Friendly headquarters for your children's 'growing' needs!

TODAY it's bandages and antiseptics. Yesterday it was medicine ordered by your doctor for childhood ills. And before that—baby oil, bottles and nipples, special infant foods...

Just imagine what child-raising would be like if you didn't have your drug store to turn to!

When you reflect on the varied nature of the prescriptions your pharmacist is equipped to fill—and all the times you have depended on his services—you realize how essential he is to your family's health.

And when you consider the timesaving convenience the drug store offers... no wonder today's busy parents rely on it for so many of their "growing" needs!

They like the pleasant, professional atmosphere of the store. And they like the pharmacist himself—a friendly, warm-hearted man of science, whose spirit of service is an American tradition.

Get better acquainted with your pharmacist. Trade with him—he's a man you can rely on.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.
