

W. M. MORGAN "The Furniture Man" SAYS

"During The Third War Loan Campaign Starting September 9th War Bonds and Stamps Are Today's Best Buy . . . They Are Your Investment In Freedom"

Last May we celebrated our 29th anniversary. It was with deep regret we were unable to hold our usual anniversary sale . . . but, frankly, folks, merchandise has been very scarce and it has been impossible for us to maintain our large stock of complete furnishings for the home, but we want you to know that we have appreciated the business you have given us during the past 29 years, and also we appreciate the patience you have shown us in waiting for merchandise to arrive at our store.

Due to the scarcity of merchandise, we will be unable to hold our usual Fall Harvest Sale, but we still have one of the largest stocks of Furniture to be found in the Albemarle and at prices you will find are as low as any other store.

During the coming months, until Victory has been won and our nation can resume its normal business, we shall endeavor to do everything possible to serve our friends and customers. Many items are hard to get, and when ordered, it takes considerable time for the shipment to come through. Therefore, we ask your continued cooperation and patience.

There is no indication that Furniture will become more plentiful until after the war . . . so we advise you to make the best of everything and invest as much money as you possibly can in war bonds and stamps.

Perquimans County has received a challenge it must meet . . . just like the boys on the front lines meet each and every day. Perquimans County has been asked by Uncle Sam to buy a total of \$261,000 worth of War Bonds and Stamps during the Third War Loan Drive which starts next Thursday. We can meet this goal providing each and every one helps our War Finance Committee in the task of raising this money.

We all can't serve as Soldiers or Sailors, Marines or Coast Guardsmen, but we can serve by making our dollars do the job. War is a costly thing and millions, even billions of dollars must be raised to insure complete victory over the enemy.

Back the attack our boys are making on Hitler and the Japs with money invested in War Bonds. The boys are sacrificing everything . . . even their lives, so certainly we can loan our money to Uncle Sam to hasten the day of Victory.

The members of the War Finance Committee will shortly call on you for the purpose of selling you War Bonds . . . be prepared to buy every possible bond . . . invest in today's best value. Bonds range in prices from \$18.75 up to ten thousand dollars. Your War Finance Committee can inform you about all the details of interest paid.
