Farmers need not file a return at this time, but will be required to file a return in December and pay the entire amount of the estimated tax at that time. Taxpayers filing a return now need not pay one-half of the estimated tax for 1943.

Fifteen kinds of used durable goods were brought under specific price ceilings for the first time by a new OPA regulation, effective September 1, 1943. E. Leigh Winslow, chairman of the local War Price and Rationing Board, announced today.

Articles covered by the regulation include: used furniture, bedding, stoves, floor coverings, portable lamps and lamp shades, miscellaneous hardware items, hand tools and hardware items such as shovels, wheelbarrows, hatchets and carpenters' tools, baby carriages, musical instruments (except pianos), commercial kitchen equipment, beauty and barber shop furniture, store and office fixtures and coin-operated vending machines.

Flag Raiser Wanted

Mrs. B. G. Koonce is looking for a patriotic boy who will take on the job of raising the American flag on the pole on the Court House green each day.

Any person who wishes this task is asked to see Mrs. Koonce.
