

This farm boy stopped bullets intended for you . . .

Joe Martinez, Colorado farm boy, his battalion bogged down under withering fire from Jap positions on Attu, arose alone and advanced into a hail of bullets to clean out trench after trench so his battalion could advance. He died with his rifle at his shoulder, pumping lead into the enemy, while his mates were able to move up behind him and successfully take the pass. For this, Joe Martinez has been posthumously awarded the Nation's highest military honor. Let every man who was once a farm boy himself buy an extra War Bond in Joe's honor . . . for Joe took the bullets aimed at the heart of America!

The 4th WAR LOAN is your opportunity to do something about it!

It's Time to Take the Offensive. Your government has the men it needs to do the job in the front lines—great men all! But it doesn't have the *money* it needs, by a long way. That's *your* job! And the immediate task is the Fourth War Loan—Your chance to take the offensive not only in support of the men who are fighting and dying for you and your loved ones, but also in support of your own future!

What are you going to do about a wornout tractor, about repairing fences and buildings, about replacing depreciated machinery and equipment? Will you be ready with money in the bank when these things are needed?

You will if you *take the offensive now!* Put every extra dollar into U. S. War Bonds—the best form of financial reserve ever offered you. *Think!* You are asked to make a sound and prudent investment—not a sacrifice!

When Your Boy Comes Home

Or will you greet him at the gate with a bundle of War Savings Bonds—for working capital, new machinery, better buildings? And if your children are going to college, why not *be sure* they get there by buying today the bonds that will pay the cost.

No need, really, to tell an up-to-date farmer or rancher what he needs financial reserves for. You know more reasons than any one else can enumerate for setting aside extra dollars to meet the future. Now is your chance to do it . . . and help fight the war too!

Go on the offensive! Buy all the Bonds you can—today!

You Never Get Less Than You Lend! And you get $\frac{1}{3}$ more than you invest. When held 10 years, War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.
