FRIDAY, MARCH 16, 1945

THEY WILL FIND THEM: To them who by patient continuance in well doing seek for glory and honor and immortality, eternal life.—Romans 2:7.

Perquimans On Top

Residents of Perquimans County have every right to be proud of their high school and the athletic record just completed by the basketball teams of the local school.

For the second straight time, the boys' team has captured the Albar-Marle Rural Tournament, outstanding feature of basketball in this section, and in the meet held last week the local girls battled to finish in second place in the tournament.

Two members of the Perquimans team, Joe Nowell and Dan Berry, won honors and were chosen on the All Tournament Team, as was Anne Mathews for the girls' All Tournament Team. In addition, Joe Nowell was selected by the tourney committee as the outstanding player of the entire meet.

The local cage team won 15 out of 19 games during the season and lost only four, two of these were lost to teams previously defeated by the Indians. The girls' squad won 11 games and lost only four, and both teams outpointed their opponents by a considerable margin in the season record.

Never before, until the Indians handed Central High School a 29-20 defeat last Saturday night, has any boys' team ever won the Rural Tournament twice. This feat was accomplished by the local boys through hard competition and excellent playing and firmly establishes the local netters as the outstanding basketball team of this section of the State.

Get Set For The Seventh War Loan

The Seventh War Loan, which gets underway May 14th, will seek from individuals more money than ever before for the prosecution of the war.

The quota is \$14,000,000,000, the same as the Sixth War Loan, but individuals will be asked to purchase half of the total. In the last drive, the individual quota was \$5,000,000,000 and the highest sale to individuals in any loan was \$6,351,000,000. The quota for the new Series E bonds, which is the one purchased by most people, has been set at \$4,000,000,000, although the largest sale of this bond in any drive was \$3,187,000,000.

The Secretary of the Treasury, Mr. Henry Morgenthau, says that Federal expenditures are "going to remain at a high level for some time to come" and that the Seventh War Loan is designed to obtain maximum funds necessary to prosecute the war from "non-bank investors."

The people of Perquimans County, along with the other people of the nation, will "go over the top" for the Seventh War Loan. To do less would be to discredit the brave men fighting for them across the seas.

Over The Rhine

The fact that the Rhine has been crossed at all is big news in itself. No invading army since 1805 has achieved this feat until now. But the fact that the river has been crossed so quickly, in the very stride of an offensive scarcely two weeks old, and crossed in force, is of very great significance.

Since the big Allied push began it was to be expected that General Eisenhower's armies would undertake a crossing as soon as they reached the river on a sufficiently broad front and had sufficiently reduced the threat of a flank attack by enemy forces west of the Rhine. There has been no doubt but that Allied patrols could get across at many points on any night they might choose. But it was not safe to assume that German defense of the east bank would be anything but strong and well organized, nor that General Eisenhower would be in position to pour enough troops and equipment across to establish a firm bridgehead without some pause for consolidation and regrouping of his forces.

A major river crossing, like a beach landing, involves at least three critical phases: First, getting the

Indians Win Basketball Tournament Crown

(Continued From Page One)

title game by overwhelming Coach Rupert Ainley's Moyock team in the semi-finals 29 to 9. The Moyock netters were unable to cope with the more experienced Indians and the drive of Nowell and White in battling for the rebounds from the backboards. Perquimans took a 5 to 0 lead during the first quarter and increased their advantage to 13-3 at half time. During the second half the Indians counted for 12 more points in the third canto and Coach Campbell used his substitutes in the final frame to collect four more points for a total of 29, while Moyock collected six points in the last half. The Indians were off in their shooting and hit for only 13 baskets out of almost 100 shots. Nowell counted for 13 points, White got 7, Berry 5, Wilson and Wood 2 each.

The Indians downed the strong South Mills cagers in their first round game by a 37-21 margin, after a terrific first quarter which ended 2-2. During the second canto the Indians counted for ten points while holding South Mills to one basket to hold a 12-4 lead. In the third quarter the local cagers racked up 14 points and South Mills failed to penetrate the Indians defense and collected only four points. Moving up to a 35-17 lead during the final quarter, the Indians played carefully to maintain the wide margin, but South Mills outscored the substitutes who replaced Wilson, Wood, Berry and White and closed the gap to a 37-21 score as the final whistle blew.

Perquimans players who saw action during the tournament were Coach Campbell's regulars, Nowell, Wilson, White, Berry, Wood and Bobby Holmes, Cecil Winslow, Howard Pitt, Reggie Tucker, Horace Webb, L. C. Elliott, Howard Broughton and Chappell.

As winners of the 1945 tournament, the Indians were presented a trophy to keep for one year, and also a permanent trophy for their 1945 triumph.

ELVIDERE NEWS

Miss Mildred Copeland of Woodland was the week-end guest of her parents, Mr. and Mrs. F. M. Copeland.

Mrs. A. R. Cook of Woodville and the Rev. and Mrs. B. H. Millikan were dinner guests of Mr. and Mrs. attackers ashore or across at all under defending fire; second, meeting the counterattacks of local reserves; and third, withstanding the onslaught of the mobile or strategic reserves. The First Army units now on the heights beyond the Rhine have apparently passed the first two chises successfully.

We know now that the German defenders in a sector dangerously near the Ruhr were either spread so thin or were so disorganized that they were unable to put up more than minor resistance. The test of oattle with whatever mobile reserve von Rundstedt may have available is still to come. But he, in turn, must now expect crossing anywhere along a 125-mile front and he dare not commit everything against one bridgehead.

How this first leap over the Rhine was made possible is not yet revealed. What little is hinted and can be pieced together points to one of the most dramatic stories of this war.—Christian Science Monitor.

L. J. Winslow Sunday.

Mr. and Mrs. Emory Rountree and family of Sunbury, Mr. and Mrs. Arba Winslow and Mr. and Mrs. Eugene Winslow of Whiteston were guests of Mr. and Mrs. W. L. White Sunday afternoon.
