

TOWN AND FARM IN WARTIME

Maternity Care For Servicemen's Wives

More than three-fourths of the states have received approval by the Children's Bureau, Department of Labor, of programs for medical and hospital maternity care for wives of men in the four lowest pay grades of the armed services. The program also includes medical care for babies. A serviceman's wife may make application for complete medical care during pregnancy and childbirth, and for six weeks after childbirth. She may also apply for medical care for her child to extend throughout the child's first year of life. To get such care, all that the wife needs to do is to fill out simple forms, which, if her own doctor is unable to furnish copies, she can get from the State health department.

No Gas To Go To Gardens

Special rations of gasoline for travel to Victory gardens were discontinued July 12, although rations already issued for this purpose may be used as long as valid. This action was taken by OPA upon advice of the Department of Agriculture that gardens planted after that date would be too late to produce enough food to warrant extra use of tires and gasoline in cultivating them.

Co-Ops Can Replace Stocks

Farmers' cooperatives and any other dealers who sell farm supplies at cost or at a markup of not more than three percent, are permitted to replenish stocks on farmers' certificates on a dollar-for-dollar basis, under a recent amendment of Priorities Regulation No. 19. Previously, the dealer could use the farmer's certificate to get supplies only up to 75 percent of his sales. The amendment enables farmers' cooperatives which sell approximately at cost to make full replacement of their stock.

Can't Send Recordings Overseas

Discs or recordings containing personal messages cannot be sent to soldiers outside the continental limits of the U. S., the War Department has announced. There is no objection to sending discs of personal messages within the continental United States.

Grower Prices For Berries

Grower prices for seven types of berries canned or frozen in 1943 have been announced by WFA. Processors will pay growers the following prices (cents per pound): red raspberries, 15c; black raspberries, 13c; youngberries, boysenberries, logan berries, and blackberries, 12c; gooseberries, 8c. Ceiling prices for frozen strawberries have been established on the basis of a grower price of 12c a pound for stemmed berries. For all other berries each processor will pay 3c per pound more than the average price he paid under the OPA price regulation for the 1942 pack. The highest price processors may pay for red sour pitted cherries is 8 1/2c per pound.

Agricultural Jobs Filled

During May, the United States Employment Service of the War Manpower Commission filled 1,005,489 jobs in industry and agriculture, an increase of 11.2 percent over April. Of these jobs, 297,725 were in farm work or food processing, an increase of 38.3 over April and 63.6 over May, 1942. For January through May, the total placements were 739,944, an increase of 128.4 over the same months in 1942.

Rations For Sick

Although the need to conserve rationed foods is great, no hospital patient's health need suffer, the OPA has announced. Local rationing boards have been given authority to provide supplementary allotments to meet the dietary requirements of patients in hospitals—whether or not such patients are on special diets.

Fuel For Incubators

Fuel oil for incubators, brooders, and other equipment used in raising poultry, livestock, or other agricultural projects can now be obtained regardless of the age of the equipment. OPA has recently removed these items from the list of equipment for which no fuel oil rations were previously allowed.

Casualties Of War

Casualties of the United States Armed Forces from the out-break of the war to July 3 total 91,644. This total, based on War and Navy Department reports, includes: dead, 16,696; wounded, 21,828; missing, 31,579; prisoners of war, 21,541. Of these, Army casualties total 64,621; Navy, 27,023.

Traffic Decreases In Rural Areas

Traffic on the rural roads in the East decreased from December through May to less than half of pre-war normal, according to the Public Roads Administration of the FWA. A minor exception is March when eastern traffic was 52 percent of normal. Traffic in the "western" area, rationed since December 1, 1942, has settled down to less than two-thirds of pre-war normal.

Winter Cover Crop Seed

Large supplies of winter cover crop seeds, acquired by the Government in stabilizing prices for the 1942 crop, will be released for planting this summer and fall. AAA will release about 20 million pounds of Austrian winter pea seed for sale by the CCC to dealers at \$5.65 per hundred-weight. F. O. B. Oregon points. Cover crops, which are a soil conservation measure, increase the nitrogen in the soil when plowed under and thereby reduce the amount of fertil-

izer required and release nitrates needed for munitions.

Bandage Cloth Supply Assured

Adequate supplies of bandage cloth, both for civilian and military use, will be available. Looms making cotton cloth suitable for bandages and other specified uses will continue to do so, by a recent WPB order.

Farm Supplies Pro-Rated

A distributor of farm supplies is now authorized to pro-rate deliveries on the basis of normal shipments in cases where the amount of farm supplies set aside for him does not completely cover all the orders he receives. Before this recent amendment to General Preference Order M-330, a distributor was required to fill orders solely on the basis of preference ratings.

Local Poultry Prices

Regional Administrators of the OPA now can adjust local processors' prices for dressed poultry. Regional Administrators also have the power to change definitions of sellers and types of sales. They are not empowered to change the farmers' selling price for live poultry, however, and may not increase the selling price of poultry at retail, or to any ultimate consumer.

More Fertilizer To Be Available

From 5 to 10 percent more chemical fertilizer will be available in the year ahead, according to WFA officials. It is estimated that U. S. farmers used about 10 million tons of chemical fertilizer during the 12 months beginning July 1, 1942. Although the supply of nitrogen and phosphates will be greater, potash is expected to be less plentiful.

EPWORTH GROUP MEETS

The Epworth Group of Christian Service of the Hertford Methodist Church held its regular monthly meeting at the home of Miss Peggy Felton on Tuesday evening. After the meeting was called to order by the vice-president, Miss Anne Mathews, an interesting and appropriate program was rendered by the leaders, Misses Wilma and Mary Ruth Wood, the subject being "Independence Day." "America" was sung by the group, and several readings and poems on the subject were given by Mrs. H. C. Stokes, Misses Anne Mathews, Mary Ruth and Minnie Wilma Wood and Mary Proctor.

At the close of the program, the business session was presided over by the president, Miss Ida Lee White. Miss Minnie Wilma Wood was elected news reporter and secretary, and plans were made for an out-door social meeting in August. Miss Barbara Winslow and Cecil Winslow were reported as members being on the sick list, and a committee was appointed to visit them. Those members and visitors enjoying delicious refreshments served by the hostess were Misses Peggy Felton, Anne Mathews, Mary Proctor, Ida Lee White, Kattie Joe Beasley, Pauline Reavis, Minnie Wilma and Mary Ruth Wood, Fern and Gloria Douglas, Mesdames H. C. Stokes, Charles Skinner, J. O. Felton and Jimmie Felton, Dawood Jones and Marvin.

"Do you go in for outdoor sports?"
"Silly! If I went in they would not be outdoor sports."
