

# TOWN AND FARM IN WARTIME

## Reminders

**Meats, Fats**—Red stamps A8, B8, C8, D8, E8, and F8 are good through May 20. G8, H8, and J8 become good March 26 and remain good through June 18. Waste kitchen fats exchanged for two points and four cents a pound.

**Processed Fruits and Vegetables**—Green stamps A8, B8, C8, D8, and E8 are good through May 20.

**Sugar**—Sugar stamp 30 is good indefinitely for five pounds. Sugar stamp 40 is good for five pounds of canning sugar through February 28, next year.

**Gasoline**—In 17 East Coast States, A-9 coupons are good through May 8. **Tire Inspection Deadlines**—A-coupon holders, March 31; C-coupon holders, May 31; B-coupon holders, June 30.

**Fuel Oil**—Periods 4 and 5 coupons are good through September 30.

**Shoes**—Stamp 18 in Book One is good through April 30. Airplane stamp 1 in Book Three is good indefinitely. Another shoe stamp to be good beginning May 1, will be announced soon.

**Longer Periods For Food Stamps**—Under the ration token plan, three red (meats-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits, vegetables) 10-point stamps become good on the first day of each month. To reduce last minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red points and 60 blue points which become good each month may be used at any time during a period of from 10 to 12 weeks.

**Changes In Gasoline Rules**—Beginning April 1, the five-gallon "R" gasoline coupon for non-highway users will be good for purchases at "authorized filling stations," as well as for gasoline purchased at bulk plants or delivered to private storage tanks, OPA announces. The "A" ration for motorists is now two gallons weekly in all parts of the country. On the Pacific Coast, the "B" ration has been cut from 460 to 400 miles a month.

**Civilian Food Supply Favorable**—The civilian food supply for the next few months appears to be more abundant than for the same period last year, the Department of Agriculture reports. Potatoes and cabbage head the list of really abundant foods over most of the country. Other products include carrots, beets, spinach, peanut butter, shell eggs, grapefruit and small oranges, frozen baked beans, citrus marmalade, lard,

canned green and waxed beans frozen vegetables, and canned peas and tomatoes.

**More Income Tax Information**—While the majority of the nation's 50 million taxpayers will find their 1944 federal income tax obligations taken care of through withholding by their employers, an estimated 15 million will be required to file declarations of their estimated 1944 tax by April 15. Declaration forms are being mailed by the Bureau of Internal Revenue to all persons who filed declarations last fall. The first quarterly payment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed, the other payments to be made on or before June 15, September 15, and December 15. Farmers who receive more than 80 percent of their income from farming, may postpone filing their declarations until December 15. However, if they wait until December they must pay all of their estimated tax at that time.

**Grow More Greens In '44**—Home gardeners should plan to grow more fresh greens over a long season and can less, food specialists of the U. S. Department of Agriculture suggest. The housewife who puts up a big batch of greens in the spring for year-round use when she could have fresh greens from the garden makes herself extra work and serves less appetizing food.

**Farm and Garden Speakers**—Town and city groups—Victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings should give their requests to the County Agricultural Agent, the War Food Administrator advises. The best time for such meetings is during "Grow More in '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

**Round-up**—Salad oil spread on the surface of farm-cured ham will delay development of surface mold for several weeks, the Department of Agriculture says. WFA has requisitioned 6½ million pounds of black pepper from importers and holders to supply U. S. requirements and commitments until about 1946. Power production in 30 Bureau of Reclamation power plants has increased 275 percent since Pearl Harbor, according to the Department of the Interior. The War Manpower Commission predicts that before the end of the summer, 700,000 men and women will need to be recruited to work in canneries and food processing plants. Only when present rear-wheel tractor tires are worn beyond the recapping stage may ration certificates be obtained for new replacements, OPA says.

WFB says that: Barbed wire and woven wire fencing may now be made in heavier gauges such as are needed to confine hogs and cattle, and standard weights of zinc coating will be permitted. Production of home canning jars and closures has tripled in the past three years and is now keeping pace with in-

creased demand. . . . Permission has been granted to manufacturers to make more and better quality of bed-springs and box springs. . . . U. S. monthly war expenditures hit a new high of \$7,808,000,000 in February.

## WINFALL CLUB MEETS

The Winfall Home Demonstration Club met Wednesday night at the home of Mrs. Joel Hollowell. The meeting was opened by singing "The Star Spangled Banner," after which the Collect was repeated. Mrs. Clifton Morgan gave the Bible reading, and Mrs. Ellis Miller lead in prayer. The secretary's report was given, and new and old business was discussed.

A contribution was given to the American Red Cross.

Book reports were given by Mrs. Carl Godwin, Mrs. L. W. Hobbs and Mrs. Ned Nixon.

Miss Frances Maness gave the demonstration on "Using Little or No Meat."

The hostess served delicious refreshments to the thirteen members present.

## Good Time Was Had By All

Lady (reading paper)—Well, well, I never knew that our firemen were so childish. It says here that after the flames were extinguished, the firemen played on the ruins for some hours.

THIS YEAR  
I'M USING  
SCO-CO  
FERTILIZERS

With our armies fighting for VICTORY THIS YEAR, I know we farmers must produce the greatest crop ever . . . to provide the food for our boys and Allies, as well as to supply home needs. We must get the biggest yields from our fields.

That's why I am buying and using SCO-CO FERTILIZERS this year. It contains only quality ingredients cured right and mixed right. SCO-CO is best for our soil, for it is made right here at home by folks who know our soil.

For BIGGER YIELDS from your fields . . . call on your SCO-CO Agent today and give him your order. You will be assured of best results if you will use SCO-CO. Manufactured by THE SOUTHERN COTTON OIL COMPANY — a neighborly institution serving Southern Farmers since 1887.

**That Nagging Backache**

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
