

## TOWN AND FARM IN WARTIME

### Ration Reminders

**GASOLINE**—In 17 states of eastern shortage area A-6 coupons are now good.

**FUEL OIL**—Period 1 coupons in new rations are good through December.

**SUGAR**—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

**SHOES**—Stamp No. 18 good for one pair. Validity has been extended indefinitely.

**MEATS, FATS**—Red stamps X, Y, and Z good through October 2. Brown stamps A and B good through October 2. Brown stamp C good through October 30. Brown stamp D becomes good October 3 and remains good through October 30.

**PROCESSED FOODS**—Blue stamps U, V and W expire October 20.

### Cut Expected In Shoe Ration

The new shoe stamp No. 1 on the "airplane" sheet in War Ration Book Three, which becomes valid November 1, will probably have to last six months, OPA has announced. At the same time OPA said that stamp 18, originally scheduled to expire October 31, is extended indefinitely and will overlap the new stamp. OPA's present plan to eliminate expiration dates on the shoe stamps and to make new stamps valid as soon as supplies warrant. This enables a person to save shoe stamps until shoes are needed.

### More Soap Provided

Consumers will have greater soap supplies within a few weeks. The War Food Administration has announced a program to provide a 28 percent increase in soap production for civilian use. WPA emphasized that there will still be no excess and urged soap-saving by every possible method.

### May Requisition Idle Trucks

Idle trucks may be requisitioned by district ODT offices or Agricultural County War Boards to transport vital agricultural products where such transport service is vitally needed. Requisitioning will be necessary only where owners of idle used trucks are unwilling to allow the use of their vehicles in this service.

### Market Turkeys Now

Farmers are urged to market their turkeys as soon as possible so that the American armed forces overseas can have typical Thanksgiving and Christmas dinners. In a joint statement, Maj. Gen. E. B. Gregory, Quartermaster General, and Marvin Jones, War Food Administrator, appealed to farmers to "go over your turkey flocks carefully now with a view to offering as many as possible for sale to the government. Send them to your processor as early as possible. If you don't know where to market them, contact your nearest War Board office or Quartermaster Market Center."

### Counties To Get WFA Awards

Counties in which farmers have achieved exceptional production will be awarded an Agricultural Achievement award by the War Food Administration. They will be cited for achievement in one or more of the following: production record and extent by which the county exceeded 1943 goals; overcoming severe handicaps; extent of shifts to vital war crops; improvement in farm production efficiency; fuller use of land and labor resources. One award may be made in each state with others in proportion to the state's ration of the total U. S. farm population.

Probably most of the awards will be made in November. A similar award will be made to seasonal food processors with outstanding production records.

### Safeguard Government Checks

Despite repeated warning, records of the Bureau of Naval Personnel show a steady increase in the number of allotment and family allowance checks stolen or lost after delivery. To prevent this loss, the following suggestions have been offered: (1) Be sure your name is on your mail box or door; (2) Watch for your check and deposit it promptly in a regular place; (3) If you move, notify your postmaster and either the Allotment Division or the Family Allowance Division of the Bureau of Supplies and Accounts, Navy Department, Cleveland, Ohio.

### Give Soldier's Serial Number

The public is asked to use a soldier's Army serial number in every case where inquiries are made to official agencies concerning either officer or enlisted personnel. Much time and material is wasted if the number is not given, according to the War Department.

### U. S. Casualties To Date 105,205

Announced casualties of the United States Armed Forces from the outbreak of the war to date (whose next of kin have been notified) total 105,205, according to War and Navy Department reports. This total includes: dead, 20,104; wounded, 28,226; missing, 32,905; prisoners of war, 23,970.

### Purchase Permits For Gasoline

Purchase permits instead of ration coupons will be issued for all special rations of 20 gallons of gasoline or less, according to a new OPA ruling, effective September 29. This enables boards to issue rations according to the applicant's exact needs and will be useful to servicemen on furlough travel.

