

County FSA Families More Than Double Pork Production

Increasing pork production is all in the day's work on the 148 Farm Security Administration borrowers' farms in Perquimans County.

Meat rationing may be necessary for the good of the country during war times, but it hasn't stopped these FSA families from trying to do their part towards adding to the supplies of pork.

A review of the records in the FSA Office in Hertford is ample proof of the part small farmers are playing in this all-out food production program.

When 148 farmers can increase their number of brood sows from 340 to 496 in one year's time it can mean only increased pork production because farmers don't keep sows for the fun of it.

The records show that although the sows were increased about one-third in 1942 over 1941 that the actual production of pigs for these families was increased more than double. In 1941 they produced 2131 porkers and in 1942 they produced 4,884.

In spite of last summer's dry weather and a short corn crop, the actual weights of those produced in 1942 were heavier than the 1941 production, making even more meat.

According to the records these 4,884 pigs made 976,800 pounds of pork and lard. Most of it went into the channels of trade to feed our soldiers and allies. Miss Marian Morrow, who is the FSA Home Supervisor in Perquimans County, figured out the families' pork needs to be 68,900 pounds. This left 908,000 pounds available for sale which Houston Edwards, the FSA Supervisor, thinks is some kind of a record for 148 small farmers.

Miss Morrow's job is to assist these farmers' wives in better all around home practices. However, she said, that according to the amount of meat fed service men this surplus would feed 2,597 soldiers all the meat they needed for a year.

This increased pork production was made possible through the advice and financial assistance these families obtained through the Farm Security Administration and just goes to show what can be done by small farmers who a few years ago had to call on the Government for help but are now showing what loyal citizens they can be by coming to the aid of the Government in its need of increased food production.

PROCTOR-TIPPELL

The marriage of Miss Dorothy Mae Tippell, of Norfolk, Va., to Lloyd J. Proctor, son of Mr. and Mrs. V. L. Proctor, of Perquimans County, took place Friday afternoon at 5:30 o'clock, at the bride's home. The ceremony was performed by the Rev. P. Rowland Wagner, pastor of Central Baptist Church. The home was decorated with cut flowers, ivy and candles.

The bride wore a Navy blue suit with Navy and white accessories. Her corsage was of orchids.

Miss Virginia Baum was maid of honor and the bride's only attendant. She wore powder blue with matching accessories and her corsage was of red roses.

The bridegroom had as his best man Ryland Shipp, of Norfolk, Va.

Following the ceremony, a reception was given at the home of the bride and later Mr. and Mrs. Proctor left for a northern wedding trip.

Thursday and Friday, May 6-7—
James Cagney and Joan Leslie in
"YANKEE DOODLE DANDY"

TOWN AND FARM IN WARTIME

Women's Land Army

A women's land army of about 60,000 city and town women will be recruited as a part of the U. S. Crop Corps, to help meet the farm labor shortage. Ten thousand of these women are expected to enroll for year-round farm work and about 50,000 for seasonal work for one month or more. Three hundred thousand women will be placed by county agricultural agents for short-time emergency jobs on farms—women who can spare week-ends, a few days, or a few weeks, women who wish to contribute their services should await the local call.

Sugar For Canning

Sugar for home-canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No deduction of blue point stamps will be made from War Ration Book Two for canning sugar. Details of the program will be issued within the next few days.

Job For Radio "Hams"

Radio "hams," formerly banned from the air because of the war, may now serve their country in the War Emergency Radio Service. For further information, write to the editorial section, Office of Civilian Defense, Washington, D. C.

Ceilings On Fresh Vegetables

Retail ceilings for cabbage, carrots, lettuce, peas, snap beans, spinach and tomatoes will be established beginning April 22 through the use of uniform mark-ups over the retailer's net cost, according to OPA. For each vegetable except cabbage, the retailer will determine his ceilings by multiplying his net cost by 1.39. On cabbage, where spoilage is greater, the mark-up is 1.65 for independent retailers having an annual volume of \$250,000 or less, 1.54 for chain retailers with an annual volume under \$250,000, and 1.50 for any retailer with an annual volume over \$250,000. Retailers will determine their ceilings each Thursday by applying given mark-ups to the net cost of the vegetable based on the largest single purchase of the preceding week.

Exempt Small Sales By Farmers

A farmer who sells not more than \$75 worth of foods per month to country shippers or to consumers is exempt from price control recently established for seven fresh vegetables. If the farmer is a country shipper, he is subject to the price regulations.

Higher Support Prices

Support prices for dry beans, dry peas, peanuts, soybeans and flaxseed have been raised, according to the war food administration. Payments have also been announced for Irish potatoes and truck crops for production between 90 per cent and 110 per cent of farm goals.

