FRIDAY, JANUARY 22, 1948.

Farm Buying Power Drops

People who are worried about the fact that farm income is increasing might take notice of the following figures:

"Farm income in October, 1947, was 10.5 per cent above October, 1946, but the increase was not sufficient to offset the 16.5 per cent rise in the prices of goods which the farmers bought."

"As a result," said the Alexander Hamilton Institute, "the farmers' purchasing power showed a drop of 4.7 per cent below the level of a year ago. This trend, if continued, will become a factor making for a curtailment of manufacturing activity."

Physical Education Vital In Schools

Physical education is beginning to receive greater attention in the public schools and leading educators go so far as to say that the health of school children should be placed on a par with their mental development.

The emphasis is not misplaced. While the schools of Perquimans County have shown signs of realizing the vital importance of proper physical development for pupils, the surface has been scratched, not cultivated, and there exists vast room for a more comprehensive program.

The present concept of physical education goes much further than producing athletes and embraces all means of building healthy bodies for healthy minds. It is intended to offer supervised athletic opportunities to every boy and girl in the school system, by which they will be encouraged to participate in games and acquire the full benefits that flow from competitive sports.

F. D. R.'s Birthday

The birthday of Franklin D. Roosevelt, thirty-second President of the United States, which occurs on January 30th, is the occasion for a nationwide effort to raise funds to fight against infantile paralysis.

Since 1933, the birthday of the war leader has been celebrated by birthday balls throughout the nation. The proceeds go to the fight against the disease from which this great American suffered.

The occasion also serves the purpose of permitting Americans to reflect upon the life and works of the only man to be elected President of the United States on more than two occasions. Mr. Roosevelt, during his terms of office, faced some of the greatest emergencies which have ever threatened this country.

It is too much to expect that every American, regardless of partisan affiliations, will be able to praise his accomplishments in the field of domestic legislation. It should be possible, however, for all of us to recognize the transcendent service that he rendered this country in his war leadership.

Taxes, State And Federal

The forty-eight State Governments of the Union will collect, in the present fiscal year, more than six and one-half billion dollars to set a new record for State tax collections.

The sum that the State governments collect can be compared with the tax-collection of the Federal Government, which will probably aggregate six times as much.

With these monetary figures in mind, it is easy to see why the Federal Government gradually encroaches upon the authority and functions of the State governments. Nothing would do so much for the re-establishment of States' rights as a tax plan which would take some of the money from the Federal Government and make it available to the States.

One way to accomplish this, and probably the easiest way, would be to require the Federal Government to distribute among the States a definite percentage of all income tax collections. At present, the Federal Government collects close to thirty billion dollars from individuals and corporations for income tax payments. If one-fourth of the total take could be apportioned to the various States, the distribution would take care of practically all State functions. Even allowing for some extension of the activities of the State governments, there would be room for considerable tax reduction in the various States.

Health and Beauty

By Dr. Sophia Branson

CARE OF THE SKIN

In regard to the importance of daily cleansings of the face, it is well to bear in mind that dangerous germs are always present in the normal skin, especially in the folds around the hair follicles and in the oil glands about the nose and back. As a rule they do no harm but are capable of causing serious infections if a person's skin becomes broken or abraded, or the vitality is for any reason lowered.

When the skin is kept in a healthy condition, face powder is a great aid to beauty. It removes the shiny appearance, so sought after by the African, but deprecated by the Caucasian. It also partially conceals minor defects such as discolorations and so forth.

The powder does not clog the pores and cause blackheads if removed at night by cream or by washing the face. In fact it really acts as protection, or covering against biting winds and direct rays of the sun. The foundation lotion or cream prevents the powder from coming off and gives the skin a softer and more velvety sheen.

During the day if you wish to freshen your appearance, lie down for a short period, if you have time, close the eyes and relax every muscle in your body. Fall asleep if you can. On awakening take a short, hot bath finishing with a dash of cold water. Rub with a crash towel until the whole body is glowing from the friction.

Put some fresh lotion on your face and remove excess with a soft towel. Breathe in all the air that your lungs will hold. Attempt to expel it with resistance. The cheeks will puff out, the lungs and throat become tense, and the blood will race through the body, causing the cheeks to flush with the glow of health. When you are slowly letting out the breath while resisting, tap the face, neck and throat with the fingers playing a sharp rat a tap, tap, on the tensed muscles.

Now put on your powder and other make up that you choose; you will not only feel alive and rested, you will look as fresh as when you started out in the morning after a refreshing night's sleep and a good breakfast.

Hertford PTA Meet Held Thursday Night

Hertford Grammar School PTA met in the school auditorium on Thursday night, January 15. After the call to order the following reports were made: Playground equipment has been ordered through Hertford Hardware Company who will give the PTA a discount. Major Loomis lumber mill has furnished wood for seesaws, bicycle rack and basketball goals.