### Anti-Freeze Now Available

"Permanent types" of anti-freeze will be available for use in passenger automobiles throughout the nation beginning October 1, according to a recent WPB amendment to Limitation Order L151.

## Become Grandparents Three Times In Week

An unusual incident occurred in the family of Mr. and Mrs. C. A. Bogue, Sr., of Woodville recently. Three grandchildren were born in one week, born to Mr. and Mrs. Leonard F. Winslow of Hertford, Monday, August 23rd, a daughter, Joyce Ann. Mrs. Winslow was the former Miss Maggie Bogue.

Born to Mr. and Mrs. Harvey B. Harrison of Camden County, on Friday, August 27, a daughter, Linda Harvena. Mrs. Harrison was the former Miss Beulah Bogue.

Born to Mr. and Mrs. C. A. Bogue, Jr., of Hertford, on Saturday, August 28, a son, Chester Arthur, Jr. Mrs. Bogue was the former Miss Violet Russell of Hertford.

Also born in the same family to Mr. and Mrs. Maurice Bogue of Norfolk, Va., in April, a boy, Maurice, Jr. Mrs. Bogue was the former Miss Sybil Tolson of Norfolk.

### CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and sympathy during the illness and death of our mother, Mrs. Mollie Perry.

THE FAMILY.

## Central Grammar PTA Hears Specialist At Meeting Monday

The Parent-Teacher Association of the Perquimans County Central Grammar School held its first meeting of the year Monday night, September 20. The meeting was opened with the audience singing "The Star Spangled Banner." A timely devotional was given by Mrs. W. H. Harrison. The President's message was read by the secretary Mrs. Dempsey Winslow, and a greeting of welcome to parents and friends was extended by the principal, T. R. Ainsley. A solo, "When the Lights Go On Again," was beautifully rendered by little Miss Nonie Lou Lane.

The president, Mrs. A. R. Cooke, introduced the guest speaker for the evening, Miss York Kiker, Associate Marketing Specialist, of Raleigh. Miss Kiker stressed the importance of keeping one's self fit through selection of nutritional foods. She presented two films, "More Life In Living" and "America Learns To Fly", both of which gave a visual understanding of the topic of Health. Recreational exercises were then enjoyed by the audience before going into the business session of the meeting. The secretary read the minutes, after which there was the treasurer's report and a report of the standing committee for the year. The chairman of the program committee announced the topics planned for the year. Reports from the membership committee, the Grade Representatives chairman and the Magazine committee were given consecutively. Mrs. Cooke, the president, gave the four-point plan as set out by Guy Phillips, a member of the national Association.

The room having the largest percent of parents in attendance was Miss Lila Budd Stephens' first grade.

## Best Prices Paid For Quality Eggs

North Carolina eggs should reach the market in the best possible condition because high quality eggs bring the best prices, says C. J. Maupin, Extension poultry specialist at N. C. State College.

There are several fundamental rules of management for growers to follow in producing highest quality eggs.

"Proper production methods should include laying stock, bred for good egg production, free of disease, properly fed and housed, together with good sanitation and proper care of eggs after they are laid," Maupin says.

High grade eggs should weigh 24 ounces per dozen, have a good shell texture, be reasonably free of watery whites and otherwise possess good internal quality.

"It is important that the flock be properly fed on a balanced ration, since the egg is manufactured from the food given the bird. Proper housing and equipment is needed to avoid production of dirty eggs. Clean eggs are not only in demand by the consumer of fresh shell eggs but also by the egg drying plants," the poultry specialist advises.

The best temperature for storing eggs is between 40 and 50 degrees. He suggests that they should not be exposed to temperatures below 28 or 29 degrees in winter because of the danger of freezing. In summer the temperature should not be allowed to go above 68 degrees for fertile eggs.

"Every farm, which produces any considerable number of eggs, should have a specially prepared egg-cellar or storage room," Maupin says.

