

TOWN AND FARM IN WARTIME

Ration Reminder

GASOLINE—In 17 east coast states A-6 coupons are good through November 8. A-8 coupons become good November 9 and last through February 8.

FUEL OIL—Period 1 coupons are good through January 8.

SUGAR—Stamp No. 29 in Book Four is good for 5 pounds through January 15, 1944.

SHOES—Stamp No. 18 in Book One good for one pair. Stamp No. 1 on the "airplane" sheet in Book Three good for one pair.

MEATS, FATS—Brown stamps G and H good through December 4. Brown stamp J becomes good November 7 and remains good through December 4.

PROCESSED FOODS—Blue stamps X, Y and Z good through November 20. Green stamps A, B and C in Book Four good through December 20.

Soldiers' Allowance Payments—Soldiers' dependents must fill out and return a new, one-sheet dependency certificate to benefit by new rates provided by recent servicemen's allowance legislation, the War Department announced. All dependents now receiving family allowances are being sent copies of the new form. These should be filled out, witnessed, and returned to the Office of Dependency Benefits as soon as practicable to avoid possible discontinuance of allowances. Until new accounts can be set up, dependents now receiving family allowances will continue to receive their checks in the old amounts. After an account is converted, any sums accrued as a result of an increase in allowances will be included in the first check. The conversion from old to new accounts will take several months.

Peanut Butter Prices Down—Reduction of consumer prices for peanut butter from 33.1 cents to about 26.5 cents per pound, effective November 1, was recently announced by WFA and OPA. The reduction is part of the wartime program to increase use of peanuts in making peanut butter and increase consumption of easily produced foods of high protein content.

30 Days' Notice On Stamp 18—The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

Mail Christmas Cards Now—Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail. Christmas cards mailed now will reach even the most remote APO's by December 25, according to the Army Postal Service.

Predict Ample Coffee For Duration—"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Thierbach, president of the National Coffee Association. Imports into the U. S. this year were in excess of any previous year except 1941. Recently Chester Bowles, general manager of OPA, said "there is not the slightest idea of rationing coffee again." Coffee stamps in Ration Book Four were designed and sent to the printer months ago when coffee was still being rationed.

Farmers Produce Enough Food—American farmers are producing enough food this year to provide civilians with a nutritious diet and meet military and Lend-Lease requirements, the Office of War Information reported recently on the basis of data from the War Food Administration. Everyone in the U. S. could have more nutrients than are essential for health, with the exception of riboflavin, if the supply of food available for civilian use were distributed equitably and prepared without loss of value.

Who May Slaughter Without Permit—A farmer or other producer of livestock may slaughter without a license or permit and consume meat without giving up ration points, if he qualifies under the following OPA regulations: (1) raised livestock from birth or (2) for 60 days before slaughter, or (3) the weight has increased 35 per cent between time acquired and time of slaughter. In addition, a person must have resided more than six months of each year on a farm he operates, or have visited the farm to give his personal supervision to the raising of livestock for at least a third of the time during the period (one of those listed in the foregoing) on which he bases his claim to the right to consume meat point-free. If a person has his livestock custom-slaughtered, he must meet these same conditions and give the slaughterer a certificate showing he is eligible to consume the meat point-free.

Bans Harmful Anti-Freeze—To protect motorists and truck operators, the War Production Board last Saturday halted all sales of an estimated half million gallons of destructive anti-freeze. WPB warned motorists who already have filled their radiators with any of the banned products to drain and flush the cooling system immediately and refill with the alcohol or ethylene glycol type. Harmful types are those compounded with inorganic salts, in-

cluding calcium, magnesium or sodium chloride and petroleum distillates. Trade names of the products whose sales were halted are: All-Winter, Chem-A-Cool, Irezone, Permaxone, Wonder-Solv, Lo-Zone, Alco-Tex, Ever-Flo, Bird Antarctic, Flexo-Gold Seal, Security, Anti-Arctic, Neve-Freeze, Anti-Frost, Bond (Top Line), Fre-Zex, No-Freeze, 60-Below, Lo-Temp, Never-Freeze and No-Boil.

Hosiery Prices Increased—Higher ceiling prices for some of the finer gauges of women's full fashioned rayon hosiery have been established by OPA. Prices for 54 and 57 gauge hose have been increased from \$1.18 to \$1.41 per pair. Sixty gauge and higher have been increased from \$1.31 to \$1.69.

Grade Eggs For Higher Prices—A practical, home-made egg candler can be easily made by boring a one-inch hole in the side of a wooden box and putting a 40 to 50 watt light bulb in the box, says T. T. Brown, Extension poultry specialist at State College.

Under the OPA ceiling prices, a grower can get about 16 cents a dozen more for graded eggs and this can easily be done on the farm. Eggs which are well handled will almost always measure up to the Grade A standard for interior quality, according to Brown.

In candling eggs, the poultry specialist explained that the large ends of the eggs should be placed against the hole in the box with the small end tilted down. Twirl the egg before the light and then quickly shift it so as to bring the small end before the light. Any blood spots in the egg will usually show up plainly as the inside of the egg moves about from the quick turn.

After the eggs have been candled, they should then be divided into sizes. A pair of small egg scales will be of great assistance in doing this job.

For detailed information on official grading of eggs, Brown suggests that the grower get in touch with the county agent or write the Poultry Department, State College, Raleigh.

"Poultrymen can turn their spare minutes into dollars by candling and grading their eggs at home," Brown says.

Oxford Orphanage Gives 190 To Service—The Oxford Orphanage at Oxford, North Carolina, has a record of seventy years of service to the children of North Carolina. Over five thousand have been cared for and trained. Its graduates and former pupils are in all walks of life and there is no record of a former pupil having been convicted and sentenced for committing a major crime. It is the oldest orphanage in the State and receives children other than those of membership of the supporting order.

At the present time less than 50 per cent of the population of the orphanage is of Masonic parentage. The home possesses valuable buildings, grounds and equipment and has had no operating deficit for several years.

The annual budget of the orphanage calls for an expenditure of \$170,000. This provides shelter, clothing, and food, recreation, heat, light, books, school supplies, health program, staff of trained workers, vocational training in several departments, laundry, repairs and upkeep to grounds, buildings and equipment, and experienced case work for a family of 313 children.

Superintendent C. K. Proctor announces that the sum of \$10,000 is needed this year for operating expenses in order to balance the budget.

The Oxford Orphanage is more than a philanthropy—it is an invest-

ment in the lives of North Carolina boys and girls who would not otherwise have a chance. It pays to the State and its citizenship the high dividends in character and trained young people. It is an opportunity today for North Carolina citizens to express in a substantial way their desire to help others.

The orphanages of the State use the Thanksgiving season as an occasion to appeal to the citizens of the State for much needed assistance. The Superintendent of the Oxford Orphanage announces that the home is open for visitors each day, and hundreds of North Carolina citizens visit this historic spot every year.

Crash
"I see you've given up teaching your wife to drive."
"Yes, we had an accident. I told her to release her clutch and she let go the steering wheel."

CLASSIFIED LEGAL NOTICES

FOR SALE—BUNDLES OF OLD newspapers. Call at Perquimans Weekly office.

WANTED—ALL PEOPLE SUFFERING with Kidney Trouble or backache to try KIDDO at 97c. Money back guarantee. Roberson's Drug Store, Hertford, N. C. apr.1,1944.

Kidneys Must Work Well
For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
If more people were aware of how the kidneys maintain constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.
