

**Educational Unit To Meet May 3rd**

Former members of the Perquimans County Board of Education will be honored guests at a dinner meeting of the Perquimans unit of the National Education Association, to be given jointly with the Board of Education, at Perquimans High School on Thursday, May 3. The meeting will start at 7 o'clock.

Present members of the school committees of the county will also be guests at the meeting.

The present Board of Education will have charge of the program to be presented during the evening.

A feature of the program will be the presentation of certificates of service to all past members of the County Board.

**30 Year Fence Posts**  
Yes—we are now Authorized Dealers for these popular fence posts—the posts that have an average life of 30 years. And we are handling these posts, because we are convinced that they give you the most for your money—in every way.  
They are made from straight, sound wood—wood that has been properly seasoned, then pressure-treated (not merely dipped) with creosote. This pressure-treatment protects posts against termites and decay... makes them last and last. And these posts keep original size and strength at ground line; so you can replace larger untreated posts with smaller treated posts. As for appearance, these posts really dress up your property.  
Stop in and talk it over. We'll explain how much money you can save, and how much work you can avoid by setting Koppers Long-Life Fence Posts.