Revised Tire Regulations

Tire rationing regulations have been tightened to prevent bootlegging and violations of tire inspection requirements. Changes ordered by OPA are: (1) Tire inspection record must be kept in the vehicle while it is in operation. (2) Tire inspectors will report serial irregularities to the local rationing board. (3) If an applicant does not have a tire inspection record showing all inspection requirements completed, the local board may grant his application if an inspection was made 60 days before the application was filed. (4) Dealers need not hold tires turned in for 30 days as now required if, before that time elapses, the tires are examined by an OPA representative and their disposal authorized.

Fuel Oil For Canning

Housewives are assured of enough range oil or kerosene for their home canning. OPA has authorized the granting of fuel oil rations for operation of oil-burning cook stoves used for home canning purposes. Local rationing boards have been instructed to issue necessary ration coupons if the consumer asks for ten gallons or less. If more than ten gallons is needed the ration will be determined according to the number of hours the stove will be used.

BETHEL CLUB MEETS

The Bethel Home Demonstration Club met Friday afternoon with Mrs. S. M. Long. In the absence of the president, Mrs. J. C. Hobbs, vice-president, opened the meeting, the members singing "America, the Beautiful." The members answered at roll call with suggestions for improving the lawn.

During the business session it was decided to change the hour of meeting from 3 o'clock to 3:30. Members were asked to attend the District meeting at Harrellsville on April 29.

In the absence of Miss Maness, Mrs. W. P. Long had charge of the program, the theme of which was "Clean to Save." Seven members modeled dresses they had made.

During the social hour Mrs. S. M. Long conducted two military contests with Mrs. Reuben Stallings and Mrs. E. J. Proctor winning prizes.

The hostesses, Mrs. Long and Mrs. W. E. Curtis, served a salad course and drinks to the following members: Mesdames W. D. Perry, J. C. Hobbs, R. S. Chappell, E. L. Goodwin, W. P. Long, Reuben Stallings, Joe White, Vaashti White, J. P. Ward and E. J. Proctor, Misses Gertrude Chappell and Blanche Goodwin.

Root-Knot Cause Large Loss In Home Gardens

Root-knot, often called "Big root," causes considerable losses in farm home gardens every year, and Howard R. Garriss, extension plant pathologist at N. C. State College, urges growers to protect their vegetable crops against the attacks of the microscopic eel-worms, which cause this disease.

He suggested a rotation of the garden site to new land, if possible. Also, that the grower watch especially the tomato, pepper and cabbage plants, which he sets, to see that the roots are clean and have no galls or swellings. As a protective measure, no peelings from infected potato, carrot, parsnips, or other root crops should be thrown upon the garden site.

Adequate fertilization also will promote good root growth and will help the plants to better withstand a part of the root-knot damage. Pure animal manures and commercial fertilizer do not carry eel-worms. These pests enter the roots of the plants to cause the trouble.

Garriss pointed out that beans, as a group, are susceptible to root-knot, but that the half-runner beans of the Refugee type are vigorous enough to make a good yield in spite of root-knot attack. Sweet corn, field corn, and the Porto Rico and Jersey varieties of sweet potatoes are relatively resistant to the disease. A tolerant pole bean is Alabama No. 1.

Some highly resistant crops like velvet beans, crotalaria, wheat, oats or rye can be planted in the garden, where rotation is practiced, Garriss suggested.

HOUSEWIVES LEARN TO SAVE RATION POINTS

Housewives who want to stretch their ration points and still provide appetizing meals for the family will find many helpful suggestions in the Food Almanac, a regular feature of THE AMERICAN WEEKLY. That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—is a risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headaches, dizziness, getting up nightly, leg pains, swelling—feet constantly tired, nervous, all warn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess-body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

WE ARE NOW OPERATING ON A CASH AND CARRY BASIS

Due to our inability to find sufficient labor, we are now operating our pressing club on a CASH AND CARRY BASIS.

We can no longer call for and deliver your clothing. However, in adopting the CASH AND CARRY POLICY we are offering our patrons a 23 per cent saving in cleaning and pressing.

We wish to assure you of the same high class service we have rendered in the past and will continue to give twenty-four hour service.

Bring your clothes to RIDDICK'S for Cleaning and Pressing and save.

RIDDICK CLEANERS

HERTFORD, N. C.

Here's the modern economical way to restyle your home interior!

ADD NEW HOMELIKE CHARM TO ROOMS THAT HAVE GROWN DRAB AND DINGY!
