THIS WEEK'S HEADLINES

Hitler surprised the world again this week, when on Sunday he declared war against his former ally, Russia. Charging that Russia had consistently broken the terms of their pact, Hitler said that he had placed the matter in the hands of his soldiers.

The House on Wednesday voted funds for the construction of the Naval blimp base at Elizabeth City. Work on this base, it is understood, will start sometime in the very near future.

The action caught all nations off guard inasmuch as few expected Hitler would fight Russia or vice versa. Russia, it was stated, was expected to yield to the demands made by Germany last week.

As yet definite news of the progress of the war on the Eastern front is not available. Claims and counter-claims have been made by the belligerents but none of them have been official. Authorities, both in England and the United States, seemingly have little hope that the Red Army can hold out against the Nazis. However, both have stated they will aid Russia in battling Germany.

The United States had another submarine tragedy when the O-9 sank in over 400 feet of water, while attempting a test dive off Portsmouth, N. H. Thirty-three officers and men were lost. The Navy held official memorial services over the spot on Sunday.

It is unlikely that the U. S. will aid Russia directly under the Lend-Lease bill. Thus far official Washington has been avoiding the issue, but it may be possible that we will aid indirectly by having Britain pass on materials given her under the law. England has promised aid to Russia as long as it fights Hitler.

Owners of good farming land in Eastern North Carolina who wish to sell their farms, or who desire tenants, are requested to get in touch with Walter R. Jones, Jr., negotiator in charge of land acquisition for the U. S. Marine base at Jacksonville, N. C. It is estimated that 75 to 100 farm families who are moving from the Onslow County site are interested in locating elsewhere.

Government agents, working out of Elizabeth City, captured a 700-gallon still and 3,500 gallons of mash, last Saturday when they trapped bootleggers at the still near Indian-town. The still was dynamited and the mash destroyed.

The United States, this week, released the funds of Russia which were frozen ten days ago. This action will give Russia the opportunity to purchase war materials needed to fight Germany.

Little Finland continues neutral in the Nazi attack on Russia, but reports say she is preparing for the worse. Finland was overwhelmed by the Reds in the winter of 1939 after it had put up a brave defense of its territory. It is likely now that Finland will regain the lost land she ceded to Russia at the close of that war.

England's battle against Germany has been overshadowed by the new war in the East, but the British R. A. F. have been pounding French invasion ports and German cities for the past two weeks. The British and Free French armies seemingly are gaining headway in Syria and hope to have that colony completely under control before the Russo-German war gains too much headway.

Late reports on Thursday indicated that Russia was counter-attacking the German forces and driving them back out of Russia at some points. However, these were Russian reports and nothing definite has come from Nazi sources, except reports that German armed forces were proceeding on schedule.

Finland announced late Wednesday that she was taking defensive measures against Russian attacks. This statement was not elaborated but reports told of Russian air attacks on Finnish towns and cities, thus the Finns may be ready to retaliate.

Price Administrator Leon Henderson announced Wednesday that the Government may put a ceiling on the price of automobiles. This statement followed a meeting between government officials and auto manufacturers regarding the recent increase in prices of cars. It is likely that the government will take similar steps with regards to automobile tires and other rubber goods.

Norman Trueblood, Secretary of the Hertford Lions Club, was chosen Governor of District 31-C at the State Convention of Lions Clubs held this week in Asheville. Trueblood will assume his new office following the International Convention in New Orleans, July 22.

Country's Birthday Will Be Observed Here Next Week

Although Governor Broughton has proclaimed July 4th and 5th to be official holidays, indications here are that the majority of stores will observe the National Holiday, but not to that extended length.

Majority Of Stores Indicate Closing Thursday P. M. And All Day Friday

A survey made by The Weekly regarding the closing of Hertford stores for the 4th of July revealed that the majority of the stores intend to close for the usual half-holiday Thursday afternoon and remain closed all day Friday, opening again on Saturday morning.

However, some of the store owners and managers stated that they would stay open all day Thursday and close for the holiday on Friday. This group includes most of the grocery stores in Hertford.

The postoffice will be closed all day Friday, the 4th. However, mail will be dispatched and placed in boxes at the postoffice.

The Hertford Bank will be closed Thursday afternoon and all day Friday. R. M. Riddick, cashier, stated there was a possibility that the bank would also close on Saturday to reopen Monday morning, but no decision had been reached as yet.

However, shoppers are advised to shop early next week and not get caught in need during the holiday and it would also be advisable to ask your merchants about their closing plans. Some changes may be made in their plans during this week-end and they will be glad to inform you of their holiday closing.

Hertford Club Wins More Honors; Lane Serves on Rules Committee

Norman Trueblood, secretary of the Hertford Lions Club, and an outstanding worker in Lions activities, was elected Governor of District 31-C at the State Convention of Lions Clubs held this week in Asheville. The election of the district governor took place on Tuesday.