## Seed Treatment Cuts Grain Loss

Annual losses due to attacks of smut diseases in small grain can be cut to a minimum by the use of seed treatments and the planting of smut resistant varieties, says H. R. Garriss, Extension Plant Pathologist at State College.

Garriss points to the results of tests conducted in 18 North Carolina counties during the 1941-42 season as proof of his statement. In these experiments, to control the bunt of wheat, often called the stinking smut, seed of the Red Hart variety were artificially inoculated with smut spores. One lot of the seed was treated with ethyl mercury at the rate of one-half ounce per bushel of seed, while the other portion was not treated.

Seed from two lots were planted in adjacent rows and the results

### DO YOUR MENUS NEED A LIFT?

You can eat well despite wartime rationing and food scarcities by following the tested recipes to be found in the Housewife's Food Almanac, a help feature for the homemaker. Look for this interesting department regularly in THE AMERICAN WEEKLY The Big Magazine Distributed With The BALTIMORE SUNDAY AMERICAN Order From Your Newdealer

showed an average of 45.2 infected heads in the untreated rows, and only a trace (two-hundredths of one percent) in the treated rows.

For the control of loose smut of wheat, only the use of disease resistant varieties, such as Leaps 157, will give success. Seed treatment is completely ineffective, Garriss says.

In controlling loose smut of oats, the seed of the Lee variety, susceptible to this disease, were inoculated with the loose smut spores, and then only part of these were treated. The results showed an average of one-tenth of one percent infection in the treated group, and an average of 4.4 percent infection in the untreated group.

In the same test, it was found that the Letina, Letaria, Victorgrain, Stanton and Fulgrain 4 showed marked resistance to the disease.

## CLASSIFIED LEGAL NOTICES

WANTED TO RENT—SMALL Outboard motor for one month. Call at Perquimans Weekly Office, Hertford, N. C. oct.1pd.

SEE JAMES GRANDISON FOR Plastering, Cement Work and Painting. Inquire at 23 Covert Garden St., Hertford, N. C. oct.1,8,15,22,29,nov.5,12,19.

The defendants, Mrs. J. R. Parker and her husband, J. R. Parker, M. D. Wright and his wife, Nannie C. Wright, and Elmer V. Perry and his wife, Sussie S. Perry, will take notice that an action entitled as above has been commenced in the Superior Court of Perquimans County, North Carolina, for the sale of real estate

## That Nagging Backache

### May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up at night, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

## DOAN'S PILLS

formerly belonging to W. G. Wright, deceased; and the said defendants will further take notice that they are required to appear at the office of the Clerk of the Superior Court of said County in the courthouse in Hertford, N. C., on the 10th day of October, 1943, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint. This the 16th day of September, 1943.

**PULPWOOD AT HOME**

**SHOOTS GUNS AT THE FRONT!**

VICTORY PULPWOOD CAMPAIGN

# How You Can Get 1/3 MORE FOR YOUR PULPWOOD

**Cut Pulpwood for Victory.** There is a great shortage of pulpwood, vitally needed for rayon parachutes, nitrocellulose explosives, surgical dressings, blood plasma containers and hundreds of other war uses. Cut every cord you can. Your country needs it.

**Put Your Pulpwood Money into War Bonds.** Pulpwood is bringing good prices now, but you can get even more by putting the money you get for it into War Bonds. Every \$3 will come back to you as \$4 after the war.

And that's when you will need a nice nest egg to buy the things you want—like a home, a car, or a radio.

This is a pulpwood-producing community. Pulpwood is our own war industry; our opportunity to serve our war-time responsibility.

Let's all get busy with our axes—do our patriotic duty today and lay by a reserve of war bonds that will insure continued prosperity for all of us through the post-war years.

**TURN YOUR IDLE TREES INTO WAR BONDS**

- \$18.75 worth of pulpwood buys a \$25 bond
- \$37.50 worth of pulpwood buys a \$50 bond
- \$75.00 worth of pulpwood buys a \$100 bond
- \$750.00 worth of pulpwood buys a \$1000 bond
