

A "FREE ENTERPRISE"

little book with the red, white and blue cover called "How Can I Help?"

The authors write it out of the love of their hearts and the disturbance of their minds. An artist read the manuscript and designed the cover without thought of recompense. The publisher whittled the cost of paper to the minimum and his printers offered to work on a holiday without charge in order to get it out on schedule.

It seems to have met a very defin-Ite need and swept the country as seon as it was out. It is being bought by all sorts of groups as well as by individuals. The boy scouts have distributed 5,000 copies of "What Can I Do?" and 5,000 more are ear-marked for them. Schools have bought it and factories and

It talks in a language so simple a child can understand it but so intelligently the wisest persons finds it food for thought. It tells what you and I and our neighbors down the street and our cousins in other states can do for our country nowthis winter without leaving home or making any great change in our way of living. It tells what to do with our mind and our body to stabilize them for any emergency; it discusses the various good organizations in the community and how to organize the town still further for the good of America. It analyzes propaganda; and fifth-columnism and tells how to meet them. It talks of sound labor relations and how to check unfair abuses of business. It suggests how to work with new comers to this country who are still having trouble with our language and it talks of ways to know our South American neighbors much better.

It ends with a two page "Crystalizing of our creed" which high spots the activities that all of us can undertake and which will help us become a part of a "flood tide of national unity." And it is that unity that will mean as much to our national security and to our future as the army or the navy or even a sky dark with planes.

Coupons Now Can Be Turned To Cash

Thousands of homes, rich and poor, in every section of the country, save coupon from soap and other grocery commodities. These coupons are used to obtain premiums household articles, useful gifts, and a great variety of things for young and old.

Now a use has been found for these coupons. They can be converted into cash for the benefit of religious, fraternal and charitable institutions.

Many churches, clubs and other groups are taking advantage of this opportunity to add to cash income. Substantial sums of money can be obtained for the coupons pile up quickly since they come with such popular every-day brands as Octagon Soap Products.

The regular rate allowed for these coupons is \$4.00 for each 1,000 and an extra inducement for the balance of this year is now being offered in the form of a bonus certificate worth 250 coupons. This certificate can be used as a "nest egg" to start a coupon collection and will be sent to any church upon request.

The certificate is redeemable in Statement Of The Ownership, Mancash; if a minimum of 2,000 coupons is gathered by December 31.

Any organized group, wishing to have full details of this simple, effective money-raising plan, is invited to write the Premium Department, Church Plan Division, Jersey City New Jersey.

BAD APPLES

You'll probably find a few bad apples in every bushel

That's the way it is with beer retailing.

There are several thousand wholesome, lawabiding retail beer establishments in North Carolina. But there is a handful of undesirable, anti-social outlets that reflect discredit upon the entire beer industry.

The Brewers and North Carolina Beer Distributors Committee aims to eliminate every antisocial retailer. During the past 18 months its clean up or close up program, in cooperation with law-enforcement authorities, has forced out of business 133 dealers who refused to operate according to the high standards demanded by public sentiment and by the legalized brewing

You can help in this important work by restricting your patronage to reputable beer dealers.
