

Fertilizer Law May Be Amended

Raleigh, N. C., Feb. 27.—Changes in the State Fertilizer Law "to give farmers greater protection, to decrease the use of sand in various grades and simplify information on plant food guarantees," will be sought in the 1941 General Assembly, D. S. Coltrane, assistant to the Commissioner of Agriculture, said today.

He explained that under proposed changes, the number of grades of fertilizer will be reduced and greater use of grades recommended by the N. C. Experiment Station will be promoted.

Features of the proposed measure include provisions to: (1) State water insoluble and nitrate nitrogen guarantees "in percentage of the total," rather than in decimals, so as to furnish farmers accurate and understandable information on plant food guarantees; (2) permit the use of "not less than 35 and not more than 50 grades of fertilizer," which would eliminate useless grades, and should result in promoting economy for both farmer and manufacturer; (3) increase the units of plant food from 14 to 16 which would eliminate thousands of tons of worthless sand filler that is now costing farmers \$10 to \$12 a ton; (4) require that goods be stamped "net weight" rather than "weight" under the old law; (5) Prohibit a manufacturer from lowering the quality of any established, registered brand; (6) Require basic slag to be guaranteed as to both total and available phosphoric acid; (7) Narrow tolerances for deficiencies of plant food guaranteed, strengthening the penalty provisions; (8) Give options to the manufacturer to guarantee minimum per cent of magnesium oxide and calcium oxide, as well as minimum sulphur guarantees in general crop fertilizers; (9) change the provisions under which fertilizer grades are registered; (10) Provide that penalties be assessed on each plant food deficiency, disallowing excess in any one unit of plant food to cover the deficiency of any other ingredient guaranteed; (11) Require, if claimed, both a maximum and minimum sulphur guarantee in tobacco fertilizer.

James Taylor Injured In Accident Saturday

James Taylor, employee of the Cannon Cleaning Works, was painfully injured Saturday afternoon when he was knocked from his bicycle and run over by a car driven by James Felton, Negro.

The car passed over the boy's hips but did not break any bones. However, Taylor was badly bruised in the ordeal.

Felton was charged with assault with an automobile and driving with improper brakes. His case was docketed for hearing Tuesday morning, but was continued due to the fact that young Taylor was unable to appear in court.

THE SWING IS TO PYROFAX

The Modern Gas Service That Ends Kitchen Drudgery... Cooks Dinner for you

"MAKES COOKING A JOY"

"Pyrofax" Gas Service is so convenient, so dependable that it positively makes cooking a joy. Food tastes better, too, because I can follow recipe cooking directions to the letter... something I never could do with old fashioned fuel."

"HOT WATER AT ALL TIMES"

"We never had enough hot water for our big family until we installed 'Pyrofax' Gas Service. Now, thanks to 'Pyrofax' gas we have plenty at all times—and the cost is surprisingly little."

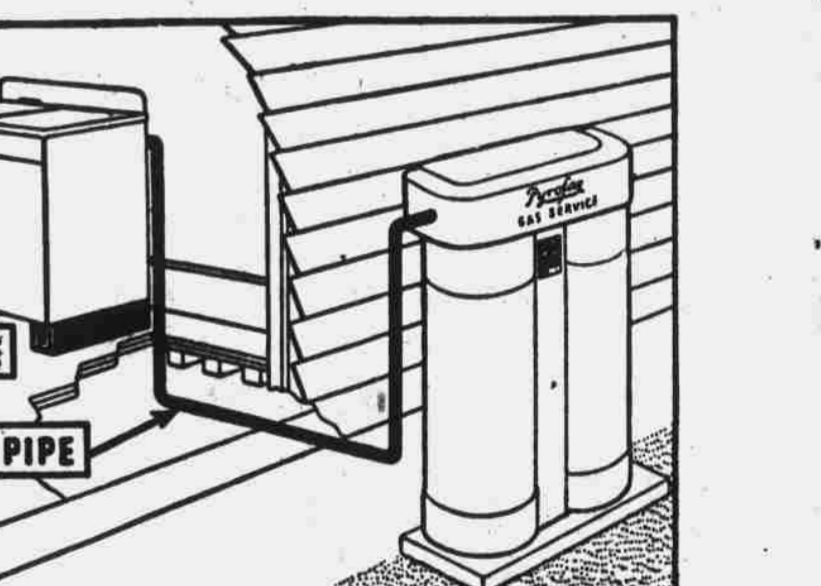

"MAKES ICE GALORE"

"'Pyrofax' Gas Service has made it possible for us to have a gas refrigerator—something we've always needed badly. And it is paying for itself out of savings on food that would otherwise spoil. On the hottest days last summer we had ice galore, too."

It's as convenient as living in the city—having "Pyrofax" Gas Service in your kitchen! You cook, heat water or make ice just as though your appliances were connected with the city gas mains. There's no soot or smelly fumes. And fire building, coal and ashes are banished forever!

The cost? Not a penny for the equipment. "Pyrofax" gas regulating equipment is delivered and installed in your home for an installation charge of only \$9.75. And the experience of hundreds of women shows you can cook a complete dinner for the average family for 3¢! What's more, "Pyrofax" Gas Service is always dependable. Vast supplies, instantly available, insure plenty of gas when and where you want it! Let us tell you more about it—now!

UNINTERRUPTED SUPPLY OF GAS AUTOMATICALLY! Two cylinders (guaranteed to contain 100 lbs. each) are delivered to your home—one for use—one for reserve. Automatic changeover device, available for slight additional installation charge, turns on supply from reserve cylinder as soon as cylinder in use becomes empty.

"PYROFAX"

DEPENDABLE GAS SERVICE
