ONLY ONE ALLEGIANCE: But to us there is but one God, the Father, of whom are all things, and we in Him.—I Cor. 8:6.

Back The Attack

Yesterday, September 9th, was an historic day in America.

It was the day during which our Government opened the drive for the greatest loan ever made in the history of the world. It was opened for the purpose of providing the money with which to win this war over our enemies.

Today this drive is just getting started in Perquimans. Our local War Finance Committee, to be sure, began its task of selling \$261,000 worth of war bonds yesterday, but the job will take more than one day and it will take more than just the cooperation of the local committee.

It will take the cooperation of every man, woman and child in the county, if we are to meet our drive quota.

Today hundreds of thousands of American boys are attacking the enemy on many fronts . . . some of those boys are from Perquimans County. Stop a minute and think of the job they are doing . . . then ask yourself if it is not possible that you can do a bit more toward helping to win this war.

Yes, we are sure you can, and one of the things you can do is to buy more war bonds.

Back the attack by investing your money in war bonds which will provide the weapons needed to knock the Axis from the face of the globe. Your dollars will help buy bonds to bury Berlin, burn Tokyo, and break the Axis.

Perquimans County's goal is \$261,000 in bonds . . . help your county, and your war finance committee make a success of this drive by buying all the bonds you possibly can during the Third War Loan Campaign.