Mr. Trueblood was chosen for the high office over Luther T. Rogers, who was sponsored by his home club of Wilmington.

The Lions gathered in Asheville Sunday and the convention continued in session through Tuesday night.

Monday and Tuesday were red letter days for the Hertford Lions. Other Lions from all over the State became very much Hertford conscious on Monday when Archie T. Lane was appointed to serve on the important Rules Committee.

At the district luncheon held that day, the Hertford Club was awarded Second Place Honor Roll Cup, missing first place by only one point. It was also awarded second place cup for yearly attendance. On Tuesday Norman Trueblood was chairman of the Club Secretaries Luncheon.

At the business session on Tuesday, Trueblood was nominated by Archie T. Lane for Governor of District 31-C, and his nomination was seconded by President-elect Ralph E. Parrish of the Edenton Club. What had been expected to be a very close race developed into a band-wagon rush for the local candidate after it was learned that the Raleigh Club had held a caucus and decided to support Trueblood and he thus became the first successful candidate who had not previously served his club as president. He also became the youngest district governor-elect in both age and in the length of time he had been a Lion. He will assume office at the close of the International Convention which begins July 22 at New Orleans.

At the District Governors' banquet Tuesday night, Hertford was awarded the cup for attendance at the convention, based on the number of man miles traveled for clubs with 35 members, more or less. Also at this banquet the cup annually given to the most efficient secretary in the district was awarded Norman Trueblood. The cups presented to the local club were accepted by Archie Lane, who is the first vice president of the local club.

The local delegation composed of Archie T. Lane, Charles Williford and Fred Chalk, and Mr. Trueblood was well pleased with the accomplishment of the Hertford Club at the convention and returned home on Wednesday.

Peanut Prices Are Advancing Rapidly According To Report

The lulling peanut market, which stayed around 3 and 3/4 cents for many months sprung into action the last two weeks and the prices have advanced to new highs. A government report released jointly by the North Carolina and United States Departments of Agriculture listed peanuts at 5 3/4 for the best Jumbos and 5 1/4 for good bunch the latter part of last week.

The report added that recent rains had been helpful to the crop, but that farmers are a bit disturbed at the continued coolness of the weather.

Hog prices are also on the upgrade, advancing as much as 6 cents last week with the top standing at \$9.95 in Rocky Mount and \$9.25 in Richmond.

Officer Arrests Two For Transporting

Patrolman Jack Gaskill stopped McKinley Bond and Rufus Harvey, both Negroes, last Saturday afternoon for a routine check-up on their car and driving permits. When Patrolman Gaskill started to get into their car to test the brakes, he discovered the Negroes were transporting non-tax-paid liquor.

Bond and Harvey were immediately placed in jail and a hearing will be held for them at the next term of Recorder's Court, July 1. No court was conducted this week and all cases scheduled to be held were carried over to next week.

R. M. Riddick Named Chairman Of County Committee On Bonds

Local Committee to Aid In National Defense Savings Program

C. H. Robertson, of Greensboro, State Administrator of the Defense Saving Staff, announces the appointment of R. M. Riddick, cashier of the Hertford Banking Company, as chairman of the local committee for Perquimans County. Other community leaders who have been asked to serve on this committee are F. P. Johnson, Charles Whedbee, J. W. Ward, J. S. McNider, C. P. Morris, Max Campbell and Mrs. B. G. Koonce.

Mr. Riddick announced Wednesday that he would call a meeting of the Perquimans Committee to work out plans for carrying out the program here.

In announcing this new program, the Honorable Henry Morgenthau, Jr., secretary of the Treasury, said, "Defense Savings Bonds and Stamps give us all a way to take direct part in building the defense of our Country—an American Way to find the billions needed for National Defense. The United States is today, as it has always been, the best investment in the world. This is an opportunity for each citizen to buy a share in America."

The success of the Defense Savings program will be measured by the number of men, women and children who serve their country by saving. The Secretary of the Treasury has said repeatedly that his chief objective in this program is to spread the cost of defense as widely as possible among the American people. His main purpose is to give every American a sense of direct participation in the financing of national defense.

If the Defense Savings program is to be brought to the attention of all Americans, in all parts of the country in all walks of life, the effort must be made in every local community. If it is to be done in a manner consistent with our democratic traditions, the active support of public-spirited citizens must be enlisted everywhere. For these reasons, the Treasury has created State committees in every state, and will encourage the formation of similar local committees reaching into every part of the country. This Committee for Perquimans is a part of this nationwide organization. The all important task of this and other like committees will be to spread information about the Defense Savings program among 130,000,000 Americans.