The balls purchased are in daily use and much appreciated. Committee chairman Mrs. Corbin Dozier. The report on raising money for Mr. Ainsworth's salary was made. It is hoped that each of the organizations participating will raise its quota so that band lessons can be furnished free to all school children who are interested. A suggestion was made to request help from the P.C.C.G.S. in this matter.

A vote of thanks was sent to Mrs. Oliver for the delightful dance review presented by her Norfolk pupils for the benefit of the PTA. A telegram was sent to the legislature urging further raise in teachers salary schedule.

The program for the evening was presented by Mrs. Charles Johnson. Mrs. T. P. Brinn made a talk on introducing the Arts to Pre-School Children. She stressed the value of beginning, art training, by looking at the world through the eyes and senses of the child, making small home experiences in appreciation become real by child participation.

Mrs. Silas Whedbee made a talk on the Book Friends of Children. She showed how a book once read is like a new friend—every successive reading becoming a meeting with an old friend. Every child gains something from each book he reads and these bits of knowledge become a part of his educational background.

The next meeting of this unit of PTA will be on February 13 and may take the form of a Valentine party.

WCS Executive Board Holds Dinner Meeting

The executive board of the Women's Society of Christian Service of the Hertford Methodist Church held a supper meeting at the Hotel Hertford Thursday, January 15. Mrs. C. O. Fowler presided. Mrs. Lawrence Towe had charge of the table decorations. Mrs. D. L. Fouts led in songs of fellowship.

After the supper an officers' training program was conducted with Mrs. Fowler and Mrs. Fouts officiating. Twenty-seven members attended, and two guests of honor, Mrs. Sarah White and Mrs. Mattie Toms White.

To a deer above sheep God gives wind to measure.

—Herbert.

CLASSIFIED AND LEGAL NOTICES

FOR SALE—ONE YOUNG HORSE, one riding cultivator and trailer. See Carroll V. Ward, Belvidere, N. C. Jan 23

SALESMEN WANTED—YOU ARE looking for better work and larger income. A Rawleigh business is available for you if you can qualify. A postal card request will bring you full details without obligation. You then study and decide. Write Rawleigh's, Dept. NCA-520-222, Richmond, Va.

HOUSE FOR SALE OR RENT IN Woodland Circle, House No. 2, Apply C. R. Satterfield, Edenton, N. C. Jan 16-17

NOTICE OF SALE

Pursuant to the terms of that certain Deed of Trust made by H. C. West and Virginia West, his wife, to the undersigned Trustee, bearing date on the 7th day of May, 1946, and duly of record in the office of the Register of Deeds for Perquimans County, North Carolina, in Book 24, on page 329, default having been made in the payment of the indebtedness thereby secured as therein provided, and at the request of the holder of said indebtedness I shall offer for sale, at public auction, for cash, on February 21, 1948, at the hour of 12:00 o'clock noon, at the court house door of Perquimans County, North Carolina, in the Town of Hertford, the following described real estate:

All that certain tract of land generally known as the "Martin Tract", the same being the H. C. West home place and containing 48.76 acres according to the survey of David Cox, Jr., made February 26, 1928, and bounded on the North by the "John Turner Tract"; on the East by the "Hattie Smith and Mrs. George Wood tracts"; on the South by the U. S. Highway No. 17, leading from Woodville to Hertford; on the West by the county road leading from "Martin Fork" to Chapanoke. For other and more definite description reference is hereby made to deed from Eula M. Morgan and her husband, T. E. Morgan, to H. C. West, dated September 2, 1922, and recorded on Deed Book No. 14, page 458, in the Public Registry of Perquimans County.

Dated and posted this, the 14th day of January, 1948.

S. B. JORDAN, Trustee.

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove metabolic wastes and other waste products that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, crampy or too frequent urination sometimes warn that something is wrong. You may suffer nagging headaches, dizziness, stiffness, rheumatic pains, getting up at night to urinate, etc. Dean's will stimulate the function of the kidneys and help them to "wash out" poisonous waste from the blood. They contain nothing harmful. Good Doctor, use with confidence. At all drug stores.

DOANS PILLS

PLAN
for your
telephone

If you are building a new home, be sure to provide for built-in telephone facilities. Telephone conduits, inexpensive and easy to install during construction or remodeling, will conceal telephone wires within walls and carry them to neat handy outlets. We will be happy to help you plan.

THE NORFOLK & CAROLINA TELEPHONE & TELEGRAPH COMPANY

- You gain three ways . . .
1. You get Goodyear non-skid traction for safer driving on wet, slippery roads.
2. You get more mileage. Tires go farther when started in service while roads are cool.
3. 90% of all tire trouble occurs in the last 10% of tire life. We'll buy the last 10%.
