FRIDAY, MARCH 19, 1943

TEST YOUR SINCERITY: If you be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God.—Col. 3:1.

It Would Help

The suggestion has come to The Perquimans Weekly that the Board of Commissioners for the Town of Hertford should take steps to mark the names of all streets within the town and to see that property owners properly mark the numbers of their residences.

The suggestion is a pertinent one, The Weekly believes, and is one, if carried out would help considerably in adding attractiveness to the town and render great aid to new comers here.

With the Town's population greatly increased, and more people likely to come here, the newcomers are at a loss to know exact locations of homes and apartments. We believe the task could be carried out without great difficulty or expense and should be done as soon as possible.

Farmers Face Inflation Threat

Some of our farmer friends will not like this warning but, nevertheless, it is timely to remind them of the bankruptcy of American agriculture which followed the wild inflationary spree of the first World War and the early post-war period. We understand the inevitable longing that every agriculturist has to secure higher prices for his products. In this, the farmer is no different from any other citizen. It is hard for any individual to understand that a balanced income over a period of years is much more to be desired than high incomes for a few years and low incomes for many years thereafter.

The farmer, according to most economists, is the first to feel the dire blight of a depression and the last to recover from its ravages. While we may regret the truth of this statement, we should not overlook it. Consequently, intelligent farmers should be sure that everything necessary is now being done to prevent the surging flood of inflation that sweeps away the savings of a lifetime.

A farmer does not have to be a very old man to remember that in the early Twenties farm land had practically no cash value. When put on sale, the amount received depended almost entirely upon the lucky circumstances, such as the existence of a nearby neighbor who happened to want some land. So far as attracting investment capital, farm lands, in the last depression, simply did not exist as an asset.

In view of the demands that are arising throughout the land for increased prices and higher wages, we are about resigned to the expectation of another great depression. We hope that it can be avoided but unless present trends in the United States are checked, we doubt it.

Consequently, we feel it necessary to warn all farmers to be on their guard, avoiding excessive commitments and the creation of new obligations and, wherever possible, to conduct their operations on a cash basis.

WINFALL NEWS

NEW HOPE SOCIETY MEETS

The Woman's Society of Christian Service of the New Hope Methodist Church met at the church on the afternoon of March 11th, with fourteen members present. The meeting was very helpful and much enjoyed. The devotional was followed by the meditation and suggestions for home and foreign work were discussed.

W. M. S. TO MEET

The Woman's Missionary Society of the Hertford Baptist Church will meet Monday afternoon, March 21, at 3:30 o'clock. All members are urged to be present.

CARD OF THANKS

I wish to express my sincere thanks to neighbors and friends for their many kind acts and expressions of sympathy during the death of my husband, Jesse Lane.

Mrs. Jesse Lane.

PINEY WOODS W. M. S. MEETS

Mrs. N. W. Chappell, Mrs. Callie Copeland and Miss Maggie Chappell were joint hostesses to the Woman's Missionary Society of Piney Woods Friends Church Saturday afternoon at the home of Mrs. Chappell. The meeting was opened with the hymn, "Sweet Peace, the Gift of God's Love," after which the devotional was conducted by Mrs. Elvin Spivey, using the topic "The Peace of God," and reading Phil. 4:4-13. At roll call members answered with a thought on Peace. Mrs. T. C. Perry was in charge of a very interesting program taken from the study book, "Outlook in Mexico," with several members taking part. At the conclusion a true or false contest was given. Interesting sketches from the Missionary Advocate were presented by Mrs. W. L. White. The meeting was dismissed with the Missionary benediction.

# NEWS FOR MOTORISTS

—as broadcast this week on the Kaltenborn program

Listen to H. V. Kaltenborn, dean of News Commentators, at 7:45 P.M. on WTAR, Norfolk, Monday thru Friday, or WPTF, Raleigh, Monday thru Thursday.

### ANNOUNCER:

It's an odd fact but a true one, that the less you drive, the more your car needs service. That's what the engineers in Pure Oil's research laboratory say—and they know cars. Here's their advice on oil changes under reduced driving conditions. Change oil every sixty days, or every 1,000 miles—whichever comes first. You see, today, under reduced driving conditions, with short trips at low speeds your motor doesn't get hot enough to drive off the moisture that condenses in the crankcase. This excess moisture—plus unburned gasoline, dirt and carbon particles, contaminates the oil. It may even form what engineers call "Mayonnaise sludge." This sludged oil is hard to circulate, steals power from the motor, and doesn't lubricate all parts properly. So don't take a chance. Change oil every sixty days—at the big, blue-and-white Pure Oil sign!
