

## TOWN AND FARM IN WARTIME

### Don't Travel Unnecessarily

To relieve crowded trains and buses, residents of North Carolina are asked not to make unnecessary trips. ODT has defined trips by bus or train, for the following purposes as non-essential: (1) To other cities to visit friends; (2) Home for the week-end; (3) Sightseeing; (4) To the theatre, races, or other places of amusement; (5) Any social travel or travel for pleasure; (6) Travel merely for the sake of going somewhere.

### Victory Tax Collections

The Victory tax, which to date has been withheld from wages and salaries, above exemptions, at the rate of 5 per cent, will be included in the 20 per cent withholding tax plan provided for in the current Tax Payment act, on or after July 1. Total Victory tax collections as of June 5 were \$682,382,523.20.

### Sticker For Ration-Free Shoes

North Carolina dealers must put an official OPA sticker on shoes that are to be sold ration-free because of damage by fire, water, steam or other accidental cause, the OPA has announced. The purpose of the sticker is to protect the customer against black market in shoes.

### Barbed Wire Available

Approximately 200,000 tons of barbed wire with extra long barbs, made for military purposes, will be used to meet a shortage of barbed wire on farms, according to WPB. The action is part of the Office of Civilian Requirements program to make needed supplies available to farmers.

### Use Car Gas Ration

Any North Carolinian purchasing a used car may qualify for a gasoline ration to operate it, even though he is unable to get a tire inspection record from his previous owner, if he

can satisfy the local board that (1) No tire inspection record ever was issued for the vehicle, or (2) The buyer had been unable to get the record from the previous owner after diligent attempt.

### Increase In Farm Machinery

A new farm machinery and equipment order (WPB-L-257) sets up quotas based on the actual needs of farmers for machinery and equipment as determined by the War Food Administration. The order, which becomes effective July 1, permits uncompleted quotas under L-170 to be produced in addition to quotas hereby established.

### No More Electrical Refrigerators

The WPB offices in this State say that they have been swamped with requests for purchase orders for mechanical refrigerators. However, WPB says that North Carolinians might as well relax, because there are no mechanical refrigerators available to civilians. A few thousand were released from the stockpile held for military purposes, but there were two or three applications for every icebox, and supply has long since disappeared. There are plenty of ice boxes available, and no purchase certificate is needed for them.

### Tools For Farmers

Wrenches, pliers, screwdrivers and other mechanical hand service tools should be more generally available to North Carolina farmers and home mechanics as a result of an amendment of Order E-6 by the War Production Board. The amended order, which is designed to bring about a better distribution of these tools among consumers, sets aside from 20 to 25 per cent of the monthly production of specified tools for commercial distribution.

## When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.
