

Ladies' Wear Moved To Department On Second Floor At Blanchard's

The ladies' and children's ready-to-wear department is now located at J. C. Blanchard and Company in remodeled quarters on the second floor. The foundation garments department, as well as hosiery, bags, hats, gloves and other accessories are now concentrated in one compact though attractive and well-arranged department.

Moving ladies' wear to the second floor lends a greater degree of privacy and gives more room for interior display downstairs on the ground floor. Mrs. Lessie Perry is the manager in charge of the remodeled department.

M. Fields, Martin Towe, H. C. Sullivan, Kermit Kirby and M. V. Walker.

County Native, E. City Police Sergeant, Dies At Home Wednesday

Members of the police department in Elizabeth City and friends who knew him in this county were shocked at the sudden death Wednesday morning of Sergeant Frank T. Winslow, veteran member of the police department and native of Perquimans County.

Mr. Winslow was born in this county, in the Whiteston section, but moved to Elizabeth City 47 years ago. He was 68 years old at the time of his death and had been on the police force for 23 years. Elizabeth City mourns the loss of a valuable and fearless officer. He had gone off duty at 2 a. m. Wednesday and was found dead in the bathroom of his home on Burgess Street at about seven o'clock. Death was attributed to a heart attack.

Though he was old enough to remember when most of the other officers came into service, Sergeant Winslow could still stand his ground with the rest of them on the toughest assignments. In 1927 he was shot and almost died in a gun battle with a criminal.

He is survived by his widow; and in Perquimans County, by a sister, Mrs. C. I. Winslow of Whiteston. Funeral arrangements had not been made Wednesday afternoon. He was a member of the First Baptist Church in Elizabeth City.

MORE ABOUT RIOT

(Continued from Page One) following night and there was no indication of further disturbances. Many of the Negroes are awaiting trial on charges of creating a public disturbance, reckless driving, speeding, assault with a deadly weapon with intent to kill, carrying concealed weapons, hitting traffic officers and other sundry violations.

It was the first large-scale racial riot in the history of this section and for a while it looked like gallons of blood would be shed. While officers—bristling with artillery—stood ready with sub-machine guns, hand grenades, rifles, pistols, tear gas and wicked-looking riot clubs, not to mention the old reliable shotguns, the mob stood at bay and seemed rather uncertain as to what course to pursue. The Negroes were in extreme danger and for the first time seemed to realize it. The Guardsmen, firemen, policemen and patrolmen volunteers could have handled a mob thrice that size, but as it turned out damage was slight, injuries were minor and only two shots were fired. Trial for the score of Negroes who allegedly started it all, is set for next Wednesday in recorder's court.

MORE ABOUT WAR

(Continued from Page One) that air-raids of the type to which London has been subjected for the past several days are still being carried on; that 10,000 plane-loads of German bombs are being dumped on the London sector daily in four waves of 2,500 planes each, which condition cannot possibly exist for long (London will be blasted out of existence or German planes and ammunition will become exhausted); the Nazi invasion of England by sea will have begun, in which case the greatest battle in history is already underway.

At any rate, The British Kingdom shows not the least signs of surrender. Hitler must strike immediately or abandon his intentions for the time being and content himself with nuisance raids over England, and the English themselves are prepared for almost anything. This week is the most important week in Britain's history . . . and the World's.
