perior Court Com- Canning Sugar Stamps At Elizabeth City

Spare stamps Nos. 9 and 10, used for home canning sugar, will contime good throughout November, Johnson has announced.

Originally slated to expire October 31, these stamps have been extended because millions of housewives around the nation have been unable to spend them, due to the scarcity of sugar, Johnson said.

Many women who have already used their table sugar for canning of seasonal fruits in expectation of being able to spend their canning sugar stamps later for table use, would have been "caught short" "if this extension had not been granted, Johnson explained.

Increased Supply Of Meat Expected Here

Local meat retailers reported this week that the prospect of more meat on the market appears brighter for the near future, some expecting western pork and beef, together with lard and salt pork shipments by this time next week.

Prices on meats continue high, but indications are that present high prices may level off as the supply increases and buying resistance sets in. One dealer stated he believed that prices might show some drop in the immediate future.

Poultry remains scarce and prices are high and there is no indication this situation will change soon.

The Indians lost a hard fought game to Ahoskie last Friday afternoon by a score of 27-19, after battling into a 12 point lead during the third period.
