

## Hertford Rotarians Near Highlights On Legislative Work

### C. R. Holmes, County Representative, Talks On G. A. Program

Representative C. R. Holmes was the guest speaker at the meeting of the Hertford Rotary Club held Tuesday night at the Hotel Hertford. Mr. Holmes spoke on the accomplishments of the 1951 General Assembly.

Opening his remarks with the statement that it is easy for outsiders to stand by and criticize the Legislature, it is his belief the General Assembly did a grand job.

Pointing out that a majority of the members of the 1951 Legislature were committed to promises to hold a line against increasing taxes, Mr. Holmes told of the work of the Appropriations Committee, which sat for hours each day for a period of eight weeks, listening to pleas for even greater appropriations than requested by the Advisory Budget Committee. The report on estimated income eased the burden of this work, he said, and permitted appropriations to be made to do a reasonable job for the State without raising taxes.

The greatest demands made the committee, Mr. Holmes reported, came from school teachers, who desired additional increases over a pay program favored by the General Assembly.

The Representative stated he had no apologies to make for taking the stand of holding the line on appropriations in order to halt the trend toward higher tax levies.

Continuing, Mr. Holmes reported the Legislature passed upon bills which provided all requests for State mental institutions, but did cut down on funds for construction of permanent improvements in State Buildings.

He then reported on the discussions and work conducted in connection with several state-wide bills which drew much attention during the legislative session and these included the famous fishing worm bill which was killed, the power bill, the Power bill and a measure which limits weight loads on secondary roads.

## Superior Court Adjourned Friday

In the case of Gilbert Eure, Jr., charged with driving drunk, the jury returned a verdict of not guilty and the defendant was released.

Five divorce actions were heard by the Court on Thursday and divorces granted in each of the actions.

Solider Walter Nelson continued five cases until the next term of court. In a hearing, just before the adjournment of court, Judge Morris ordered the action of Charles Nelson vs. W. O. Hunter, be dropped on the extra calendar and dismissed upon the grounds that the defendant had failed to comply with an appeal from a Justice of Peace Court, and ruled the defendant must comply with the judgment of the lower court.
