## Post Office Changes Being Made This Week

Hertford's Post Office is getting rearranged this week. Workmen began the task of cutting down the size of the lobby of the local office, thus enlarging the working quarters of the Post Office employees.

Plans for the renovations call for the stamp and money order windows to be placed parallel with the mail boxes, thus allowing for considerable more room for working and handling of the mails. The change will cut out a greater portion of the lobby and waiting room of the Post Office.
