"TWO WEEKS WITH LOVE"

Peanut Growers LET

Satterfield & Leary Bros.

SHELL YOUR SEED PEANUTS

We have two complete shelling units and can handle all types of Peanuts, as one machine is set up for Bunch Peanuts at all times. We have specialized in shelling Seed Peanuts for nine years and have made many improvements which we have learned by experience during this time. Mr. Satterfield, who has supervised the shelling the past nine years, will act in that capacity this season.

The Peanuts are graded before they are shelled. After shelling they are hand picked and when they leave our plant, they are ready for planting.

We have a warehouse with ample storage capacity and will be glad to store your Peanuts for you free of charge until you are ready to have them shelled.

We Have a Limited Supply of Seed Peanuts For Sale

We will be looking forward to seeing all our old customers and new ones will be welcome and appreciated.

Don't overlook the fact that an experienced operator can save you money.

Our plant is located on North Broad Street in front of the B.B.H. Chevrolet Motor Company, Edenton, N. C.
