FRIDAY, DECEMBER 1, 1950

The United States, in its effort to help other peoples, has demonstrated the most amazing generosity to be found in all history.

The race will be intelligent when a smart student can expect one-tenth of the education that is developed for a good halfback.

There is no reason why individuals should pay heavier taxes that does not make it reasonable for corporate enterprise to pay t. t.

We are a bit wary of the public character who seeks to stir up distrust between farmers and laborers; these groups should stand together.

Man has developed some wonderful machines but the insects, birds and animals, in general, seem to get along with what nature gave them.

Cost Of Price Support Small

In 1933, the Government of the United States began its farm price support program. There have been many statements made as to the great cost of this "subsidy" to farmers but, as a matter of fact, the program has cost the Government very little money.

Figures released by the Department of Agriculture show that the actual cost has been \$517,614,000, or an average of only \$31,400,000 a year. Besides this amount, already written off as a loss, the Government has \$4,039,477,000 tied up in loans, inventories and crop purchase contracts. A reserve, to meet possible losses from these "investments," is \$620,724,000.

In looking over the record of sixteen years, one should not lose sight of the fact that the bill for farm price supports has increased in the past few years. In 1947, for example, the net loss was \$71,895,000. In the previous five years, the average was \$25,118,000 annually. In 1948 and 1949, however, the losses were \$125,357,000 and \$254,762,000, respectively.

It might be well to determine just how the Government lost their money, or, at least, the crops that have been the source of losses. Potatoes, supported since 1933, account for a loss of \$366,533,000. Because of this fact, many Congressmen, interested in protecting public confidence in the price support plan, have urged the adoption of some new method in connection with potatoes.

The Government has lost \$90,953,000 on wool, \$61,427,000 on peanuts, \$48,833,000 on corn, \$45,276,000 on wheat and \$41,122,000 on eggs. The record is not one altogether of losses, however, because the Government has netted a profit of \$236,697,000 in supporting the price of domestic cotton.

To understand the loss sustained in the support of potato prices, one should note that in the fiscal year 1949, the Government lost \$203,837,000 on potatoes and less than \$14,000,000 on other crops under support. However, the support level on potatoes has been lowered and the loss, during the first nine months of the current fiscal year, was only \$27,522,000.

Something To Teach Young People

We are thoroughly convinced that the young people of Perquimans County should be taught the fundamental principles of their government. No chance should be taken that they grow up without learning to appreciate the vital factors which formed the basis of this Union.

We are somewhat afraid that native Americans take this for granted. Because they have been satisfied with their government, and because they understand the theories of our governmental system, they just suppose that all youngsters will, somehow, inherit a reverence for, and an understanding of popular government as it was planned for this country.

The duties of a man or a woman as a voter should be carefully impressed upon all. Too often there is a tendency on the part of all of us to vote carelessly, if at all, and yet if our

government is to succeed permanently, it must rest, fundamentally, upon the belief that the average voter will be moved by sound, honest motives in casting his ballot. Are our young people being impressed with this truth?

Young people who aspire to public office some day should understand that public officials represent the people, that their deeds are supposed to be for the interest of the people and that their constant endeavor should be to serve the public interest as distinguished from their own, or a group, interest.

CLASS HOLDS BANQUET

The Judson Memorial Sunday School Class held its annual banquet at the Hotel Hertford on November 14. Each member was presented with a corsage of yellow chrysanthemums with lace fern and yellow ribbon as they entered. The dining room was decorated with autumn leaves, pumpkins and green candles using the class colors of green and gold.

Mrs. C. R. Vann, president, acted as toastmistress. Mrs. E. C. Woodard gave the invocation. The regular monthly business meeting was conducted at this time. Roll was called with 30 members and one visitor present. Minutes of last meeting were read and approved. Reports were given by the various committee chairmen.

Mrs. E. C. Woodard, fellowship chairman, was in charge of the program. The group joined in singing several old songs and "rounds" followed with selections by the "Upside-Down" quartet, accompanied by Mrs. R. C. David and her guitar. Mrs. J. A. Leete gave a humorous story and Mrs. David and a group of the members dressed as a hillbilly band and calling themselves "Trixie and Her Dixie Dudes" entertained with several selections with "Trixie" singing several solos.

A delicious turkey dinner with individual salads and pumpkin pie a la mode was enjoyed by all. The program concluded, the meeting was dismissed with prayer by Mrs. Warner Madre.

EPWORTH W. S. C. S.

The W. S. C. S. of Winfall M. E. Church held its regular monthly meeting at the home of Mrs. J. Van Roach, Tuesday evening, November 14.

The Devotional was given by Mrs. D. R. Trueblood, followed by the Meditation, also by Mrs. Trueblood. Mrs. Johnnie Lane gave the introduction of the lesson. Mrs. J. Van Roach gave a talk, followed by an interesting talk on what health centers are doing in this field of work by Miss Audrey Umphlette.

Mrs. J. L. DeLaney gave the Spiritual Life on Thanksgiving. The meeting was dismissed with prayer. There were thirteen members present, and three visitors, Mrs. Hazel Jackson of Elizabeth City, Mrs. J. C. Chaffin and Miss Audrey Umphlette. The hostess served delicious pecan pie and coffee.

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—helps the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
