

## Food Conservation Sponsored By Office Of Civilian Defense

Under the sponsorship of the Office of Civilian Defense all Home Economists in North Carolina have volunteered their services to teach all families—urban and rural—how to conserve the foods produced under the Food for Freedom Program, so that no one in North Carolina will go hungry during the winter of 1943-1944.

In organizing this program Mrs. Stella R. Cusick of the Farm Security Administration, Miss Catherine L. Dennis of Vocational Home Economists and Miss Ruth Current of Extension met with Dr. John Fox Kendrick of O. C. D., who is State Chairman of the Nutrition Committee, and worked out plans for (1) a workshop on the State level at which Home Economists on the State and District levels met together to work out plans for reaching the last family on the last row in the whole State, (2) worked out plans for these Home Economists to give demonstrations in every county in the State, first to the paid Home Economists in the county

and then to all of the Sector Leaders in the towns of the county.

In this two-day meeting plans are to be worked out so that trained Home Economics workers, paid and volunteer, will give demonstrations in every zone in towns and every rural community, so that leaders thus trained can reach every family in every county.

This is the first time in the history of the State that all organizations have worked together to put over a coordinated program of food conservation that will reach every family in the State with uniform information. So impressive was this program that Washington not only sent representatives to the State meeting, but also asked that a copy of the plans for the meeting be sent to them to be distributed to every State in America.

On March 18 and 19, Miss Martha Smith, associate Home Management Supervisor, F.S.A., will be in Hertford for a two-day demonstration. On Friday, March 19, Miss Smith will give demonstrations in canning, bringing and drying to paid Home Economists of Farm Security Administration, Home Economics, Extension and Commercial fields and Block Leaders. On this day they will also work out plans for reaching all rural families in the county with trained Home Economics people, paid and volunteer, giving demonstrations to rural leaders throughout the county.

Plans will be made so that all will be reached.

On Thursday, March 18, County neighborhood leaders will be given this same demonstration. Plans will be worked out with them for reaching every woman in towns and villages with demonstrations. They will enlist the services of all trained Home Economists, paid and volunteer, in giving these demonstrations. At the State meeting Governor J. M. Broughton stated that this is not a matter of volunteering but of dedication.

It should stir the pride of every North Carolinian that our State is taking the lead on a matter so vital in the present emergency.

### Dr. Webb Opens Veterinary Practice

Dr. Lowell Webb, who was associated with Dr. Victor Finck for a period last summer, and for the past few weeks, has recently decided to establish a private veterinary practice in Elizabeth City.

Dr. Webb is a graduate of the Kansas School of Veterinary Medicine, and has had a great deal of experience in the handling and care of livestock. Having spent nearly his entire life on a large stock farm, he is quite familiar with livestock conditions and farming problems. He has been very active in agricultural activities throughout his entire schooling career, and was voted a State Farmer Award in the year 1938. He was also a member of the Kansas dairy judging team that won first prize in a national judging contest.

### Robert L. Stevenson First County Youth To Enter New Class

Robert Louis Stevenson, son of Mr. and Mrs. Ernest Stevenson, Route 2, has enlisted in the new Naval Aviation Cadet Class V-5, according to an announcement received here this week. Young Stevenson is the first Perquimans youth to enlist in this new class and on reaching his 18th birthday will be called to begin training as a flying cadet.

### Hertford Lions Club To Hold Oyster Roast

Members of the Hertford Lions Club will hold an oyster roast at the municipal plant Friday night. The oyster roast will take the place of the club's regular meeting and all members are urged to attend.

### Practice Blackout Scheduled Tonight

The Office of Civilian Defense today reminded the people of Perquimans to be prepared for the practice blackout to be staged in this area tonight, beginning at 8:50 o'clock. This blackout is a practice to familiarize the citizens with the new signal system and all residents are urged to comply with the regulations in order that the practice may be perfect.

## PERQUIMANS FARMERS KNOW THE IMPORTANCE OF GOOD SEED

## MORE FOOD IN 1943

Figures show that crops in 1942 were bigger than ever, but they'll have to be even bigger in 1943 if we are going to meet the goals set by agriculture for minimum needs of the nation and armed forces.

Making a bigger crop in 1943 is where you come in . . . raising more food for freedom is a duty for all. Use every available piece of ground and plant more foods.

When planning and planting, however, remember that seed is also important . . . that is where we come in. We have on hand a large supply of seed that will grow your victory garden and other food for freedom. These seeds are tried and tested and you will have no worry about your crop when you plant our seed.

If you have not already completed your plans for your Victory Garden . . . come in and let's talk over your needs. In addition to seeds, we can supply you with all the tools you will need to properly cultivate your garden.

See us for Onion Sets, May Peas, Seed Potatoes, Snap Beans and all other types of seed for planting your garden.
