Clothing Collection Drive Now Underway Continues All Month

County Chairmen Urge Public to Turn In Old Garments

Pointing out that the people of liberated Europe and islands in the Pacific were in need of clothing to prevent additional deaths from exposure, C. R. Vann and F. T. Johnson, co-chairmen of the county's United National Clothing Collection drive, urges full cooperation in the clothing collection now under way here. The drive opened this week and will continue throughout the entire month.

Mr. Vann stated that the people of Perquimans County have an opportunity to do the peoples of these countries a very great and needed service, adding that in England, alone, two and a half million people had lost their homes and everything they owned.

In the drive here school children of the county are cooperating in the drive and they are urged to canvass their homes and neighborhoods for bundles and to bring the clothing to their schools. Collection depots have been set up in Hertford at Pender's and Roberson's and at the Post Office, and persons may leave clothing at these places.

What is needed is good substantial used clothing for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who receive it. Underwear and all types of cotton garments should be washed before they are donated, but need not be ironed.

Most urgently needed are the following: Infants' garments, all types are urgently in demand; men's and boys' garments, overcoats, suits, shirts, jackets, sweaters, etc., caps and knitted headwear.

Bedding, blankets, sheets, pillow cases, quilts. These are badly needed if serviceable. Shoes, either oxfords or high shoes of durable type with low heels. Shoes with high heels, open toes or open backs, evening shoes cannot be used.

Usable remnants, piece goods, cut or uncut materials, must be one yard or more in length, but not rags or badly damaged fabrics.

Nationwide Drive In April To Raise Funds For Fighting Cancer

April has been designated as National Cancer Control Month, according to Mrs. George E. Marshall of Mt. Airy, commander of the N. C. Division of the Field Army of the American Cancer Society, who has named Miss Frances Maness as chairman of a campaign in Perquimans County to raise funds for the control of cancer.

In announcing the appointment of Miss Maness as local chairman, it was pointed out that 17 million Americans now living are destined to die of cancer unless something is done about the matter. During the last seven years cancer has killed two and a half times as many children under twenty as has infantile paralysis.

The campaign this year, for the first time, is being held to finance a great and comprehensive attack on this killer. The society is seeking five million dollars in the drive for carrying on educational and research work.

Miss Maness announced today the quota for Perquimans County is \$237, and the funds would be raised by contributions placed in coin boxes throughout the county. These boxes will be located in every store in the county, and the public is asked to drop their contributions into the boxes.

Success of the campaign will make possible a really broad-scale attack on cancer.

Seventh War Bond Drive Starts Monday With E Bond Sales

Individuals Requested To Purchase Seven Billions In Bonds

The opening gun of the Seventh War Loan drive to raise 14 billion dollars by sale of war bonds, will be sounded Monday, April 9. R. M. Riddick, chairman of the Perquimans War Finance Committee, stated today, when he announced that as yet no county quota had been announced, but that an overall quota for individuals of seven billion dollars has been set by the Treasury Department.

Only E bonds will be sold between April 9 and May 14, at which time other Treasury bonds will be offered the public. Series E, F and G bonds will be sold throughout the drive from April 9 to June 30, but the two and one-half per cent, two and one-quarter per cent, one and one-half per cent and seven-eighth per cent bonds will be sold only between May 14 and June 30. There will be no offering of two per cent bonds during this drive, Mr. Riddick said.

Individuals of the nation will be requested to purchase four billion dollars worth of Series E, F and G bonds and three billion dollars worth of the other types of bonds. The Treasury series will all be dated June 1, 1945.

The Seventh War Loan, while not the largest overall quota ever given, does give the individual the largest quota of any drive held to date. The new bond offered during the drive is the one and one-half per cent bond which matures in five years, the other Treasury bonds run from 12 to 25 years.

Plans for the drive were completed by the War Finance District Committee at a meeting attended by Mr. Riddick, and complete success is expected in the drive.

The local chairman stated that Perquimans County will be expected to continue its perfect record in bond drives by oversubscribing quickly the quota when it is announced. He added, "With victory now within sight we must continue to back up our boys on the fighting front with the money needed to supply the armed forces with the weapons needed for final victory over our enemies."
