TELEVISION

Is coming into its own in the Albemarle area. Test patterns now being sent out by the Norfolk TV station are being received in Perquimans County perfectly, and without flaw. In view of the above, we wish to remind our customers and friends of our sales and service policy.

TV Sets Are Becoming More Scarce

Demands for TV sets in recent weeks have grown to the point that the demand is exceeding the supply in standard makes. We strongly urge our customers to place orders now for TV sets desired in order to assure installation at the earliest possible date. We are authorized agents for several leading manufacturers.

OUR SERVICE POLICY

It is our belief that with the opening of the Norfolk TV station on April 1, the demand for TV service will be so great that we will be unable to install or service any TV set not purchased from us.
