

# Improvement Being Emphasized in Seed Peanuts For Area

## Committee Named to Work For Legislation in North Carolina

Taking further steps in a full scale peanut seed improvement program, a committee was named here Thursday to work toward getting legislation in North Carolina which would permit the State to play a greater part through research and experiment in the seed improvement field. It was brought out that extensive work to this end is already being done in Virginia.

Better peanut seed for the Virginia-Carolina area was the prime topic of discussion as directors of the Growers Peanut Cooperative, Inc., met here in semi-annual session. The GPC handles peanut programs in North and South Carolina, Virginia and Tennessee. Much stress was laid upon the fact that peanuts is one of the major cash crops in this area and

that very little work has been done toward improving the crop by producing better strains for distribution to peanut growers. At the same time, it was pointed out by the Association's farmer-directors, a great deal of work has been done along the same lines in connection with other major crops such as tobacco, cotton and corn.

Members of the Board of the GPC in North Carolina together with W. W. Eagles of Macclesfield, N. C., president of the North Carolina Farm Bureau, and R. Flake Shaw, Bureau secretary, were named to confer with experiment station and Extension Service heads in North Carolina and work toward legislation to permit a wider program of experiment and research to improve peanut seed in the State.

First steps in the vital seed improvement program were taken by the Growers Peanut Co-op last fall when Mayon Parker of Ahoskie, N. C. was named to head a committee investigating the possibilities of an improvement program. Members of this committee are J. B. Fearing of Windsor, N. C., E. M. Johnson of Franklin, Va., R. V. Knight of Tarboro, N. C., and T. F. Turner of Florence, S. C. This committee will continue its work in connection with the program, Parker, president of the GPC, said, while the second committee will seek legislation in North Carolina favorable to the seed improvement program.

### Cooked A Fine Dinner Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Perquimans County. adv.

Fourth Tract—Two lots 50x100 lot each, being the first two lots immediately adjacent to tract 200 and set out on the R. L. Knowles plat recorded in Plat Book 2, page 92, in the office of the Register of Deeds of Perquimans County and being the two houses and lots referred to in that certain Deed aforesaid from H.

R. Winslow and wife, recorded in Book 17, page 55, in the office of the Register of Deeds of Perquimans County. Bidding on this tract of land will commence at the sum of Two Hundred Forty-seven Dollars and Fifty Cents (\$247.50).

A deposit of five per cent (5%) of the purchase bid on the first tract

and a deposit of ten per cent (10%) of the purchase bid on the fourth tract will be required of the purchasers.

Dated and posted this 1st day of April, 1946.

R. CLARENCE DOZIER (Seal)  
W. W. COHOON (Seal)  
Commissioners.

# WORDS ARE NOT ENOUGH

**ARMY DAY, APRIL 6, 1946**, finds this nation at peace. The long war years are behind us and now, in company with other peace-loving nations, we look forward to a new era of international friendship and security.

And on this day we would do well to think for one moment of the men who have made this possible. Their graves are scattered throughout the world . . . on lonely beaches, desert sands, beside quiet streams, in silent jungles. There was a heavy price to pay. Our debt can never be erased. But we can make sure that the mistakes of the past are never repeated.

We cannot close our eyes to the future. We cannot escape the dreadful admonitions of the past. We are irrevocably dedicated to world peace. We have pledged our word. But words are not enough. We must maintain an efficient Regular Army if the sacrifice that bought Victory is not to have been in vain. Above all, there will be no time for mobilization if war should strike in the future. We must maintain this Army if we are to make sure that no group of men or nations can ever again plunge the world into war.

And on other Army Days in years to come, the citizens of this great and peaceful nation will listen to the measured tread of the Regular Army and be thankful for its protection and proud of the ideals of good-will and friendship it fosters.
