

TOWN AND FARM IN WARTIME

Reminders

Meats, Fats—Brown stamps Y and Z in Book Three are good through March 20. Red 10-point stamps A8, B8, and C8 in Book Four are good through May 20. Waste kitchen fats are redeemed at two ration points plus four cents a pound.

Processed Foods—Green stamps K, L, and M are good through March 20. Blue 10-point stamps A8, B8, C8, D8, and E8 in Book Four are good through May 20.

Sugar—Stamp 30 in Book Four is good indefinitely for five pounds. Stamp 40 in Book Four is good for five pounds of canning sugar through February 28, 1945.

Gasoline—In 17 East Coast States A-9 coupons are good through May 8.

Tire Inspection Deadlines—For A-coupon holders, March 31; C-coupon holders, May 31; and for B-coupon holders, June 30.

Fuel Oil—Period 3 coupons are good through March 13 in all areas except the South. Period 4 coupons are good in all areas through September 30. Period 5 coupons are good in the Middle West and South and remain good through September 30.

Shoes—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Will Review Deferments

Local Selective Service boards have been directed to review cases of all registrants 18 through 37 years old and deferred in classes 2A, 2B, 2C, and 3C. Particular attention will be given registrants under 26 years of age in view of the President's statement that agriculture and industry should release the younger men for military service.

If You Made A Mistake

If you find you made a mistake in your income tax return and already have filed it, what do you do? If your error was simply one arithmetic, your mistake probably will be corrected without your action. If you made a mistake in your income or deduction entries, contact the office of the collector where you filed your return. You may need to file an amended return.

Single Ration Book For Food

After food shoppers have used their brown Y and Z stamps, they do all their food shopping with War Ration Book Four. The ration token plan now in effect eliminates use of stamps of four denominations (8 1/2, 2, and 1 points) and uses stamps of one denomination (10 points) with one-point ration tokens for change.

Care For 200,000 Babies

Nearly 200,000 Babies and their mothers were cared for up to February 1, under the Emergency Maternity and Infant Care Program. Hospital and medical care are provided without cost to wives of service men in the four lowest pay grades, during pregnancy, childbirth, and for six weeks after the baby is born, and for the infant during its first year.

Serial Numbers On Gas Coupons

A strip of serially numbered coupons in a cardboard folder will now be issued to renewal applicants of "B" and "C" supplemental gasoline rations and new "E" and "R" rations for gasoline-powered equipment. Serial numbering of coupons is one of OPA's strongest weapons against the gasoline black market. Motorists must still endorse their coupons.

Women Farm Workers OK

The work of non-farm women, including teachers, college students, stenographers, and professionals, on farms in the United States during 1943 satisfied farmers, who have indicated willingness to employ them more extensively this year. Recruiting is handled by the Extension Service of the Department of Agriculture and the U. S. Employment Service.

Round-up

As a result of recent OPA actions: Glass jars of apples, applesauce, apple juice, and sweet cider will sell at retail for approximately two cents more than the same-sized tin cans. . . . 10,000 new passenger automobiles and 7,500 new bicycles will be available under rationing to civilians in March. . . . Ration point values for country butter will be lowered in areas where necessary to move it faster and prevent spoilage. . . . effective June 1st, the country shipper may add \$1 a hundredweight to his ceiling price for sales to the ultimate consumer when he makes such sales in amounts up to 800 pounds. . . . Reductions are expected in some lines of lamps and lamp shades which have been selling at excessive prices. . . . Lard is temporarily removed from rationing. . . . Temporarily maximum prices for the 1944 crop of sweet potatoes will remain at levels at which they were frozen last December, except for sales to dehydrators.

WFA has announced that: The price of feed wheat has been increased one cent per bushel and feed wheat will be sold through grain distributors to carlot buyers at established county prices without merchandising charges. . . . Canners have been notified to increase their set-aside of canned grapefruit juice for war purposes from 32 to 38 per cent. . . . Over 3,500,000 pounds of dried apples

and nearly 1,000,000 pounds of (Zante) currants will be released for civilians. . . . 5000,000 pounds of lard have been released for soap-making in March. . . .

