Time-Tested Advice About Chest Colds!

Grandma Was Right Time Has Proved It

Today, the first choice and family standby for relieving miseries of colds in millions of homes is the same home-remedy grandma used . . . Vicks VapoRub! What better recommendation could a product have!

When you rub time-tested VapoRub on the throat, chest and back at bed-

time it starts to work 2 ways at once—and keeps on working for hours to relieve coughing spasms and congestion in the cold-clogged upper breathing passages, to ease muscular soreness or tightness. It invites restful sleep. And often by morning most of the misery of the cold is gone! Try it.
