AT THE PRICE OF REGULAR.

To cleanse your motor of accumulated excess carbon, QUICKLY—ask about our Solvenized Tune-Up Treatment. Takes only 30 minutes . . . costs only \$1 . . . money back if not satisfied.