WPB says that: Repairs may use \$25 worth of authorized material for installing cooking, plumbing, heating, or used air-conditioning or refrigeration equipment units and he may use up to \$250 worth of material for an authorized new air-conditioning or refrigeration system. . . . Vitamin A, the "anti-infection" vitamin, has been placed under allocation for the first time to insure equitable distribution in face of mounting demand. . . . Agricultural discs for plows, harrows, and other farming implements are expected to be produced in sufficient quantity to balance the first half-year's program for 1944. . . . Old used collapsible tubes should be turned in at once to drug, retail, and chain stores so that needed tin can be salvaged. . . .

To save travel: Churchill Downs plans to confine attendance at the 1944 Kentucky Derby to residents of Louisville, Ky., and vicinity. ODT says. . . . OPA says rear tractor tires are scarce because materials and equipment are being used in manufacture of airplane tires and urges farmers to repair or recap. . . . February airplane production averaged 350 per day, a new high, according to the Aircraft Production Board.

Top Dress Small Grain For More Feed Supplies

Now is the time for farmers to top-dress their wheat, oats, rye and barley planted alone or in combination with Austrian winter peas and clover, suggests W. C. Boyce, farm agent in Franklin County for the State College Extension Service. "Franklin County has a large acreage seeded to small grain with fair stands," Boyce said. "Small grain crops are somewhat late, and, as a result, maximum yields cannot be produced unless abundant fertilizer is available to the plants as early as possible. Sufficient available fertilizer will stimulate larger yields of grain, hay and grazing. With the present shortages of grain, hay and grazing for feeding purposes, it is more necessary than normally to increase home production of these valuable feed crops in order to discontinue heavy purchases of grain and hay from outside the State."

O. F. McCrary, District Farm Agent, has advised that a report made at a meeting of county agents at Oxford indicated that an application of top-dressing materials February 15th had greater benefit toward increasing yields than application on March 15; also, March 15 proved a better date of application than April 15. These results have been demonstrated and observed in field tests conducted in Franklin County, Boyce said.

Some growers of small grain prefer to use only nitrogen as a top-dresser. Other farmers prefer to apply a complete fertilizer with a grain drill at the rate of 200 to 400 pounds of 3-12-6 fertilizer an acre at the time lespedeza is seeded with drill and also top-dress with 200 pounds of Nitrate of Soda. The fertilizer helps both the small grain and lespedeza that follows.

Per-Co-Hi Tattler

(This column was prepared by Mary Lee Perry (11A). The fact that Peggy Nowell, the Junior Class president, has left and is now going to school in Florida, made it necessary for the Juniors to elect a new president. Joann Winslow (10B) our secretary, was elected president, and Esther Winslow (10A) was elected secretary.

Mrs. Mary P. Douglas, school library adviser of the State Department of Public Instruction, visited the library at P. C. H. S. on February 23. Mrs. Douglas was pleased with the improvements that have been made in our library. Pfc. Francis Nixon, a former pupil at P. C. H. S., now in the Quartermaster Truck Regiment, U. S. Army, spoke to the class in driver education on Friday, February 25. "Panky" kept the class spellbound by his accounts of convoy driving. Many worn, out-of-date, poorly-bound and printed books were discarded from our library last week. The space left will give room for our new books.

Bill Blanchard, Class of '41, who is a student at Duke University, paid P. C. H. S. a visit on February 24. A new course in driver education was begun on February 22, with an enrollment of 30. Mrs. Barbee (10A) is teaching the course.

The first and third and the fourth and fifth periods have been rearranged because of the condition of the buses.

Mr. Johnson gave a talk in chapel on Monday on the subject "The Necessity for Remaining in School." Miss Esther Evans (11A) has gone to New York for a few days. Mrs. C. T. Skinner is substituting for her. Miss Evans' home room gave an

interesting chapel program on Friday. The members of the War Finance Committee were with us and presented prizes for the help in the Fourth War Loan drive. Elizabeth Winslow (11A) was presented \$6.25 in war stamps and a German helmet. Eula Mae Morgan (11A) was elected chief traffic cop last week to replace Bob Keaton, who has stopped school. Hats off to our first girl "cop."
