

TOWN AND FARM IN WARTIME

REMEMBERS

Meats, Fats—Red stamps AS through T8, good indefinitely.

Processed Foods—Blue stamps AS through Q8, good indefinitely.

Sugar—Sugar stamps 30 and 40, each good for five pounds, indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

Gasoline—In 17 East Coast States, A-10 coupons good through August 8.

Fuel Oil—Period 4 and 5 coupons, good through September 30.

Shoes—Airplane stamps 1 and 2, good indefinitely.

PLENTIFUL FOODS

Eggs, white potatoes, canned peas and canned green and wax beans will be in plentiful supply throughout most of the country during June, the War Food Administration reports. Other plentiful foods now include: Oranges; frozen vegetables; frozen baked beans; peanut butter; citrus marmalade; raisins; dried prunes; dry-mix and dehydrated soups; soya flour, grits and flakes; wheat flour and bread; macaroni, spaghetti, noodles; oatmeal, and rye breakfast foods.

SUGAR FOR HOME CANNING

Sugar consumers may apply for their 1944 home canning allotment in two periods, the Office of Price Administration reports. In each period users may obtain up to 10 pounds of sugar per person in addition to five pounds available with Sugar Stamp 40 in War Ration Book 4. Persons not applying in the first period but who need sugar in the second period may obtain up to their full 20-pounds-per-person allowance if the application justifies that total.

MORE TELEPHONES COMING

Resumption of manufacture of civilian-type telephones to the extent of 200,000 sets per quarter has been authorized by the War Production Board. First deliveries are expected by fall. Approximately 100,000 new orders for telephones that cannot be filled because of lack of equipment are accumulating each month.

PROPER METHODS FOR HOME CANNING

The "open kettle" method and the "oven" method of home canning cannot be depended on to kill harmful bacteria in food, say canning specialists in the Department of Agriculture, and in addition oven canning has caused serious accidents when jars explode. The specialists recommend that fruits, tomatoes and pickle vegetables be pre-cooked and packed boiling hot in hot jars, with lids adjusted correctly, then processed in a boiling water bath canner with sufficient water to cover the jars. Peas, beans and other non-acid vegetables should be packed in the same way, but processed in a steam pressure canner. Some of the 400,000 new steam pressure canners authorized by WPB for the canning season are now available in certain areas in the South and others should be available throughout the country before long. Many community food preservation centers provide local home canners with equipment and supervised instructions on proper canning.

MEN WANTED—MERCHANT MARINE

Youths between the ages of 16 and 17½ years may enlist, with their parents' consent, for training for service in the U. S. Merchant Marine, the War Shipping Administration announces. Thirteen weeks of training is required for service in the deck and engine departments and six weeks for service as messmen and utility men in the stewards' department. Volunteers will be assigned to merchant vessels within a few weeks after completion of training. Men 18 to 26 years old may apply only if they have F or L draft classifications, or are in 1-C. Qualified men 26 and less than 35½ are being accepted for deck and engine training and men less than 50½ for duty in the stewards' department. For information, applicants may write to the Commandant of the U. S. Maritime Service, Training Organization, War Shipping Administration, National Theatre Building, Washington 25, D. C.

FUEL WILL BE SCARCE THIS WINTER

All fuel—coal, oil, gas and wood—will be scarce this coming winter, the Solid Fuels Administration for War says. There will be a deficit of about 38 million tons of coal. Consumers should order their coal now, during the summer season, and store whatever kind the dealer recommends. Household users using fuel oil should order their supply as soon as their new ration coupons become valid—probably, within the next month. By filling consumers' fuel orders early, dealers will be able to re-fill their own oil tanks or coal stockpiles and thus add to the total storage capacity of the rationed area for use later in the winter. The Solid Fuels Administrator urges all fuel users to help conserve fuel next winter by weatherstripping, insulating and getting heating equipment in good shape now during the summer.

ROUND-UP

The United States Employment Service placed more than 74,000 veterans of the current war in civilian jobs during February and March. Use of mineral oil in salad dressings

and in foods has harmful effects such as causing loss of vitamins, which, the Department of Agriculture says, far outweigh its advantages and may lead to deficiency illness. Onions, now back in plentiful supply, according to WFA, are, if eaten raw, a source of vitamin C and thiamine. U. S. shipyard employment increased from 63,000 in January, 1935, to 1,722,000 in December, 1943, and the 1943 merchant ship tonnage delivered was 16 times the amount delivered in 1941, according to the Secretary of Labor. WPB reports that housewives will have to get along with short supplies of oilcloth for some time to come because of the war need for critical materials used in its manufacture.

QUARTERLY MEETING AT PINEY WOODS CHURCH

The quarterly meeting will be held at Piney Woods Friends Church Saturday and Sunday, with services at 11 o'clock. Frederick E. Carter, of Greensboro, Executive Secretary of N. C. yearly meeting will be the visiting minister. The public is invited to attend these services.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

W. G. NEWBY

Clerk Town of Hertford

The Axis has reason to fear the Southern Farmer. You are setting new records—growing foods that nourish fighting men and civilians—producing raw materials for the tools of Victory. Americans realize the hard work you are doing and the intelligence with which you are planning.

History will prove that you are worthy of the highest decoration for devotion to duty.
